2. whether the agency has demonstrated (or can no longer demonstrate) an ability to responsibly handle a higher DPA in accordance with Office of State Procurement policy, guidance and directions; and
3. whether the agency has adequate resources and personnel (or no longer has adequate resources and personnel) to comply with all requirements of the Procurement Code and other applicable provisions of law.

C. Any contract for professional, personal, consulting or social services, or for complex, IT or major repairs, entered into by an agency pursuant to its assigned DPA must be:

AUTHORITY NOTE: Promulgated in accordance with R.S. 39:1566.
§5307. Special Delegation of Procurement Authority; Master List of Special DPAs

A. Special DPA. A DPA set by the Office of State Procurement above the Standard DPA for purchases and/or contracts, or a DPA set below the Standard DPA for purchases and/or contracts, shall be referred to as a “Special DPA.”

1. An agency or department head may present a request to the State Chief Procurement Officer for a special DPA under the categories of “purchases” and/or “contracts” or for specific items or categories of purchases or contracts.

3. Any special DPA may place additional or specific allowances or conditions upon purchasing or contracting by an agency.

4. Procedures to Approve Brand Name, LaMAS and Multi-State Cooperative Contracts—PPM 57 (LAC 4:V.Chapter 55)

Title 4
ADMINISTRATION

Part V. Policy and Procedure Memoranda
Chapter 55. Procedures to Approve Brand Name, LaMAS and Multi-State Cooperative Contracts—PPM Number 57

§5501. Purpose

A. The purpose of this Policy and Procedure Memorandum is to ensure that consistent procedures under LAC 34:V.1709—Use of Brand Name, LaMAS (Louisiana Multiple Award Schedule), and Multi-State Cooperative Contracts—are followed in the establishment and use of contracts accepted as Louisiana Price Schedules (LaPS).

AUTHORITY NOTE: Promulgated in accordance with R.S. 39:1561.

HISTORICAL NOTE: Promulgated by the Office of the Governor, Division of Administration, Office of State Procurement, LR 42:3 (January 2016).

§5503. Brand Name Contracts

A. Definition. Brand Name refers to a particular commodity type or types by specific name. The Office of State Procurement will consider establishing a brand name contract where there is a valid business case and a sufficient state interest to create the contract and there is no existing Louisiana statewide competitive contract for the brand or for substantially the same commodity regardless of brand name.

A brand name contract may be treated as a statewide contract and/or as a cooperative contract.

B. Procedure to Establish. A brand name contract may be solicited within the discretion of the Office of State Procurement if:

1. the commodity manufacturer or national supplier (or local distributor or representative) provides a minimum of three letters from three separate state or local government agencies designating a legitimate need for the commodity and their intent to purchase or rent the commodity if placed on contract;
2. the letters must specify the specific items, models or types to be purchased (where applicable) and the anticipated annual usage per item, model or type. The Office of State Procurement may require any additional information necessary in order to carry out a cost/benefit analysis of establishing the subject brand on a brand name contract; 
3. if the brand name commodity or commodities are accepted, then the Office of State Procurement will competitively solicit any and all Louisiana vendors and distributors capable of providing the brand name commodity and will award a brand name contract by lowest price available. The solicitation will comply with law and rules related to Invitations to Bid; 
4. nothing shall prevent the Office of State Procurement from negotiating additional reductions or discounts to a bid price, a price list or a manufacturer’s price list submitted; 
5. any vendor or distributor properly authorized by the manufacturer or distributor of the commodity, and which is capable of selling the brand name commodity at the established contract price, may be allowed by the Office of State Procurement to participate as a state vendor of the brand name commodity under the same terms and conditions established in the name brand contract; 
6. where a brand name commodity is offered by the state as a cooperative contract, nothing shall prohibit the State from negotiating or collecting administrative fees or rebates described in PPM 54 from each vendor or supplier; 
7. nothing herein shall require the Office of State Procurement to renew or to re-solicit a brand name contract upon its expiration or termination, or, if renewed, to requalify a particular vendor as a state vendor of the brand name commodity. The Office of State Procurement may accept or limit additions to brand name contracts, vendor changes, price reductions or item deletions at any time during the contract period. Price increases will be considered only when provided for in the state’s contract terms and conditions established in the name brand contract; 

AUTHORITY NOTE: Promulgated in accordance with R.S. 39:1561.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of State Procurement, LR 42:4 (January 2016).

### §5507. Multi-State Cooperative Contracts

**A. Definition.** A *Multi-State Cooperative Contract* is a contract which has been competitively solicited by the Office of State Procurement, or through a public procurement unit or external procurement activity as defined in R.S. 39:1702, utilizing a process which substantially complies with Louisiana’s Request for Proposals process, and which may be offered for use to state, local governmental and federal entities inside of or outside of Louisiana.

**B. Procedures to Establish.** A Multi-State Cooperative Contract is established by:

1. Administration. A multi-state cooperative contract is administered by the Office of State Procurement where it conducts a statewide competitive solicitation which results in a statewide contract.

2. Sponsorship. A multi-state cooperative contract is sponsored by the Office of State Procurement when a solicitation and subsequent contract is developed in whole or in part by a separate public procurement unit or units or external procurement activities, and

   a. the Office of State Procurement agrees that the competitive solicitation will be posted and advertised by State Procurement in compliance with the Louisiana’s procurement laws, and

   b. the resulting contract will be endorsed as a statewide contract upon it being determined by the Office of State Procurement that the solicitation and the resulting contract substantially complied with the Louisiana Procurement Code including rules, regulations and policy adopted by the Office of State Procurement.

3. Participation. The Office of State Procurement participates in a multi-state cooperative contract where a
competitive solicitation and subsequent contract is wholly developed by a local public procurement unit or units or through an external procurement activity, and the Office of State Procurement subsequently signs a participation agreement with the sponsor, administrator or vendor awarded a contract. The Office of State Procurement will consider participating in a multi-state cooperative contract where there is a valid business case and a sufficient state interest to participate in the contract and there is no existing Louisiana statewide competitive contract for the same commodity or service.

a. The Office of State Procurement may allow any state agency or local government unit to buy from a multi-state cooperative contract it has agreed to participate in where the purchase by a state agency or local government unit is considered a small purchase.

b. The Office of State Procurement may adopt as a statewide cooperative contract any multi-state cooperative contract it agrees to participate in where the Office of State Procurement posts and advertises its intent to utilize the contract as a statewide cooperative available to all or to select state or local government agencies in the same manner as a Request for Proposals solicitation is required to be posted and advertised, and no vendor responds to the posting and advertising with a proposal which describes how the vendor, or similarly situated vendors, can surpass the price, terms or conditions of the contract.

c. If a credible response to the posting and advertising is received, then the contract should not be adopted as a statewide cooperative contract and the Office of State Procurement should proceed to post and advertise its own solicitation for the desired commodities or services unless other compelling circumstances exist. Compelling circumstances include, but are not limited to:

i. the need to establish a pilot program with one or more state agencies to investigate, study or review the efficacy of new or innovative procurement methods;

ii. the State faces a situation where a needed or required commodity or service will be unavailable until a competitive solicitation and contract can be developed; or

iii. the opportunity of the State to recognize immediate and provable savings on needed or required commodities or services would be lost.

d. Participation in a multi-state cooperative contract based on compelling circumstances should be of limited duration until such time as the Office of State Procurement can adequately sponsor or administer a multi-state cooperative or statewide contract.

C. In addition to any administrative fee negotiated on behalf of the Office of State Procurement pursuant to PPM 54, the Office of State Procurement may allow a separate public procurement unit or units which developed a solicitation and subsequent multi-state cooperative contract which the State participates in to collect an administrative fee from vendors based on the gross sales under the contract designed to reimburse actual costs incurred per the terms and conditions of the solicitation and contract.

AUTHORITY NOTE: Promulgated in accordance with R.S. 39:1561.

Horticulture and Quarantine Programs
Xyloporosis (LAC 7:XV.127)

In accordance with the emergency provisions of the Administrative Procedure Act, R.S. 49:953(B), and the authority of the state entomologist pursuant to R.S. 3:1652, and in order to avoid a lapse in coverage until a permanent rule is in effect, notice is hereby given that Department of Agriculture and Forestry is adopting this emergency regulation differentiating between two strains of xyloporosis for citrus nursery stock.

The reason for the Emergency Rule is that new information has been found about the disease xyloporosis. Xyloporosis is synonymous with the names cachexia and hop stunt viroid. These three names were all named for the same disease, but at different times in the last 80 years. As technology became more advanced, PCR testing showed that all three diseases were actually the same disease. The name cachexia is the name that is most commonly used today.

There are two strains of cachexia. One strain infects citrus but is symptomless and it is called non-cachexia variant. The other strain also infects citrus which causes the disease cachexia (or xyloporosis). That strain is called cachexia virulent. Our regulations restrict movement of citrus nursery stock unless it is found free of xyloporosis (along with CTV, psorosis, and exocortis) but, it does not specify between non-cachexia and cachexia. The new regulation differentiates between the two strains of xyloporosis.

Citrus ships into Louisiana beginning in January. If the Emergency Rule differentiating between the two strains of cachexia is not in place, citrus which is free from the strain which causes xyloporosis will be prohibited from being shipped into Louisiana, resulting in a loss of business for citrus nursery growers.

This Rule shall have the force and effect of law effective December 31, 2015 and will remain in effect 120 days, unless renewed by the commissioner of Agriculture and Forestry or until permanent rules are promulgated in accordance with law.

DECLARATION OF EMERGENCY

Department of Children and Family Services
Economic Stability Section

Supplemental Nutritional Assistance Program (SNAP) (LAC 67:III.1942)

The Department of Children and Family Services (DCFS), Economic Stability, has exercised the emergency provision of the Administrative Procedure Act, R.S. 49:953(B) to repeal LAC 67:III, Subpart 3, Supplemental Nutritional Assistance Program (SNAP), Chapter 19, Certification of Eligible Households, Subchapter G, Work Requirements, Section 1942, Workforce Training and Education Pilot Initiative. This declaration is necessary to extend the original Emergency Rule since it is effective for a maximum of 120 days and will expire before the final Rule takes effect. This Emergency Rule extension is effective on January 28, 2016 and will remain in effect until the final Rule becomes effective.

Pursuant to the authority granted to the department by the Food and Nutrition Services (FNS) and Act 622 of the 2014 Regular Session of the Louisiana Legislature, the department is repealing Section 1942 to terminate the Workforce Training and Education Pilot Initiative. The pilot initiative was established in Tangipahoa Parish for the purpose of enhancing workforce readiness and improving employment opportunities for SNAP recipients in that parish who are unemployed or underemployed able-bodied adults without dependents (ABAWDs). Unless exempt, these ABAWDs were required to either work an average of 20 hours per week or participate/comply with certain programs that enhance workforce readiness and improve employment for an average of 20 hours per week. Furthermore, the current ABAWD time limit waiver expires on September 30, 2015; therefore, ABAWDs statewide will be subject to the SNAP time limit.

The department considers emergency action necessary to terminate the pilot initiative. The authorization to promulgate Emergency Rules to facilitate the termination is

This Declaration of Emergency, effective October 13, 2015, is being extended beyond the initial period of 120 days and will remain in effect until the final Rule becomes effective.

In Spring 2015, Louisiana students in grades three through eight participated in English language arts and mathematics assessments aligned to Louisiana academic content standards. As required by state law (R.S. 17.24.4), these assessments allow for the comparison of the results of Louisiana students with that of students in other states. The proposed policy revisions update Bulletin 118—Statewide Assessment Standards and Practices, to include such adequate test scores (achievement standards) for the assessments administered during the 2014-2015 school year in grades three through eight in English language arts and mathematics. Additional revisions remove outdated provisions throughout the bulletin. In order to expedite the release of student and school assessment results to parents and educators, BESE has exercised the emergency provision in the adoption of these policy revisions.

Cessation of Activities on Levees and Flood Control Structures (LAC 4:VII.2701)

Pursuant to R.S. 49:214.3.1(A)(2), 49:214.3.1(B)(1)(k), and 49:214.5.2, the CPRA Board has adopted an Emergency Rule to control all activity on coastal area levees due to the dangerous flood conditions of the Mississippi River and tributaries. The CPRA Board requests the public’s cooperation and assistance regarding respect of the levee system and this Emergency Rule.
Title 4
ADMINISTRATION
Part VII. Governor’s Office
Chapter 27. Coastal Protection and Restoration Authority
§2701. Restricted Use During Emergency.
A. Purpose. Activities on and in the vicinity of riverine levees, flood control levees, and other flood control structures can impact the soundness and effectiveness of those levees and flood control structures. Threats are enhanced as river stages rise. Levee failure during high river stages can be catastrophic. The Mississippi River and its Tributaries (MR and T) have risen to dangerously high levels in recent days prompting a Declaration of Emergency by the Governor of Louisiana (Proclamation No. 205 BJ 2015), and currently pose real and present danger to life and property if levees and/or flood control structures are breached.
B. Effective Jurisdiction. These Emergency Prohibitions of Activities on Levees and Flood Control Structures will be effective and enforced for all Mississippi River and Tributaries (MR and T) projects, or a federal, state or local flood control structure that is or is designed to prevent or reduce flooding, including but not limited to all levees and flood control structures south of the Old River Control Structure, the Atchafalaya Basin and River, and any levee or flood control structure in the Coastal Area as defined in La. R.S. 49:214.2(4).
C. All pedestrian and vehicular traffic, including but not limited to, the driving and/or parking of vehicles, all-terrain vehicles, and mowing equipment, is prohibited within 300 feet of the levee centerline of the MR&T projects, or a federal, state or local flood control structure that is or is designed to prevent or reduce flooding except as provided in paragraph F. In addition, work of any nature within 300 feet of the levee centerline of the Mississippi River and Tributaries (MR and T) projects, or a federal, state or local flood control structure that is or is designed to prevent or reduce flooding (including but not limited to placement of dumpsters, heavy equipment, heavy machinery, heavy trucks and/or stockpiles of supplies of any significant weight (fuel tanks, piping, etc.), transport of heavy loads over the levee or disturbing the grass cover or seepage areas, all subsurface work within 1,500 feet of a MR&T levee, or a federal, state or local flood control structure that is or is designed to prevent or reduce flooding including but not limited to pile driving, digging, excavation, and trenching, and seismic surveys/demolition using explosives within 5,000 feet of any MR&T project, or a federal, state or local flood control project that is or is designed to prevent or reduce flooding is hereby prohibited during the declaration of emergency or until this Emergency Rule is rescinded. Temporary measures such as sandbags, gabion baskets, water-filled tubes or other temporary flood-fighting measures shall be subject to prohibitions on vehicular and pedestrian traffic and any activity that disturbs the performance of such measures, however, subsurface and permitting restrictions established herein shall not apply to such temporary structures.
D. No person shall tie or moor logs, rafts, boats, water craft, or floating objects of any description within 100 feet of the original toe of any levee (the original toe being that established when there is no water against the levee) or 180 feet from the centerline of the levee, whichever distance is further from the centerline of the levee, or, when the water is against the levees, tie or moor floating objects insecurely to mooring posts, revetments, trees or other stationary or supposedly stationary objects on the foreshore where they can be driven against the levees during windstorms or high water events.
E. Waivers to recognized, permitted and current businesses may be granted on a case by case basis, and are dependent on the surrounding surface and subsurface ground conditions in the vicinity of the proposed project or activity, the distance the project is away from the levee and the forecasted river stages. All applications for a waiver must provide a statement that the applicant agrees to hold harmless and indemnify the Coastal Protection and Restoration Authority Board, the Coastal Protection and Restoration Authority, levee districts and authorities, the state, or any employee or agent thereof for any and all liability arising out of the issuance or use of a waiver, including damage to any levee or flood protection structure. All waiver applications must include a copy of the applicant's existing permit and a detailed description of the activities for which a waiver is being requested. No waiver will be granted for subsurface work within 1,500 feet of a MR and T levee, hurricane protection project or a federal, state or local flood control project, and seismic surveys/demolition using explosives within 5,000 feet of any MR and T project, or a federal, state or local flood control project that is or is designed to prevent or reduce flooding. Requests for waivers shall be submitted to, the levee district of jurisdiction and:
Louisiana Coastal Protection and Restoration Authority, Operations Division, ATTN: Billy Wall, E., P.O. Box 44027, Baton Rouge, LA 70804, CPRAResquest@la.gov
F. The Coastal Protection and Restoration Board (CPRA) and the Coastal Protection and Restoration Authority (CPRA) recognize the historic nature of this high water event. In this regard, levee districts are permitted to coordinate with the U.S. Army Corps of Engineers, CPRA Board, CPRA, and other state and local law enforcement officials to establish limited viewing areas that have a full-time law enforcement presence when open to the public.
G. Authorization and Delegation. The Coastal Protection and Restoration Authority Board is authorized, in La. Revised Statutes title 49, section 214.5.2.A.(6), to establish procedures in accordance with the Administrative Procedure Act to enforce compliance with the comprehensive master and annual coastal protection plan as defined in R.S. 49:214 et seq. La. Revised Statutes title 49, section 214.5.6(D) provides that the "full police power of the state shall be exercised" by the CPRA Board and CPRA "to address the loss and devastation to the state and individuals arising from hurricanes, storm surges and flooding". It is further authorized in Revised Statutes Title 49, Section 214.5.2.A.(5), to delegate any of its powers, duties and functions to the executive director of the Coastal Protection and Restoration Authority, and to state agencies and political subdivisions, including flood protection authorities or levee districts. This emergency regulation is enacted in furtherance of that authority. R.S. 29:724 authorizes the issuance of executive orders, proclamations and regulations in times of emergency. This regulation is promulgated in conjunction with the Governor’s Declaration of Emergency.
(Proclamation No. 205 BJ 2015) pertaining to the imminent threat of flooding of the Mississippi River and its tributaries. H. Construction with Other Statutes, Ordinances and Regulations. To the extent any local ordinance, rule, regulation, and/or permitting requirement of a local governing body conflicts with the provisions of this regulation, this regulation shall control. However, nothing in this regulation shall be construed to supplant or override any local ordinance, rule, regulation, and/or permitting requirement that provides for a more stringent or restrictive limitation on use of a levee, hurricane protection project or a federal, state or local flood control project, and nothing shall be construed to prevent the simultaneous enforcement of this regulation and a consistent local prohibition or limitation. This regulation will not be construed to override existing limitations on use of levees, hurricane protection projects or federal, state or local flood control projects, including, but not limited to, the provisions of R.S. 38:213 (restricting riding or hauling on levees), La. R.S. 38:225, R.S. 38:226 or to interfere in any way with other statutory prohibitions of a more general nature, such as the trespass prohibitions found in Title 14 of the Louisiana Revised Statutes, all of which may be enforced simultaneously with this regulation. I. Effectiveness. Except as noted in the following sentence, this emergency regulation is effective as of 5 p.m., December 30, 2015, and shall expire on the earlier of its expiration date as provided by statute (R.S. 49:954), or upon the lifting by the Governor of the Declaration of Emergency set forth in Proclamation No. 205 BJ 2015. This regulation shall become effective as to established and permitted commercial businesses operating within an area affected by this regulation 72 hours after the effective date and time of this regulation (as noted in the prior sentence), provided that if such permitted business has, prior to expiration of such 72 hour period, applied for a waiver as set forth above in Subsection D of this regulation, such waiver application shall act as a temporary waiver permit until CPRA has taken action on that business’s waiver request. J. Enforcement. The CPRA Board, CPRA, levee districts as well as all other state and local law enforcement officials are hereby authorized to enforce the provisions of this regulation. K. Fees, Fines and Penalties. Violators of this regulation shall be subject to a civil fine imposed by the Coastal Protection and Restoration Authority of up to $10,000 for each violation. Second and any subsequent violations shall be subject to a civil fine of up to $20,000 for each violation. Violators shall also be subject to the provisions of R.S. 29:724(E) which provides for up to $500 and six months in jail for violations of rules or regulations promulgated in conjunction with a Declaration of Emergency by the governor. Further, nothing in this regulation is intended to interfere with or prohibit the imposition of other applicable fines and penalties provided by other statutes and regulations in addition to those imposed by this regulation.

L. Non-interference with Official Duties. This regulation shall not be construed to restrict the proper officers of the state or of any levee district or parish or the federal government and the employees and agents of such governmental entities while in the performance of their duty in inspecting, guarding, or repairing the levees or flood control projects.

(LAC 50:V.959, 2709 and 2903)

The Department of Health and Hospitals, Bureau of Health Services Financing amends LAC 50:V.959, §2709 and §2903 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing amended the provisions governing the reimbursement methodology for inpatient hospital services in order to provide supplemental Medicaid payments to non-rural, non-state acute care hospitals that enter into a cooperative endeavor agreement with the department to provide inpatient psychiatric services (Louisiana Register, Volume 39, Number 2). The department amended the provisions governing disproportionate share hospital (DSH) payments to non-state distinct part psychiatric units that enter into a cooperative endeavor agreement with the department’s Office of Behavioral Health (Louisiana Register, Volume 39, Number 3).

As a result of a budgetary shortfall in state fiscal year 2016, the department promulgated an Emergency Rule which amended the provisions governing DSH payments to reduce the payments made to non-rural, non-state acute care hospitals for inpatient psychiatric services (Louisiana Register, Volume 41, Number 10). The department has now determined that it is necessary to amend the provisions of the October 1, 2015 Emergency Rule in order to revise these provisions and to correct the formatting of these provisions to assure that these provisions are promulgated in a clear and concise manner in the Louisiana Administrative Code (LAC). This action is being taken to avoid a budget deficit in the Medical Assistance Program. Effective January 20, 2016, the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions of the October 1, 2015 Emergency Rule governing disproportionate share hospital payments to reduce the payments made to non-rural, non-state acute care hospitals for inpatient psychiatric services.

(LAC 50:V.1703)

The Department of Health and Hospitals, Bureau of Health Services Financing amends LAC 50:V.1703 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing promulgated an Emergency Rule which amended the provisions governing inpatient hospital services to establish supplemental Medicaid payments to non-state owned hospitals in order to encourage them to take over the operation and management of state-owned and operated hospitals that have terminated or reduced services. Participating non-state owned hospitals shall enter into a cooperative endeavor agreement with the Department to support this public-provider partnership initiative (Louisiana Register, Volume 38, Number 11). The department promulgated an Emergency Rule which amended the provisions governing reimbursement for Medicaid payments for inpatient services provided by non-state owned major teaching hospitals participating in public-private partnerships which assume the provision of services that were previously delivered and terminated or reduced by a state owned and operated facility (Louisiana Register, Volume 39, Number 4). The department subsequently promulgated an Emergency Rule which amended the provisions governing the reimbursement methodology for inpatient services provided by non-state owned hospitals participating in public-private partnerships to establish payments for hospitals located in the Lafayette and New Orleans areas (Louisiana Register, Volume 39, Number 7).

The department promulgated an Emergency Rule which amended the provisions of the June 24, 2013 Emergency Rule governing inpatient hospital services to remove the provisions governing the cooperative endeavor agreements for Lafayette and New Orleans area hospitals as a result of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services’ disapproval of the corresponding State Plan Amendments (Louisiana Register, Volume 40, Number 6). This Emergency Rule is being promulgated to continue the provisions of the June 20, 2014 Emergency Rule. This action is being taken to promote the health and welfare of Medicaid recipients by maintaining recipient access to much needed hospital services.

Effective February 15, 2016, the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions governing the reimbursement methodology for inpatient hospital services provided by non-state owned hospitals participating in public-private partnerships.

Managed Care for Physical and Basic Behavioral Health
Non-Emergency Medical Transportation (LAC 50:1.3103)

The Department of Health and Hospitals, Bureau of Health Services Financing amends LAC 50:1.3103 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing amended the provisions governing managed care for physical and basic behavioral health in order to reflect the integration of specialized behavioral health services into Bayou Health as a result of the narrowing of the statewide management organization’s scope of service administration for certain behavioral health services (Louisiana Register, Volume 41, Number 11). The department now proposes to amend the provisions governing managed care for physical and basic behavioral health to provide clarification regarding the inclusion of non-emergency medical transportation services.

This action is being taken to avoid a budget deficit in the medical assistance program and to promote the health and welfare of Medicaid recipients by ensuring continued access to non-emergency medical transportation services. It is estimated that implementation of this Emergency Rule will reduce expenditures in the Medicaid Program by approximately $32,701 for state fiscal year 2015-2016. Effective January 1, 2016, the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions governing managed care for physical and basic behavioral health.

(LAC 50:XXIX.105 and Chapter 9)

The Department of Health and Hospitals, Bureau of Health Services Financing adopts LAC 50:XXIX.11 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing provides Medicaid coverage of prescription drugs through its Pharmacy Benefits Management Program. It is anticipated that this program will lower the net cost of brand drugs and the overall dollars spent on pharmacy benefits. The department promulgated an Emergency Rule to assure compliance with the technical requirements of R.S. 49:953, and to continue the provisions of the October 1, 2013 Emergency Rule governing the Pharmacy Benefits Management Program which established provisions for the Medicaid Program’s participation in The Optimal PDL Solution (TOP$) State Supplemental Rebate Agreement Program (Louisiana Register, Volume 40, Number 3). This Emergency Rule is being promulgated to continue the provisions of the February 22, 2014 Emergency Rule. This action is being taken to avoid a budget deficit in the medical assistance programs.

Effective February 18, 2016, the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions governing the Medicaid coverage of prescription drugs to establish provisions for participation in TOP$ State Supplemental Rebate Agreement Program.

Provider Synergies/Magellan Medicaid Administration will act on the department’s behalf to provide the necessary administration services relative to this agreement for the provision of state supplemental drug rebate contracting and preferred drug list administration services.

Partial Deer Hunting Season Closure

In accordance with the emergency provisions of R.S. 49:953 of the Administrative Procedure Act, and under authority of R.S. 56:497, which provides that the Wildlife and Fisheries Commission shall have the authority to open or close state outside waters to shrimping by zone each year as it deems appropriate and; may delegate to the Secretary of the Department of Wildlife and Fisheries this authority, the Wildlife and Fisheries Commission hereby authorizes the Secretary to close to shrimping all or parts of state outside waters where significant numbers of small, sublegal size white shrimp are found in biological samples conducted by the department and to reopen any area closed to shrimping when the closure is no longer necessary. The Commission also hereby authorizes the Secretary of the Department of Wildlife and Fisheries to open and close special shrimp seasons in any portion of state inside waters where such a season would not detrimentally impact developing brown shrimp populations following notification to the Chairman of the Wildlife and Fisheries Commission.

R.S. 56:498 provides that the possession count on saltwater white shrimp for each cargo lot shall average no more than 100 (whole specimens) count per pound except during the time period from October fifteenth through the third Monday in December. Historical data indicate that significant numbers of smaller size white shrimp occupy coastal lakes and bays migrate into these waters as water temperatures drop in conjunction with the onset of winter. This action is being taken to protect these small white shrimp and provide them the opportunity to grow to a larger and more valuable size. Notice of any opening, delaying or closing of a season by the secretary will be made by public notice at least 72 hours prior to such action.

Title 13
ECONOMIC DEVELOPMENT
Part I. Financial Incentive Programs
Chapter 33. Angel Investor Tax Credit
§3307. The Amount, Allocation and Limitations of the Angel Investor Tax Credits
A. The following rules shall be applicable to investments by accredited investors in Louisiana entrepreneurial businesses.
1. For calendar year 2011, the department will begin accepting applications on September 1 and for all other calendar years, the department will begin accepting applications on January 1. The allocation of credits for all years will be administered on a first come, first serve basis until the annual $5 million cap has been reached. However, on the day that the cap is reached, all applications received that day will be treated as received at the same time and the credits remaining for allocation that day will be prorated.
a. Upon receipt of an application for the reservation of credits, the department will send the business a reservation letter indicating the dollar amount of credits which their investors are entitled to receive if proof of investment can be shown.
b. Each business applicant will have to decide on their application if they are willing to accept a prorated credit amount should their application be received on the day the cap is reached. The business will also have to determine what percentage of proration they will accept. If the business does not indicate in their application a willingness to accept a prorated credit amount at the percentage of proration available on the day the cap is reached, their application will be deemed to have been received the day following the day in which the cap was reached.
c. Proof of investment must be provided to the department within 120 days from the date of the reservation letter. The department will accept the subscription agreement as required by the Securities and Exchange Commission as proof of investment.
d. If proof of investment in made within the requisite 120 day period, the department will issue a tax credit certification letter to the investor.
   i. The tax credit certification letter will include the investor’s name, address, Louisiana taxpayer identification number and the amount of the credit. The tax credit certification letter will include a breakdown of which years and in what amounts per year the credit will be claimed.
   ii. The Louisiana Department of Revenue will receive a copy of the tax credit certification letter for purposes of verification of the credits.
e. If proof of investment is not provided to the Department within the requisite 120 day period, the angel investor tax credits which had been reserved for that company’s investors will be added to the remaining available annual credit cap.
   i. Any returned reservation credits whose businesses could not provide proof of investment within 120 days, will be allocated when available on a first come, first serve basis until the annual $5 million cap has been reached. However, on the day that the cap is reached, all applications received that day will be treated as received at the same time and the credits remaining for allocation that day will be prorated. Returned reservation credits will be made available the sooner of:
      (a) the day returned reservation credits exceed the amount of credits requested in applications in line to receive credits the next day; or
      (b) the day all 120 day proof of investment periods have expired.
   ii. The timeline for proof of investment will be the same 120 day period as mentioned above.
g. A business who fails to provide proof of investment within 120 days will not be allowed to apply for angel investor credits again for a three month period. The three month period will begin on the day following the end of the 120 day period for proof of investment.
B. All applications for the reservation of credits shall be made on a form prescribed by the department. All applications for the reservation of credits shall be submitted to the department electronically to an email address specified by the department on its website. An application fee shall be submitted with all applications for reservation of credits. The application fee shall be equal to 0.5 percent (0.005) times the total anticipated tax incentive for the investors with a minimum application fee of $500 and a maximum application fee of $15,000, payable to Louisiana Department of Economic Development.
C. An investment earns tax credits in the calendar year in which the investment is made. The request for the reservation of credits for an investment must be made in the same year in which the investment is made. In order to earn credits under this program, an investment can be made no earlier than 30 days prior to the reservation of credits.

§1633. Definitions
A. The following terms shall have the meanings provided herein, unless the context clearly indicates otherwise.

* * *

Production Expenses—production expenditures in the state directly relating to and proportionate with work performed in Louisiana on a state-certified production. In qualifying submitted expenditures as production-related costs LED may determine whether such expenditures represent legitimate expenditures for the actual cost of related goods or services, having economic substance and a business purpose related to the certified production and not constructive dividends, self-dealing, inflated prices or similar transactions entered into for the purpose of inflating the amount of tax credits earned rather than for the benefit of the production. See §1641 for illustrative examples of expenditures commonly associated with sound recording production projects.

Related Party Transaction—a transaction between parties deemed to be related by common ownership or control under generally accepted auditing principles.

Resident—a person domiciled in the state. Proof of domicile may include, but not be limited to, a driver’s license issued by the state of Louisiana, or similar evidence which reasonably establish both identity and residency.

* * *
Series—a series of sound recordings occurring over a 12-month period may be considered for qualification. Illustrative examples of a permissible series include recordings made by a single artist or a singularly titled radio broadcast series. When determining eligibility the department shall consider common attributes, business purpose of the transactions and any other relevant factors. Combining multiple productions or recordings solely to achieve minimum spending requirements is not permitted.

* * *

AUTHORITY NOTE: Promulgated in accordance with R.S. 47:6023.

§1635. Rules of Application

A. The sound recording investor tax credit authorized by R.S. 47:6023(C) may be earned and claimed as follows.

There is authorized a credit against the state income tax for investments made in state-certified productions and state-certified sound recording infrastructure projects, which credit will be earned by investors at the time expenditures are certified by the Louisiana Department of Economic Development according to the total base investment certified for the sound recording production company per calendar year. No credit shall be allowed for any expenditures for which a credit was granted under R.S. 47:6007.

2. Applicants meeting the following criteria shall be eligible to receive tax credits as follows:

   b. for state-certified productions initially certified on and after July 1, 2015:
      i. 18 percent tax credit, if the total base investment is more than $15,000, or if a resident of this state, if the total base investment is more than $5,000.

3. - 6. ...

7. Application Fee. Applicants with project expenditures greater than $15,000 shall submit a $250 fee with each application. LED shall waive the application fee for applicants with project expenditures up to $15,000.

8. Expenditure Verification Report Fee. The department shall directly engage and assign a CPA to prepare an expenditure verification report on an applicant’s cost report of production or project expenditures. Applicants shall submit an advance deposit at the time of application, and shall later be assessed the department’s actual cost based upon an hourly rate not to exceed $250, in the amounts set forth below:

a. for applicants with project expenditures greater than $5,000 but less than $50,000, an advance deposit of $2,500, with a maximum fee of $5,000;

   c. any unused balance shall be refunded to the applicant within 60 days following receipt of CPA’s final invoice and payment of all CPA costs.

§1637. Certification

A. Initial Certification of State-Certified Productions

1. - 3. ...

4. The initial certification shall be effective for expenditures made no more than 12 months prior to the date of application and shall be valid until the project is complete.

B. Final Certification of Sound Recording Investor Tax Credits

1. Upon project completion, the applicant shall make a request to LED to proceed to final certification by submitting to the department a cost report of production expenditures to be formatted in accordance with instructions of the department. The applicant shall make all records related to the cost report available for inspection by the department and the CPA selected by the department to prepare the expenditure verification report. After review and investigation of the cost report, the CPA shall submit to the department an expenditure verification report. The department shall review such expenditures and shall issue a tax credit certification letter to the investors and the Louisiana Department of Revenue indicating the amount of tax credits certified for the state-certified production or state-certified infrastructure project.

1.a - 3. ...

4. Once certification of a project has been granted under the criteria established within this provision and pursuant to R.S. 47:6023, the granting of such credit will be based upon a first come, first serve basis of the approved cost report or audit and shall be set for a maximum aggregate amount not to exceed $2,160,000 during any calendar year. For purposes of this Section the applicant will be considered the investor.

5. - 6.c. ...

Chapter 5. CCAP Household Eligibility

§501. Certification of Household Eligibility for Participation in CCAP

A. The household in which a child in need of child care resides must be certified by the department as eligible for participation in the Child Care Assistance Program (CCAP) in order to have CCAP payments made to a child care provider for the care of the child. No CCAP payments may be made for care of the child until the household in which the child resides is certified by the department.

B. To be certified as a CCAP household, a household must meet all eligibility requirements set forth in this Chapter.

§503. Children Eligible for CCAP

A. A child is eligible for CCAP if the child:
1. is in need of child care;
2. is under age 13, or is age 13-17 and physically or mentally incapable of caring for himself or herself, as verified by a physician or certified psychologist, or by receipt of supplemental security income (SSI), or who is under court supervision;
3. customarily resides more than half the time with the person (head of household) who is applying for CCAP. A child is still considered to be residing with the head of household for up to six weeks of scheduled absences from the home or early learning center, if there are definite plans for the child to return to the home or early learning center;
4. is either a United States citizen or a qualified alien; and
5. is age-appropriately immunized according to the schedule of immunizations promulgated by DHH, Office of Public Health, or is in the process of receiving all age-appropriate immunizations, except that:
   a. no child is required to comply with this Subparagraph if the child or his or her parent submits a written statement from a physician indicating that immunizations are contraindicated for medical reasons, or if the child or his or her parent objects to the immunizations on religious grounds;
   b. verification of a child's age and immunization record may be waived for 90 days from the date the household is certified as eligible for participation in CCAP, if all members of the household meet the definition of homeless provided in §103, as long as all other eligibility requirements provided in this Section are met.

B. The department shall work with members of the Early Childhood Care and Education Advisory Council to develop a proposal related to the CCAP eligibility requirements and payments for children with special needs by March 2016.

§505. Households Categorically Eligible for CCAP

A. Households are categorically eligible for CCAP if they have household members who are:
1. recipients of Family Independence Temporary Assistance Program (FITAP) who are satisfactorily participating in the Strategies to Empower People (STEP) Program;

3. participate in the system designated by the department for capturing time and attendance, which may include finger imaging for the heads of household and household designees; and
4. be current on payment of CCAP co-payments to any current or former provider and provide documentation needed to verify that no co-payments are owed to any provider when:
   a. the household submits notice of a change in provider; and

§509. Certification Requirements for Non-Categorically Eligible Households

There is a six-month lifetime maximum for this exception.

c. Exception. If the number of children served drops below 12,500 and funding is available, the 30-hour training and/or employment requirement referenced in this Section may be reduced by the department until 12,500 children are being served.

§513. Prioritization of Funding
[Formerly §509]
A. Prioritization
1. Children of a STEP participant whose FITAP eligibility has been terminated due to earned income shall be given priority status with seats available for them as long as required and they meet the eligibility requirements provided in §509 and funding is available.

Children with special needs will be given priority status with seats available for them as long as they meet the eligibility requirements in either §507 or §509, whichever is applicable.
3. After all available slots are filled, a statewide waiting list of eligible households in eligible children shall be established and maintained. Households on the waitlist shall be classified based on priority and need. As seats become available, households will be released from the waiting list and considered for current eligibility.
B. The department has the authority to implement an application freeze based on the lack of available child care funds to operate CCAP.

a. the provider’s actual charge multiplied by authorized service days or authorized service hours; or

b. the number of hours the head of household, the head of household’s spouse or non-legal spouse, or MUP is working or attending a job training or educational program each week, plus one hour per day for travel to and from such activity; or
C. Non-Categorically Eligible Households

2. A non-categorically eligible household shall pay a portion of its monthly child care costs in accordance with the sliding fee scale, and this portion will be referred to as a “co-payment.”
3. Payments to providers on behalf of non-categorically eligible households will be a portion of the lesser of:
   a. the provider’s actual charge multiplied by the number of authorized service days or authorized service hours;
   b. the state maximum daily rate for CCAP care as provided in Subsection A.
D. Payment is made to the provider after the child care has been provided.
E. Payment may be made to more than one provider for the same child if the combined payment does not exceed the maximum allowable per child.
F. Absences
   1. Payment will not be made for absences of more than five days by a child in any calendar month or for an extended closure by a provider of more than five consecutive days in any calendar month.
   2. A day of closure, on a normal operating day for the provider, is counted as an absent day for the children in the provider’s care.
   3. If a child authorized for full-time care attends child care less than four hours in one day, the child will be counted as a half day absent and half the daily rate will be paid to the provider.
   4. No absences will be authorized for part-time care.
   5. In cases of federal, state, or locally declared emergency situations or other special circumstances, the department may waive these absence requirements.
G. Coverage
   1. Certification and the period of ineligibility imposed.
HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 41:2116 (October 2015), amended LR 42:45 (January 2016).
§519. Termination or Refusal of Renewal of Household Certification and Ineligibility Periods for Households
A. The department may terminate or refuse renewal of a household’s certification and impose a period of ineligibility on the household for program violations, which include but are not limited to the following acts by a member of the household:
   1. violation of any provision of this Chapter;
   2. any act of fraud, such as the submission of false or altered documents or information, intentionally making a false or misleading statement, or misrepresenting, concealing, or withholding relevant fact;
   3. failure to timely repay payment made to a provider on behalf of the ineligible household; or
   4. failure to make timely restitution.
B. When a household’s certification is terminated or renewal is refused, the department shall provide written notice to the household of the termination or denial of renewal, and of the household’s ineligibility period, which may be up to 24 months or permanently.
C. If a household’s certification is terminated or renewal is refused, the action shall become effective when the household is given written notice. The written notice shall give the reason for termination or refusal to renew certification and the period of ineligibility imposed.
§521. Recovery of Payments Made on Behalf of Ineligible Households
[Formerly §511]
A. All CCAP payments made on behalf of ineligible households are subject to action to recover the payments, with the exception of inadvertent household and administrative error claims in the amount of $125 or less for households who are not currently participating in CCAP.
B. Action will be taken to recover all payments made on behalf of:
   1. ineligible households that are currently participating in CCAP;

   3. any ineligible household resulting from errors that are discovered in a quality control review.
C. If a household does not timely repay ineligible payments made on its behalf, other than those exceptions provided in Subsection A of this Section, the department may refer such unrecovered payments to the Office of the Attorney General for collection, and the household owing the payments shall be assessed, and shall be required to pay, the additional collection fee assessed by the Office of the Attorney General.

§1502. Types of Permits

A. The board issues two types of permits for sedation and/or general anesthesia:

1. personal permits;
2. office permits.

B. In order for anyone to perform any type of sedation or general anesthesia beyond minimal sedation in conjunction with dental procedures in a dental office or in any facility in which dentistry is being performed, an office permit must have been issued by the board for that location, subject to the exceptions in R.S. 37:793(H). The office permit must be for the level of sedation or general anesthesia equal to or higher than the level to be performed. No office or personal permit is required for minimal sedation by means other than nitrous oxide inhalation.

C. In order to perform any type of sedation or general anesthesia beyond minimal sedation, or to perform nitrous oxide analgesia or sedation, a dentist must hold a personal permit equal to or higher than the level of sedation or general anesthesia to be performed. Additionally, in order to perform any type of moderate sedation or greater on children under the age of 13, the permit received by the dentist must have a pediatric certification as provided for in §1504.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 37:760(8).

**HISTORICAL NOTE:** Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:53 (January 2016).

§1503. Personal Permits for Sedation/Anesthesia

A. The board issues the following types of personal permits for sedation and/or general anesthesia, listed in order from lowest to highest level:

1. nitrous oxide inhalation permit;
2. moderate sedation with enteral drugs;
3. moderate sedation with parenteral drugs;
4. general anesthesia/deep sedation.

B. In order to receive a personal permit, the dentist must show proof of completion of a training program pertaining to the level of permit sought. The training program must have complied with the guidelines and policy statements published by the American Dental Association pertaining to training recommended for sedation and/or general anesthesia.

C. If the training program described in Subsection B of this Section was completed five years or more before the application for the personal permit is made, the board may, in its discretion, through the chairman of its anesthesia committee, issue the requested permit if the licensee has been legally and safely providing sedation/anesthesia at the level of the requested permit in another state since completing the program.

D. In addition to the requirements of Subsection B, in order to receive or renew any personal sedation/general anesthesia permit or a nitrous oxide analgesia/sedation
permit, the licensee must provide proof of current certification in cardiopulmonary resuscitation, course "C", basic life support for the health care provider as defined by the American Heart Association, or its equivalent.

E. In addition to the requirements of Subsections B and D, in order to receive or renew a personal moderate enteral sedation permit, a personal moderate parenteral sedation permit, or a personal deep sedation/general anesthesia permit, the licensee must provide proof of current certification in advanced cardiac life support as defined by the American Heart Association or its equivalent. The board will only accept an ACLS course which includes a practical component which is personally attended. If a dentist’s practice is restricted to treating only children, the certification in pediatric life support (PALS) described in §1503.A.4 will suffice as a substitute for ACLS.

F. Licensees who have received permits to administer sedation or anesthesia prior to the effective date of this Rule and whose permits are still valid are exempt from the training program requirements in Subsection B upon renewal of their permits.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:760(8).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:53 (January 2016).

§1504. Pediatric Certification for Personal Permits

A. In order to receive a pediatric certification for a personal permit:
1. a dentist shall have completed a pediatric or oral and maxillofacial surgery advanced education program accredited by the Commission on Dental Accreditation that provided training in the level of sedation allowed by the permit requested; or
2. in addition to completing the training requirements set forth in §1503, the dentist shall have completed an additional training course consisting of 8 hours of didactic pediatric sedation training specific to the level of the permit being sought and 10 cases of pediatric sedation involving the highest level of sedation allowed by the permit sought; or
3. the training program meeting the requirements set forth in §1503 was pediatric-specific;
4. in addition to the above requirements, in order to receive or renew a personal permit with a pediatric certification, the licensee must provide proof of current certification in pediatric life support (PALS), or its equivalent. The board will only accept a PALS course which includes a practical component which is personally attended. If a dentist’s practice is restricted to treating only children, the PALS certification will suffice as a substitute for the ACLS required in §1503.E. If a dentist’s practice is not restricted to treating only children, in order to receive a permit with a pediatric certification, both PALS and ACLS certifications are required.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:760(8).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:54 (January 2016).

§1505. Personal Permit Renewals

A. In order to renew any sedation/anesthesia permit that the licensee has had for at least two years other than a nitrous oxide inhalation permit, the licensee must have obtained six hours of continuing education on the administration of sedation specific to the highest level of sedation/anesthesia allowed by the permit being renewed or on medical emergencies associated with the administration of sedation/anesthesia specific to the highest level of sedation/anesthesia allowed by the permit being renewed during the two-year period of the permit. If the permit has a pediatric certification, in addition to the above stated requirements, the continuing education must be pediatric-specific. The CPR, ACLS, and PALS courses required in §§1503 and 1504 do not count toward the requirements set forth in this Section. This requirement can be counted toward the usual continuing education licensure requirements and can count toward the continuing education requirement in §1611.1 if it is personally attended.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:760(8).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:54 (January 2016).

§1506. Intranasal Midazolam

A. Although the intranasal route of administration of sedative agents is statutorily considered to be a parenteral technique of drug administration, licensees holding a personal permit for moderate sedation with enteral drugs may administer intranasal midazolam to accomplish moderate sedation without holding a personal permit for moderate sedation with parenteral drugs.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:760(8).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:54 (January 2016).

§1508. Oral Administration of Drugs for Sedation

A. Oral administration of drugs used to induce sedation beyond minimal sedation shall be performed on the dental premises only. Oral administration of drugs for sedation for children under the age of 13, regardless of the level of sedation targeted, shall be performed on the dental premises only.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:760(8).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:54 (January 2016).

§1509. Third-Party Sedation/Anesthesia

A. Sedation and/or general anesthesia may be performed in a dental office in conjunction with dental work when the dentist utilizes the services of a third-party Louisiana-licensed physician who specializes in anesthesiology, a third-party Louisiana-licensed certified registered nurse anesthetist, or an oral and maxillofacial surgeon who is permitted by the board to administer moderate sedation, deep sedation, and general anesthesia provided that the third-party anesthetist must remain on the premises of the dental facility until any patient given sedation is recovered.

B. In order to utilize a third-party to administer sedation and/or anesthesia as described in Subsection A, a dentist must obtain an office permit for each office location at which a third-party anesthetist will be administering sedation or anesthesia, subject to the exceptions in R.S. 37:793(H). This permit will only be issued after an office inspection by the board to assure that the office meets the minimum requirements for facilities, personnel and equipment for sedation/anesthesia procedures. Additionally, the dentist who is performing the dental work but not performing the sedation/general anesthesia must have current certification in advanced cardiac life support as defined by the American
Heart Association or its equivalent. The board will only accept an ACLS course which includes a practical component which is personally attended.
AUTHORITY NOTE: Promulgated in accordance with R.S. 37:760(8).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:54 (January 2016).

§1510. Moderate Sedation
A. In order to administer enteral or parenteral moderate sedation, the dentist shall:
1. comply with all requirements of this Chapter;
2. utilize a working pulse oximeter on patients;
3. maintain a proper record keeping mechanism in addition to a controlled substance log; and
4. utilize an accurate scale on pediatric patients (anyone under the age of 13).
B. Drugs for enteral moderate sedation must be administered in a dental office and the patient must be observed by a qualified office staff member with training and credentials to perform the specific tasks concomitant with the procedure being administered. For both enteral and parenteral moderate sedation, continuous monitoring with pulse oximetry must be initiated with early signs of moderate sedation and continued until the patient is alert. A precordial, pretracheal stethoscope must be available to assist intraoperatively in the monitoring of heart and respiratory rates. A sphygmomanometer shall be immediately available and utilized as needed throughout the procedure. Drugs for anxiolysis/minimal sedation in adults may be administered off premises prior to the dental procedure.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:760(8).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:55 (January 2016).

§1511. Required Facilities, Personnel and Equipment for Sedation Procedures
A. The following are minimum requirements for facilities and equipment that must be available for use with sedation procedures, other than minimal sedation by means other than nitrous oxide inhalation.
1. The dental operatory where sedation procedures are performed must be large enough to accommodate the patient adequately on a dental chair and to permit an operating team consisting of three individuals to move about the patient.
2. The dental chair must permit the patient to be positioned so that the operating team can maintain the airway, quickly alter the patient position in an emergency, and provide a firm platform for performing cardiopulmonary resuscitation should it become necessary.
3. There must be a lighting system which is adequate to permit evaluation of the patient's skin and mucosal color.
4. There must be suction equipment which permits aspiration of the oral and pharyngeal cavities. A back-up suction device which can operate at the time of a general power failure must be available for moderate and deep sedation procedures and for general anesthesia.
5. There must be an oxygen delivery system with adequate full-face masks and appropriate connectors capable of delivering a positive pressure oxygen supply to the patient.
6. Nitrous oxide equipment should:

   c. have a functional fail-safe system;
   d. utilize a scavenger system in working condition;
   e. be free of any obvious leaks, such as those indicated by hissing sounds or poor connections or tears of the delivery tubing or reservoir bag.
7. Ancillary equipment must be available in the operatory where the moderate sedation, deep sedation or general anesthesia procedure is being performed, must be maintained in good operating condition, and must include the following:
   a. oral airways;
   b. tonsillar or pharyngeal-type suction device adaptable to all office outlets;
   c. sphygmomanometer of appropriate size for the patient and stethoscope;

Further, the Department of Health and Hospitals, Board of Dentistry has amended LAC 46:XXXIII.903.

Chapter 8. Complaints, Investigation, and Informal Resolution

§801. Complaints and Investigation

A. Complaints to the board about licensees or about individuals practicing without a license must be in writing to be considered by the board, although the board president has discretion to accept an oral complaint. Complaints can come from any source, including but not limited to the general public, board members and governmental agencies or their contractors.

B. When a complaint is received by the board, the complaint is sent for investigation to a committee of one or more board members. This committee is called the Disciplinary Oversight Committee (hereinafter referred to as the “DOC”).

The DOC generally consists of three board members chosen by the executive director of the board, but may consist of as few as one member. The board member from the same district as the licensee being investigated is not eligible to serve on the DOC. The board president is also not eligible to serve on the DOC during his term.

C. If for any reason, through recusal or otherwise, there are not enough board members to form a three-person DOC, the board president may appoint any Louisiana-licensed dentists and/or hygienists to serve on the DOC. The only restriction on the licensees to be appointed is that their home address in the board records not be within the same board electoral district as the home address of the licensee being investigated, if the subject of the investigation is a licensee.

D. The board president has discretion regarding whether to request a response from the subject of the complaint prior to sending the complaint to the DOC. If a response is requested, the subject of the complaint shall be given a reasonable amount of time under the circumstances to respond, and if the subject of the complaint responds, the response, along with the complaint and/or a summary of the allegations, shall be sent to the DOC.

E. The subject of the complaint will be provided with a copy of the complaint if a response is requested of the subject of the complaint except in circumstances where the board president in his discretion feels that the complaint should not be provided or that the identity of the person or entity making the complaint should remain confidential.

F. The board president may choose to have some preliminary investigation done prior to sending the matter to the DOC. Generally, this would include, but is not limited to, obtaining patient records for the DOC to review.

G. The complaint, a response from the licensee if one is requested and received, and any investigative materials gathered by the board, are sent to each member of the DOC. Each member then reviews the materials and conducts any research that he feels is appropriate, then makes a recommendation on how he believes the board should proceed in the matter. The recommendation is provided by the DOC member to the executive director of the board. Once all of the recommendations from the DOC member(s) are received by the executive director, the executive director informs the board president of the recommendations. Taking the recommendations into consideration, the board president chooses a course of action for the board.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:760(8).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:56 (January 2016).

§803. Recommendations by the Disciplinary Oversight Committee (DOC)

A. If the subject of the complaint is a licensee or a former licensee, the recommendations of the Disciplinary Oversight Committee (“DOC”) can include, but are not limited to, any of the following:

1. send the licensee a letter of concern. This letter of concern is not considered a sanction; it is sent when there is
concern that there may have been a violation, but it is not clear that there has been a violation. The letter of concern is not made public, but is kept in the board records for future reference;

2. additional investigation by the board. If additional investigation is determined by the board president to be appropriate, then the board conducts additional investigation, after which the matter, along with the additional investigation materials, is sent back to the DOC for a second recommendation, which is again provided for determination to the board president;

3. informal resolution via correspondence. The licensee may, via correspondence, be offered an informal settlement of the matter;

4. informal dentist-to-dentist conference. The licensee may be offered the opportunity to meet with members of the DOC on an informal basis to discuss the allegations in the complaint;

5. formal adjudication. If formal adjudication is chosen, a new committee is formed to hear the charges against the licensee and formal charges are filed;

6. take no action against the licensee;

7. refer the complainant to the Louisiana Dental Association’s voluntary peer review program and take no action against the licensee;

8. ask a court for injunctive relief. If a former licensee is practicing without a license, this option is available;

9. refer to the authorities for criminal charges.

B. If the complaint is against a non-licensee who has never held a Louisiana license, the recommendations of the DOC can include, but are not limited to any of the following:

1. take no action against the subject of the complaint;

2. asking a court for injunctive relief;

3. refer to the authorities for criminal charges.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:760(8).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Board of Dentistry, LR 42:56 (January 2016).

§805. Informal Dentist-to-Dentist Meeting

A. If the investigative phase of matter the option of an informal dentist-to-dentist meeting is chosen by the board, the licensee shall be invited via a correspondence to the informal meeting to meet on an informal basis with the members of the DOC to discuss issues raised by the complaint.

B. The licensee has the option to make an electronic recording of the informal meeting. If the licensee chooses this option, the board is allowed to make its own recording. If the licensee does not choose this option, no recording is to be made. Only electronic recordings are allowed. Due to the informal nature of the meeting, a court reporter or transcriptionist is not allowed in the meeting.

C. The discussions that take place during the informal meeting shall not be used against the licensee if the matter later goes to a formal hearing, unless the licensee chooses the option of electronically recording the meeting, in which case the board will make its own copy of the meeting and will use anything said during the meeting at any subsequent formal proceeding.

D. The meeting is voluntary. The licensee is not required to attend.

E. The meeting is strictly dentist-to-dentist; only the licensee and the DOC members are eligible to be present in the room during the informal meeting.

F. Although only dentists are allowed in the room during the meeting, if the licensee wishes, at any time during the meeting, he may pause the meeting so he can consult his attorney, who is allowed to be present at the board during the meeting, or to call an attorney.

G. The DOC does not have the power to sanction the licensee. It only makes recommendations to the board about how to proceed. If the matter goes to a formal hearing, a second committee will be appointed. Only the second committee has the power to sanction. However, the board may attempt to negotiate a settlement with the licensee, which, if agreed to, becomes final and valid only after ratification by the full board. If the full board declines to ratify the settlement, the matter goes back to the DOC for further recommendations.

H. If the licensee and the DOC members negotiate a settlement, the licensee may, but will not be required to, sign the settlement on the same day as the informal meeting. The licensee will be allowed, if he chooses, to take a draft of the settlement home to think about it or to consult an attorney rather than to sign on the day of the informal meeting. If the licensee chooses the option of taking the draft home, he shall be granted at least three business days to consider the settlement offer.

I. If a negotiated settlement occurs during the informal meeting and the licensee is offered a consent decree to settle the matter, prior to the licensee signing the consent decree, the board shall turn over whatever evidence in its possession at the time that it would intend to put into evidence at a formal hearing, if there were to be a formal hearing.

J. If the matter is resolved, subject to board approval, through a consent decree negotiated at the informal meeting or as the result of the informal meeting, the consent decree is treated as a final action by the board, as set forth in R.S. 37:780(B), if ratified by the entire board.

K. If the matter is not resolved to the satisfaction of all parties at the informal meeting, or in the time period after the informal meeting that the licensee has been given to consider a proposed settlement, then, after the board member(s) assigned to conduct the informal meeting have reported to the president of the board, the latter may then determine whatever further action, if any, he deems necessary, including but not limited to formal adjudication.

Chapter 9. Formal Adjudication

§903. Initiation of Proceedings

A. - B. …

C. When determined by the president that a formal adjudication is warranted, the board president shall appoint a committee of three or more board members to hear and rule on the charges. This committee is referred to as the Disciplinary Committee, and no board member who served on the Disciplinary Oversight Committee during the investigatory phase of the matter being brought to formal
adjudication shall be eligible to serve on the Disciplinary Committee. The board president and any member of the board residing in the same board electoral district as the individual charged shall be ineligible to sit as a member of the Disciplinary Committee. The president shall appoint one member of the Disciplinary Committee to serve as its chairman.

D. If for any reason, through recusal or otherwise, there are not enough board members to form a three-person Disciplinary Committee, the board president may appoint any Louisiana licensed dentists and/or hygienists to serve on the Disciplinary Committee. The only restriction on the licensees to be appointed is that their home address in the board records not be within the same board electoral district as the home address of the licensee being investigated, if the subject of the investigation is a licensee.

The Department of Health and Hospitals, Bureau of Health Services Financing has adopted LAC 50:II.20029 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq.

Title 50
PUBLIC HEALTH—MEDICAL ASSISTANCE
Part II. Nursing Facilities
Subpart 5. Reimbursement

Chapter 200. Reimbursement Methodology
§20029. Supplemental Payments
A. Non-State Governmental Organization Nursing Facilities
1. Effective for dates of service on or after January 20, 2016, any nursing facility that is owned or operated by a non-state governmental organization (NSGO), and that has entered into an agreement with the department to participate, shall qualify for a Medicaid supplemental payment adjustment, in addition to the uniform Medicaid rates paid to nursing facilities. The only qualifying nursing facilities effective for January 20, 2016 are:
   a. Gueydan Memorial Guest Home;
   b. Lane Memorial Hospital Geriatric Long-Term Care (LTC);
   c. LaSalle Nursing Home;
   d. Natchitoches Parish Hospital LTC Unit; and
   e. St. Helena Parish Nursing Home.
2. The supplemental Medicaid payment to a non-state, government-owned or operated nursing facility shall not exceed the facility’s upper payment limit (UPL) pursuant to 42 CFR 447.272.
3. Payment Calculations. The Medicaid supplemental payment adjustment shall be calculated as follows. For each state fiscal year (SFY), the Medicaid supplemental payment shall be calculated as the difference between:
   a. the amount that the department reasonably estimates would have been paid to nursing facilities that are owned or operated by a NSGO using the Medicare resource utilization groups (RUGs) prospective payment system. For each Medicaid resident that is in a nursing facility on the last day of a calendar quarter, the minimum data set (MDS)
The Medicaid rate applicable to the Medicare RUGs system. The Medicare rate applicable to the Medicare RUGs adjusted by the Medicare geographic wage index, equals the Medicaid resident's estimated Medicare rate. A simple average Medicare rate is determined for each nursing facility by summing the estimated Medicare rate for each Medicaid resident in the facility and dividing by total Medicaid residents in the facility; and

b. the Medicaid per diem rate for nursing facilities that are owned or operated by a NSGO. The Medicaid rate shall be adjusted to include laboratory, radiology, and pharmacy services to account for program differences in services between Medicaid and Medicare. The statewide average of laboratory, radiology, and pharmacy services is calculated using Medicaid cost report data.

4. Each participating nursing facility’s upper payment limit (UPL) gap shall be determined as the difference between the estimated Medicare rate calculated in §20029.A.3.a and the adjusted Medicaid rate calculated in §20029.A.3.b.

a. Each facility's UPL gap is multiplied by the Medicaid days to arrive at its supplemental payment amount. Medicaid days are taken from the Medicaid cost report.

5. Frequency of Payments and Calculations

a. For each calendar quarter, an estimated interim supplemental payment will be calculated as described in this Section utilizing the latest Medicare RUGs and payment rates and Medicaid cost reports and available Medicaid payment rates. Payments will be made to each nursing facility that is owned or operated by a NSGO and that has entered into an agreement with the department to participate in the supplemental payment program.

b. Following the completion of the state's fiscal year, the final supplemental payment amount for the state fiscal year just ended will be calculated. These calculations will be based on the final Medicare RUGs and payment rates and the most recently reviewed Medicaid cost reports and Medicaid payment rates that cover the just ended state fiscal year period. The final supplemental payment calculations will be compared to the estimated interim supplemental payments, and the difference, if positive, will be paid to the NSGO, and if negative, collected from the NSGO.

6. No payment under this Section is dependent on any agreement or arrangement for provider or related entities to donate money or services to a governmental entity.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Bureau of Health Services Financing, LR 42:63 (January 2016).

Implementation of the provisions of this Rule may be contingent upon the approval of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS), if it is determined that submission to CMS for review and approval is required.

Limitation on Earnings (LAC 58:I.2513)

The Department of the Treasury, Board of Trustees of the Louisiana State Employees’ Retirement System (“LASERS”) has repealed LAC 58:I.2513 in its entirety. A review of the rule showed that it was repetitive and potentially confusing. Because the rule essentially duplicated the provisions of the statutory law enumerated in R.S. 11:221 concerning a limitation on earnings, a repeal of §2513 has streamlined and simplified LASERS disability rules.

(LAC 67:III.Chapter 73)

In accordance with the provisions of the Administrative Procedure Act R.S. 49:953(A), the Department of Children and Family Services (DCFS) proposes to repeal the Louisiana Administrative Code, Title 67, Part III, Subpart 21, Chapter 73, Sections 7301-7399.

The proposed Rule will repeal the child day care regulations under the Department of Children and Family Services due to the transfer of authority to the Louisiana Department of Education.

Pursuant to R.S. 17:407.32, the authority to license child care centers transferred from the Department of Children and Family Services to the Department of Education, effective October 1, 2014. Additionally, pursuant to R.S. 17:407.38, until such time as rules were promulgated by the Board of Elementary and Secondary Education to implement type I, type II, and type III child day care center licenses, child care centers were to continue to follow the rules promulgated by DCFS for the licensure of class A and class B child care centers. The Board of Elementary and Secondary Education promulgated such rules effective July 1, 2015; therefore the rules previously referenced in Sections 7301-7399 are hereby repealed.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Child Day Care Centers

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
This rule proposes to repeal LAC, Title 67, Part III, Subpart 21, Chapter 73, Sections 7301-7399. Pursuant to R.S. 17:407.32, the authority to license child care centers transferred from the Department of Children and Family Services to the Department of Education, effective October 1, 2014. Additionally, pursuant to R.S. 17:407.38, until such time as rules were promulgated by the Board of Elementary and Secondary Education to implement Type I, Type II, and Type III child day care center licenses, child care centers were to continue to follow the rules promulgated by DCFS for the licensure of Class A and Class B child care centers. The Board of Elementary and Secondary Education promulgated such rules effective July 1, 2015; therefore the rules previously referenced in Sections 7301-7399 will be repealed.

The only cost associated with this proposed rule is the cost of publishing rulemaking. It is anticipated that $5,325 (all Federal Funds) will be expended in SFY 15-16 for the state’s administrative expense for promulgation of this proposed Rule and the final rule.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
Implementation of this rule will have no effect on state or local revenue collections.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)
Implementation of this proposed rule will have no cost or economic benefit to directly affected persons or non-governmental groups.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
This proposed rule will not have an impact on competition and employment for low-income families.

NOTICE OF INTENT
Board of Elementary and Secondary Education
Bulletin 111—The Louisiana School, District, and State Accountability System
(LAC 28:LXXXIII.405, 409, 705, 707, and 1107)

In accordance with R.S. 49:950 et seq., the Administrative Procedure Act, notice is hereby given that the Board of Elementary and Secondary Education approved for advertisement revisions to Bulletin 111—The Louisiana School, District, and State Accountability System: §405, Calculating a K-8 Assessment Index; §409, Calculating a 9-12 Assessment Index; §705, AMO; §707, Safe Harbor; and §1107, Unknown School and District Performance Due to Nonparticipation in State Assessments (2014-2015 Only). The policy revisions ensure that combination schools earn the same rewards as traditional high schools for students participating in high school exams while still in middle school; award points for student performance on ACT and WorkKeys, whichever is higher, within the ACT index of high school performance scores; ensures a steady formula while a statewide social studies field test is conducted for grades 3 through 8; and address participation concerns for grades 3 through 8 English language arts and mathematics exams for Spring 2015 testing.

Title 28
EDUCATION
Part LXXXIII. Bulletin 111—The Louisiana School, District, and State Accountability System
Chapter 4. Assessment and Dropout/Credit Accumulation Index Calculations
§405. Calculating a K-8 Assessment Index
A. - E…
F. When middle schools students participate only in an EOC exam and not also the grade-level assessment in a given subject, EOC test results shall be used in the middle school’s assessment index (100 for “good” and 150 for “excellent”) and will be weighted by content as noted in the table above. Middle schools will also earn incentive points for all EOC scores of “good” or “excellent” earned during the same year in which the test was administered.

1. Incentive points will be awarded as follows:
   a. excellent = 50;
   b. good = 25.

G. The policy, as outlined in Subsection F of this Section, shall also apply to combination schools. The EOC score will be used in middle school results for the year in which the EOC is taken, incentive points may be awarded, and the score will be banked for use in the high school score once the student arrives in 9th grade, as outlined in §409.A.3.
H. In the 2015-2016 school year, the social studies test will be administered as a field test only. When calculating the K-8 assessment index for the 2015-2016 school year, either the 2013-2014 or 2014-2015 social studies assessment index, whichever yields the higher school performance score, shall be used as the social studies component of the overall assessment index.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:10.1.

§409. Calculating a 9-12 Assessment Index

A. - A.4. ... B.1. The ACT composite score will be used in the calculation of the ACT assessment index as described in the chart below. To the extent practicable, a student's highest earned score for any ACT administration shall be used in the calculation.

Chapter 7. Subgroup Component

§705. Annual Measurable Objective

A. The annual measurable objective (AMO) is the percent of students required to reach the proficient level in a given year on the standards-based assessments. Beginning in 2015, English language arts and mathematics test results from grades 3-8 LEAP, iLEAP, high school EOC algebra I and English II, and LAA 1 will be used to calculate the percent proficient for the subgroup component (for schools and districts).

1. At the middle school level, if a student takes algebra 1, then the algebra 1 score shall be used for AMO calculations.

2. At the high school level, if the algebra 1 score was used at the middle school level, the geometry score shall be used for AMO calculations.

B. - E. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:10.1.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 29:2743 (December 2003), amended LR 33:253 (February 2007), LR 38:2357 (September 2012), LR 40:2508 (December 2014), LR 42:

§707. Safe Harbor

A. - D. ... E. English language arts and mathematics test results from grades 3-8, EOC, and LAA 1 will be used to calculate the reduction of non-proficient students in safe harbor.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:10.1.

Chapter 11. School Performance Categories

§1107. Unknown School and District Performance Due to Nonparticipation in State Assessments (2014-2015 Only)

A. For the 2014-2015 school year only, if the number of nonparticipants (see §4101.B of this bulletin) in grades 3 to 8 English language arts and mathematics is greater than 10 percent of all testers for that school, then the LDE shall carry forward the 2013-2014 school performance score and letter grade of said school as the 2014-2015 annual school performance score and letter grade, and shall clearly note the use of the 2013-2014 result, due to nonparticipation, on the annual public report card.

1. If a school meets the criteria outlined in Subsection A of this Section but did not have a letter grade or SPS from the year prior, then a letter grade of “U” (unknown) shall be awarded for the 2014-2015 school year.

B. For the 2014-2015 school year only, if the number of nonparticipants (see §4101.B of this bulletin) in grades 3 to 8 English language arts and mathematics is greater than 10 percent of all testers for that school, then the LDE shall include in the calculation of the school or district performance score results from the 2013-2014 Louisiana state assessments in English language arts or mathematics for such students, where available. Where no such 2013-2014 English language arts and/or mathematics results are
available for nonparticipants, nonparticipation shall be addressed by using the average assessment index points earned for the specific school, grade level and subject. For students with partial scores in 2014-2015, the LDE shall use the higher of the student’s two results, 2013-2014 or 2014-2015; if students with partial scores do not have a score from 2013-2014, then the LDE shall use either the 2014-2015 partial score or the average 2014-2015 assessment index points earned for the specific school, grade level and subject, whichever is higher.

Chapter 28. Transportation

§2801. Transportation Requirements

A. - D. …

E. No later than the beginning of the 2016-2017 school year, each type 5 charter school located in Orleans Parish shall provide free transportation services for all students enrolled in the charter school who reside within Orleans Parish and more than 1 mile from the charter school’s location, which shall include, at a minimum:

F. Each charter school operator shall adopt policies and procedures or shall make provision in its bus transportation service agreement to do all of the following:

1. prohibit a bus driver from loading or unloading students at school while the bus is in a traffic lane of any type of street as defined in R.S. 32:1 and require that students be loaded or unloaded on a shoulder, in a school parking lot, or at other appropriate off-road location at the school as determined by the school governing authority. The requirements of this Paragraph shall not apply if the shoulder of a municipal road is the only available alternative and the municipality has not made the shoulder available by designating that area for loading and unloading students during designated school zone hours;

2. prohibit a bus driver from loading or unloading students at or near their homes while the bus is in a traffic lane of any type of street as defined in R.S. 32:1 and require that students be loaded or unloaded on a shoulder unless the governing authority determines that loading or unloading on a shoulder is less safe for the student. However, if there is no shoulder or if the shoulder is determined to be less safe, a bus driver may load and unload a student while the bus is in a lane of traffic but only if the bus is in the lane farthest to the right side of the road so that there is not a lane of traffic between the bus and the right-side curb or other edge of the road;

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Bulletin 126—Charter Schools
I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO
STATE OR LOCAL GOVERNMENT UNITS (Summary)
The enrollment requirements for students on free or reduced lunch and students with exceptionalities could increase enrollment at certain schools to the extent they do not currently meet these standards. While Type 5 charter schools in Orleans Parish currently provide free transportation to students living in Orleans Parish, costs could increase for those schools which do not meet this requirement.
The policy revisions incorporate requirements of Act 467 of the 2015 Regular Legislative Session regarding funding for at-risk students, and those with exceptionalities, as well as implement transportation policy required by Act 421 of the 2015 Regular Legislative Session.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF
STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
The proposed revisions requiring the use of weighted, differentiated funding may result in a reallocation and distribution of MFP funds to charter schools based on their student enrollment characteristics.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO
DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL
GROUPS (Summary)
There will be no estimated cost and/or economic benefit to directly affected persons or non-governmental groups.

IV. ESTIMATED EFFECT ON COMPETITION AND

This policy will have no effect on competition and employment.

NOTICE OF INTENT
Board of Elementary and Secondary Education
Bulletin 129—The Recovery School District
(LAC 28:CXLV.505, 1103, and 1105)

In accordance with R.S. 49:950 et seq., the Administrative Procedure Act, notice is hereby given that the Board of Elementary and Secondary Education approved for advertisement revisions to Bulletin 129—The Recovery School District: §505. Return of Schools to Local School Board; §1103, Annual Budget; and §1105, Budget Planning, Preparation, and Schedules. Current policy currently details a process for the Recovery School District (RSD) to return an RSD charter school to the former local school board when the charter school has earned a school performance score of 54.0 or above for two consecutive school years. The revisions to this section simplify the process of returning schools to the RSD by clarifying terms and existing processes, deleting unnecessary language, and aligning the policy with yearly accountability timelines for letter grade release and charter renewals. Additional revisions ensure that the policy aligns to the appropriate BESE meetings and budgetary timelines each year.

Title 28
EDUCATION
Part CXLV. Bulletin 129—The Recovery School District
Chapter 5. Failed Schools
§505. Return of Schools to Local School Board
A. Schools transferred to the jurisdiction of RSD shall remain with the RSD for a period of not less than five years.
1. A school that has been under the jurisdiction of the RSD for a minimum of five years as either a direct-run RSD school or a type 5 charter school may be returned to the jurisdiction of its former local school board based upon the RSD’s report and recommendation to BESE. The RSD’s report shall include the following:
a. the status of the school, the nature of its faculty and administration, the demographics and size of the student body, its organizational and management structure, whether student academic performance has improved, the amount of any improvement, an explanation of why student academic performance has or has not improved, and to what extent performance targets were achieved;
b. the RSD report shall also include a recommendation as to whether the school should:
i. remain within the RSD in the same operational status;
ii. remain within the RSD in a new operational status;
iii. close, with the reasons why it should close; or
iv. return to the jurisdiction of its former local school board, with proposed stipulations and conditions for the return.
B. Eligible Type 5 Charter Schools
1. An eligible type 5 charter school board may elect to transfer from the RSD and return to the jurisdiction of its former local school board as a type 3b charter school. If the charter school board chooses not to transfer to its former local school board, it will automatically remain within the RSD for an additional school year. The charter school board shall have the opportunity to choose to return to its former local school board every year the charter school continues to meet eligibility criteria, in accordance with the procedures outlined below.
2. A non-failing charter school is eligible for transfer from the jurisdiction of the recovery school district provided it meets all of the following.
   a. The charter school will have been under the jurisdiction of the recovery school district for a minimum of five years. A charter school shall be considered to have been under the jurisdiction of the RSD for five years when five complete school years have passed since the approval of the transfer to the RSD by BESE under R.S. 17:10.5 or 17:10.7, regardless of changing operators or site codes for the charter school since that time. The decision to transfer will be considered at the earliest during the charter school’s fifth year under the jurisdiction of the RSD, with the proposed transfer occurring at the conclusion of that same school year.
   b. The charter school has earned for the past two consecutive years a school performance score (SPS) of 54.0 or above. If the academically unacceptable school (AUS) bar is raised above 50.0, then the charter school must have earned for the past two consecutive years a school performance score that is at least 4.0 points above the AUS bar as established by BESE pursuant to the statewide school accountability system. Should the charter school change operators, an SPS of 54.0 or above under the final year of the former operator and an SPS of 54.0 or above under the new operator the next consecutive year shall still meet this requirement.
   i. In order to be eligible to choose to transfer from the jurisdiction of the RSD, charter schools comprised entirely of grades below ninth grade shall have two consecutive school performance scores of 54.0 or above based on test data from students actually attending that charter school, rather than test data from a paired school. For charter schools comprised entirely of grades above eighth grade, both consecutive school performance scores of 54.0 or above shall include ACT data for students actually attending the charter school, and at least one of the school performance scores shall include graduation index and graduation rate data for students actually attending the charter school.
   c. In order for a charter school in the final year of its current charter contract term to be eligible to choose to transfer from the jurisdiction of the RSD, the charter school must be renewed for the upcoming school year by BESE pursuant to the charter renewal process in Bulletin 126. The charter school board may still take official board action to seek to return to the local school board prior to being renewed by BESE, but final eligibility to return shall be contingent upon BESE approving a renewal for the charter school.
   d. The charter school board elects to seek transfer from the RSD and has notified BESE in writing, no later than the deadline set by the RSD each year preceding the effective date of the proposed transfer.
   e. The charter school board shall take official board action based on a vote of its membership, at a charter school board meeting in accordance with its by-laws and state open meetings law to provide BESE with written notification of desire to transfer the charter school from the jurisdiction of the RSD to the jurisdiction of its former local school board as a type 3B charter school. Such notice shall state whether the charter school desires to remain an independent local education agency (LEA) or have the former local school board serve as the charter school’s LEA.
3. The transfer of a type 5 charter school from the RSD shall become effective on July 1 of the year following BESE’s approval of such transfer.
4. Upon receiving notice from an eligible type 5 charter school board of its desire to seek to transfer the charter school to its former local school board by a deadline set each year by the RSD, BESE shall consider the transfer request for approval. BESE may require additional transfer conditions to be completed by the charter school prior to approval of the transfer at a later BESE meeting preceding the proposed transfer.
   a. any charter school that participated as a type 5 charter school in unified processes common to other public schools located in the same parish or school district boundaries that are critical to providing equity and access to
students and families to continue to participate in such processes. At a minimum, the contract shall require the charter school to:

(a) continue to participate in any unified enrollment system and expulsion process established by the RSD for the parish or region where the charter school is located. The charter school shall follow all policies and procedures applicable to type 5 charter schools participating in the enrollment system and expulsion process; and

(b) continue to provide transportation services for students who reside more than one mile from the school.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Bulletin 133—Scholarship Programs

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
The proposed policy revision could increase costs for the Department of Education if enrollment waivers are granted under the new exception.

Pursuant to R.S. 47:6301#038, the revisions allow the State Superintendent to align future Student Scholarship for Educational Excellence (SSEEP) school participation and enrollment decisions to the transition policies for new assessments found in Bulletin 111—The Louisiana School, District, and State Accountability System, §303. For the 2014-2015 and 2015-2016 school years, School Performance Scores will be determined pursuant a transition policy (a “curve”) initially approved in September, 2013. The transition policy ensures that as student academic expectations are raised and new assessments given, there remains stability in the state’s school and accountability system. Because students participating in the scholarship program take the same state assessments, and in order to maintain consistency in the two accountability systems, the proposed Rule establishes the same curve for the Scholarship Cohort Index. Previously a score below 50 equated to an F, however for the transition period, SSEEP participating schools with score below 50 which were previously prohibited from enrolling new students may be granted a waiver to continue enrollment of new students. This would increase the cost of the program, however, such increases are not likely to be significant and would be covered under the "more or less estimated" appropriation in the General Appropriation Bill for FY16.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
This policy will have no effect on revenue collections of state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)
Participating SSEEP schools could receive a waiver to continue enrolling new students, even though the School Cohort Index falls below a 50.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
This policy will have no effect on competition and employment.

The proposed policy revisions add a requirement to surrender invalid licenses when a center has closed or has had its license revoked, and allow the Louisiana Department
of Education (LDE) to immediately close a center upon revocation and prohibit continued operation during the appeals process if the LDE determines that the health and safety of children are at issue. Other revisions simplify the process for changing license types, clarify policy and remove duplicate information.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Bulletin 137—Louisiana Early Learning Center Licensing Regulations

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
The proposed policy revision will have no effect on costs or savings to state or local governmental units. The proposed policy revisions add a requirement to surrender invalid licenses when a center has closed or has had its license revoked, and allow the Louisiana Department of Education (LDE) to immediately close a center upon revocation and prohibit continued operation during the appeals process if the LDE determines that the health and safety of children are at issue. Other revisions simplify the process for changing license types, clarify policy and remove duplicate information.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
The Department of Education may see a reduction in revenue collections as the policy changes the fee for getting a different license to $25. The current policy requires a fee based on the capacity of the child care center. The fees range from $25 to $250. Whether there is a reduction or an increase will depend on the volume of requests for changes.

III. ESTIMATED COSTS AND OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

Child care providers may benefit from a reduction in the cost for getting a different license. The proposed policy requires a fee of $25. The current policy requires a fee based on the capacity of the child care center. The fees range from $25 to $250. Child care providers may also experience a savings from the change in transportation policy. When transporting children four years of age and older, a driver with a communications device will not need to be accompanied by an extra staff member.

The clarification of policy regarding continuing education will not result in increased hours, but staff members who are never left alone with children and who do not have supervisory or disciplinary authority over children are only required to have three hours of continuing education, which is a reduction in hours for such staff. The policy revision also clarifies that pediatric first aid/CPR training does count as continuing education hours.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
This policy will have no effect on competition and employment.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES
RULE TITLE: Bulletin 741—Louisiana Handbook for School Administrators—Instructional Support

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
The proposed policy revisions are required to implement Act 389 of the 2015 Regular Legislative Session which revises procedures for the adoption, review, procurement, and distribution of textbooks and other instructional materials for use in elementary and secondary schools.
The proposed policy revision will likely result in savings to state or local governmental units. The current policy requires the Department of Education to use committees of volunteers to review instructional materials and to provide a caravan of publishers going to every section of the state to present the approved instructional materials. The current process costs the state approximately $200,000 each year. The proposed policy which involves online review of instructional materials will cost the state approximately $20,000 per content area reviewed each year. It is estimated that two or three content areas will be reviewed each year based on available funds. School districts may use online reviews or continue with their usual process for adopting instructional materials.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENT UNITS (Summary)
This policy will have no effect on revenue collections of state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)
The proposed policy may result in savings for textbook companies who will no longer be required to attend trainings and review meetings, and to travel the state unless requested to do so by school districts.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
This policy will have no effect on competition and employment.

**FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES**

**RULE TITLE:** Bulletin 741—Louisiana Handbook for School Administrators

I. **ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)**
The proposed policy revision may result in increased costs to the state or local school districts if the Department of Education or the local school districts provide more training, extra staff, or other support services to assist students and parents in meeting the proposed financial aid application requirement. Many supports are already available for students, families, and schools. The Louisiana Office of Student Financial Assistance (LOSFA) currently sponsors programs such as College Bowl Sunday and provides training to school counselors; however, these outreach initiatives are funded with grant funds, which may not be available in FY 17 and thereafter, requiring an alternative funding source. Furthermore, LOSFA would require additional resources to increase current outreach initiatives for all graduating seniors. Finally, increased applications for TOPS could result in an increase in the level of scholarships awarded thereby increasing the overall cost of the TOPS program. The Department of Education anticipates providing $1 million in grants, through the redirection of existing funds, to assist students, their families, and local school systems in meeting this requirement if waiver requests are not submitted.

The proposed policy revisions seek to increase student access to state and federal financial aid by requiring that students graduating in spring 2018 and beyond have completed an application for financial aid or submitted a request to waive that requirement.

II. **ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)**
This policy will have no effect on revenue collections of state or local governmental units.

III. **ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)**
There will be an increase in grants and scholarships awarded to students who complete the financial aid forms if they are determined to be eligible for federal and/or state financial aid for college.

IV. **ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)**
This policy will have no effect on competition and employment.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
The proposed policy revision will have no effect on costs or savings to state or local governmental units.

The repeal of Bulletin 1794—State Textbook Adoption Policy and Procedure Manual is the result of Act 389 of the 2015 Regular Legislative Session which repealed many of the laws on which the policies in Bulletin 1794 are based. However, revised procedures for the adoption, review, procurement and distribution of textbooks and other instructional materials are being incorporated into Bulletin 741.
Potential savings to state and local governmental units, which may be realized as a result, are discussed in the Rule changes for that bulletin.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
This policy will have no effect on revenue collections of state or local governmental units.

NOTICE OF INTENT
Board of Elementary and Secondary Education
Organization—Advisory Councils (LAC 28:1.503)

In accordance with R.S. 49:950 et seq., the Administrative Procedure Act, notice is hereby given that the Board of Elementary and Secondary Education approved for advertisement revisions to the Louisiana Administrative Code, Title 28, Part I, §503, Advisory Councils, to repeal the Textbook/Media/Library Advisory Council from the BESE code pursuant to Act 389 of the 2015 Regular Legislative Session. The changes repeal a policy creating the Textbook/Media/Library Advisory Council (TMLAC) and establishing its membership and operations. These revisions are being made in response to Act 389 of the 2015 Regular Legislative Session, which revised procedures for the adoption, review, procurement, and distribution of textbooks and other instructional materials for use in elementary and secondary schools. The Act specifically repealed statutes authorizing the TMLAC, instead requiring BESE to prescribe a process for textbook review, adoption, procurement, and distribution. As a part of this process, members of the public will have the opportunity to view textbooks under review and submit comments during the review period and prior to final adoption (R.S. 17:351.1).

Definitions of Major Source and
Major Stationary Source Relative to Greenhouse Gases
(LAC 33:III.502 and 509)(AQ358)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Air regulations, LAC 33:III.502.A and 509.B (AQ358).

This Rule will delete the major source threshold for greenhouse gases (GHGs) (ie., 100,000 tons per year of carbon dioxide equivalents, or CO2e) from the definitions of "major source" in LAC 33:III.502.A and "major stationary source" in LAC 33:III.509.B. These definitions are used to determine applicability of the part 70 (title V) operating permits and prevention of significant deterioration (PSD) programs under LAC 33:III.507 and 509, respectively. In Utility Air Regulatory Group v. EPA, decided June 23, 2014, the U.S. Supreme Court found that:

EPA exceeded its statutory authority when it interpreted the Clean Air Act to require PSD and Title V permitting for stationary sources based on their greenhouse gas emissions. Specifically, the Agency may not treat greenhouse gases as a pollutant for purposes of defining a "major emitting facility" (or a "modification" thereof) in the PSD context or a "major source" in the Title V context. To the extent its regulations purport to do so, they are invalid.

In sum, the court held that a stationary source could not be considered a major source for title V or PSD purposes based solely on its emissions of GHGs. The basis and rationale for this Rule are to delete the major source threshold for GHGs from the definitions of major source in LAC 33:III.502.A and major stationary source in LAC 33:III.509.B consistent with the aforementioned Supreme Court decision. This Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Definitions of Major Source and Major Stationary Source Relative to Greenhouse Gases

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
There are no estimated implementation costs or savings to state or local governmental units as a result of the proposed rule. The proposed rule change will delete the major source threshold for greenhouse gases (i.e., 100,000 tons per year of carbon dioxide equivalents) from the definitions of “major source” and “major stationary source” in current rule. These definitions are used to determine applicability of the Part 70 (Title V) Operating Permits and Prevention of Significant Deterioration programs, respectively. Based on the U.S. Supreme Court’s decision in Utility Air Regulatory Group v. EPA, stationary sources with the potential to emit more than 100,000 tons per year of carbon dioxide equivalents will no longer be considered “major” under the Title V and Prevention of Significant Deterioration programs based solely on their emissions of greenhouse gases.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
There is no estimated effect on revenue collections of state or local governmental units as a result of the proposed rule.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)
Owners/operators of stationary sources with the potential to emit more than 100,000 tons per year of carbon dioxide equivalents (CO₂) will be affected by the proposed action. However, there will be no compliance-related costs, workload adjustments, or additional administrative obligations required to comply with the proposed rule.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
There is no estimated effect on competition or employment in the public or private sector as a result of the proposed rule.

** User of the Electronic Manifest System—a hazardous waste generator; a hazardous waste transporter; an owner or operator of a hazardous waste treatment, storage, recycling, or disposal facility; or any other person that:

1. is required to use a manifest to comply with:
   a. any federal or state requirement to track the shipment, transportation, and receipt of hazardous waste or other waste material that is shipped from the site of generation to an off-site designated facility for treatment, storage, recycling, or disposal; or
   b. any federal or state requirement to track the shipment, transportation, and receipt of rejected wastes or regulated container residues that are shipped from a designated facility to an alternative facility, or returned to the generator; and
2. elects to use the system to obtain, complete, and transmit an electronic manifest format supplied by the EPA electronic manifest system; or

Chapter 11. Generators
Subchapter A. General
§1107. The Manifest System
A. - A.8. …

9. Electronic Manifest. In lieu of using the manifest form specified in Paragraph A.1 of this Section, a person required to prepare a manifest under Paragraph A.1 of this Section may prepare and use an electronic manifest, provided that the person:

a. complies with the requirements in LAC 33:V.1107.F for use of electronic manifests; and
b. complies with the requirements of 40 CFR 3.10 for the reporting of electronic documents to EPA.

B. - E.2. …

F. Use of the Electronic Manifest

1. Legal Equivalence to Paper Manifests. Electronic manifests that are obtained, completed, and transmitted in accordance with LAC 33:V.1107.A.9, and used in accordance with this Section in lieu of EPA Forms 8700-22 and 8700-22A are the legal equivalent of paper manifest forms bearing handwritten signatures, and satisfy for all purposes any requirement in these regulations to obtain, complete, sign, provide, use, or retain a manifest.

a. Any requirement in these regulations to sign a manifest or manifest certification by hand, or to obtain a handwritten signature, is satisfied by signing with or obtaining a valid and enforceable electronic signature within the meaning of LAC 33:V.1107.G.

b. Any requirement in these regulations to give, provide, send, forward, or return to another person a copy of the manifest is satisfied when an electronic manifest is transmitted to the other person by submission to the system.

c. Any requirement in these regulations for a generator to keep or retain a copy of each manifest is satisfied by retention of a signed electronic manifest in the generator’s account on the national e-manifest system, provided that such copies are readily available for viewing and production if requested by any EPA or authorized state inspector.

d. No generator may be held liable for the inability to produce an electronic manifest for inspection under this Section if the generator can demonstrate that the inability to produce the electronic manifest is due exclusively to a technical difficulty with the electronic manifest system for which the generator bears no responsibility.

2. A generator may participate in the electronic manifest system either by accessing the electronic manifest system from its own electronic equipment, or by accessing the electronic manifest system from portable equipment brought to the generator’s site by the transporter who accepts the hazardous waste shipment from the generator for off-site transportation.

3. Restriction on Use of Electronic Manifests. A generator may prepare an electronic manifest for the tracking of hazardous waste shipments involving any RCRA hazardous waste only if it is known at the time the manifest is originated that all waste handlers named on the manifest participate in the electronic manifest system.

4. Requirement for One Printed Copy. To the extent the Hazardous Materials regulation on shipping papers for carriage by public highway requires shippers of hazardous materials to supply a paper document for compliance with
49 CFR 177.817, a generator originating an electronic manifest must also provide the initial transporter with one printed copy of the electronic manifest.

5. Special Procedures when Electronic Manifest is Unavailable. If a generator has prepared an electronic manifest for a hazardous waste shipment, but the electronic manifest system becomes unavailable for any reason prior to the time that the initial transporter has signed electronically to acknowledge the receipt of the hazardous waste from the generator, then the generator must obtain and complete a paper manifest and if necessary, a continuation sheet (EPA Forms 8700-22 and 8700-22A) in accordance with the manifest instructions in the appendix to 40 CFR part 262, and use these paper forms from this point forward in accordance with the requirements of LAC 33:V.1107.D.

6. Special Procedures for Electronic Signature Methods Undergoing Tests. If a generator has prepared an electronic manifest for a hazardous waste shipment, and signs this manifest electronically using an electronic signature method which is undergoing pilot or demonstration tests aimed at demonstrating the practicality or legal dependability of the signature method, then the generator shall also sign with an ink signature the generator/offoror certification on the printed copy of the manifest provided under LAC 33:V.1107.F.4.

7. Imposition of User Fee. A generator who is a user of the electronic manifest may be assessed a user fee by EPA for the origination of each electronic manifest. EPA shall maintain and update from time-to-time the current schedule of electronic manifest user fees, which shall be determined based on current and projected system costs and level of use of the electronic manifest system. The current schedule of electronic manifest user fees shall be published as an appendix to 40 CFR part 262.

G. Electronic Manifest Signatures

1. Electronic signature methods for the e-Manifest system shall be a:
   a. legally valid and enforceable signature under applicable EPA and other federal requirements pertaining to electronic signatures; and
   b. method that is designed and implemented in a manner that EPA considers to be as cost effective and practical as possible for the users of the manifest.

A. The revised manifest form and procedures in 40 CFR 260.10, 261.7, 263.20, and 263.21, had an effective date of September 5, 2006. The manifest form and procedures in 40 CFR 260.10, 261.7, 263.20, and 263.21, contained in 40 CFR parts 260 to 265, edition revised as of July 1, 2004, were applicable until September 5, 2006. §1307. The Manifest System
A. A transporter may not accept hazardous waste from a generator or another transporter unless it is accompanied by a manifest form (EPA Form 8700-22, and if necessary, EPA Form 8700-22A), signed by the generator in accordance with the provisions of LAC 33:V.1107, or is provided with an electronic manifest that is obtained, completed, and transmitted in accordance with LAC 33:V.1107.A.9, and signed with a valid and enforceable electronic signature as described in LAC 33:V.1107.G. The transportation of any hazardous wastes without a manifest shall be deemed a violation of these regulations and the Act. In the case of exports other than those subject to LAC 33:V.1125, a transporter may not accept such waste from a primary exporter or other person:

1. …

2. unless, in addition to a manifest signed by the generator, such waste is also accompanied by an EPA acknowledgment of consent which, except for shipments by rail, is attached to the manifest, or shipping paper for exports by water (bulk shipment). For exports of hazardous waste subject to the requirements of LAC 33:V.1125, a transporter may not accept hazardous waste without a tracking document that includes all information required by LAC 33:V.1127.D.

B. - H.4. …

I. Use of Electronic Manifest—Legal Equivalence to Paper Forms for Participating Transporters. Electronic manifests that are obtained, completed, and transmitted in accordance with LAC 33:V.1107.A.9, and used in accordance with this Section in lieu of EPA Forms 8700-22 and 8700-22A, are the legal equivalent of paper manifest forms bearing handwritten signatures, and satisfy for all purposes any requirement in these regulations to obtain, complete, sign, carry, provide, give, use, or retain a manifest.

1. Any requirement in these regulations to sign a manifest or manifest certification by hand, or to obtain a handwritten signature, is satisfied by signing with, or
obtaining a valid and enforceable electronic signature within the meaning of LAC 33:V.1107.G.

2. Any requirement in these regulations to give, provide, send, forward, or return to another person a copy of the manifest is satisfied when a copy of an electronic manifest is transmitted to the other person by submission to the system.

3. Any requirement in these regulations for a manifest to accompany a hazardous waste shipment is satisfied when a copy of an electronic manifest is accessible during transportation and forwarded to the person or persons who are scheduled to receive delivery of the waste shipment, except that to the extent that the hazardous materials regulation on shipping papers for carriage by public highway requires transporters of hazardous materials to carry a paper document to comply with 49 CFR 177.817, a hazardous waste transporter must carry one printed copy of the electronic manifest on the transport vehicle.

4. Any requirement in these regulations for a transporter to keep or retain a copy of a manifest is satisfied by the retention of an electronic manifest in the transporter’s account on the e-manifest system, provided that such copies are readily available for viewing and production if requested by any EPA or authorized state inspector.

5. No transporter may be held liable for the inability to produce an electronic manifest for inspection under this Section, if that transporter can demonstrate that the inability to produce the electronic manifest is exclusively due to a technical difficulty with the EPA system for which the transporter bears no responsibility.

J. A transporter may participate in the electronic manifest system either by accessing the electronic manifest system from the transporter’s own electronic equipment, or by accessing the electronic manifest system from the equipment provided by a participating generator, by another transporter, or by a designated facility.

K. Special Procedures when Electronic Manifest is not Available. If after a manifest has been originated electronically and signed electronically by the initial transporter, and the electronic manifest system should become unavailable for any reason, then the following requirements shall be met:

1. the transporter in possession of the hazardous waste when the electronic manifest becomes unavailable shall reproduce sufficient copies of the printed manifest that is carried on the transport vehicle pursuant to LAC 33:V.1307.I.1.c, or obtain and complete another paper manifest for this purpose. The transporter shall reproduce sufficient copies to provide the transporter and all subsequent waste handlers with a copy for their files, plus two additional copies that will be delivered to the designated facility with the hazardous waste;

2. on each printed copy, the transporter shall include a notation in the special handling and additional description space (item 14) that the paper manifest is a replacement manifest for a manifest originated in the electronic manifest system, shall include (if not pre-printed on the replacement manifest) the manifest tracking number of the electronic manifest that is replaced by the paper manifest, and shall also include a brief explanation why the electronic manifest was not available for completing the tracking of the shipment electronically;

3. a transporter signing a replacement manifest to acknowledge receipt of the hazardous waste must ensure that each paper copy is individually signed and that a legible handwritten signature appears on each copy; and

4. from the point at which the electronic manifest is no longer available for tracking the waste shipment, the paper replacement manifest copies shall be carried, signed, retained as records, and given to a subsequent transporter or to the designated facility, following the instructions, procedures, and requirements that apply to the use of all other paper manifests.

L. Special Procedures for Electronic Signature Methods Undergoing Tests. If a transporter using an electronic manifest signs this manifest electronically using an electronic signature method, which is undergoing pilot or demonstration tests aimed at demonstrating the practicality or legal dependability of the signature method, then the transporter shall sign the electronic manifest electronically, and also sign with an ink signature the transporter acknowledgement of receipt of materials on the printed copy of the manifest that is carried on the vehicle in accordance with LAC 33:V.1307.I.1.c. This printed copy bearing the generator’s and transporter’s ink signatures shall also be presented by the transporter to the designated facility to sign in ink to indicate the receipt of the waste materials or to indicate discrepancies. After the owner/operator of the designated facility has signed this printed manifest copy with its ink signature, the printed manifest copy shall be delivered to the designated facility with the waste materials.

M. Imposition of User Fee for Electronic Manifest Use. A transporter who is a user of the electronic manifest may be assessed a user fee by EPA for the origination or processing of each electronic manifest. EPA shall maintain and update from time-to-time the current schedule of electronic manifest user fees, which shall be determined based on current and projected system costs and level of use of the electronic manifest system. The current schedule of electronic manifest user fees shall be published as an appendix to 40 CFR Part 262.

N. Electronic Manifest Signatures. Electronic manifest signatures shall meet the criteria described in LAC 33:V.1107.G.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2180 et seq.

F. Legal Equivalence to Paper Manifests. Electronic manifests that are obtained, completed, and transmitted in accordance with LAC 33:V.1107.A.9, and used in accordance with this section in lieu of the paper manifest form are the legal equivalent of paper manifest forms bearing handwritten signatures, and satisfy for all purposes any requirement in these regulations to obtain, complete, sign, provide, use, or retain a manifest.

1. Any requirement in these regulations for the owner or operator of a facility to sign a manifest or manifest certification by hand, or to obtain a handwritten signature, is satisfied by signing with or obtaining a valid and enforceable electronic signature within the meaning of 40 CFR 262.25.

2. Any requirement in these regulations to give, provide, send, forward, or to return to another person a copy of the manifest is satisfied when a copy of an electronic manifest is transmitted to the other person.

5. No owner or operator may be held liable for the inability to produce an electronic manifest for inspection under this Section if the owner or operator can demonstrate that the inability to produce the electronic manifest is due exclusively to a technical difficulty with the electronic manifest system for which the owner or operator bears no responsibility.

G. An owner or operator may participate in the electronic manifest system either by accessing the electronic manifest system from the owner’s or operator’s electronic equipment, or by accessing the electronic manifest system from portable equipment brought to the owner’s or operator’s site by the transporter who delivers the waste shipment to the facility.

H. Special Procedures Applicable to Replacement Manifests. If a facility receives hazardous waste that is accompanied by a paper replacement manifest for a manifest that was originated electronically, the following procedures shall apply to the delivery of the hazardous waste by the final transporter.

1. Upon delivery of the hazardous waste to the designated facility, the owner or operator must sign and date each copy of the paper replacement manifest by hand in item 20 (designated facility certification of receipt) and note any discrepancies in item 18 (discrepancy indication space) of the paper replacement manifest.

2. The owner or operator of the facility must give one copy of the paper replacement manifest back to the final transporter.

3. Within 30 days of delivery of the waste to the designated facility, the owner or operator of the facility must send one signed and dated copy of the paper replacement manifest to the generator, and send an additional signed and dated copy of the paper replacement manifest to the electronic manifest system.

4. The owner or operator of the facility must retain at the facility one copy of the paper replacement manifest for at least three years from the date of delivery.

I. Special Procedures Applicable to Electronic Signature Methods Undergoing Tests. If an owner or operator using an electronic manifest signs this manifest electronically using an electronic signature method, which is undergoing pilot or demonstration tests aimed at demonstrating the practicality or legal dependability of the signature method, then the owner or operator shall also sign with an ink signature the facility’s certification of receipt or discrepancies on the printed copy of the manifest provided by the transporter. Upon executing its ink signature on this printed copy, the owner or operator shall retain this original copy among its records for at least three years from the date of delivery of the waste.

J. Imposition of User Fee for Electronic Manifest Use. An owner or operator who is a user of the electronic manifest format may be assessed a user fee by EPA for the origination or processing of each electronic manifest. An owner or operator may also be assessed a user fee by EPA for the collection and processing of paper manifest copies that owners or operators must submit to the electronic manifest system operator under LAC 33:V.1516.B.1.e. EPA shall maintain and update from time-to-time the current schedule of electronic manifest system user fees, which shall be determined based on current and projected system costs and level of use of the electronic manifest system. RULE TITLE: Undergraduate and Graduate Nursing Education Degree Programs

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

Other than publication costs associated with the proposed rules changes, which are estimated to be $7,029 in FY16, it is not anticipated that state or local governmental units will incur any other costs or savings as a result of promulgation of the proposed rule. The proposed changes will combine Chapter 35, which focuses on undergraduate nursing programs, and Chapter 45, section 4509, which focuses on graduate nursing programs. In addition, Chapter 35 has been revised to align with current national nursing trends and practices. Chapter 35 will provide guidelines regarding the following for undergraduate and graduate nursing education programs: (1) program approval, (2) program closure, and (3) day-to-day operating requirements. These proposed changes will provide clarity to expectations of the Louisiana State Board of Nursing for in-state and out-of-state undergraduate and graduate nursing education programs. The proposed rule additionally increases the annual fee for processing in-state nursing school annual reports from $50 to $100.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The Louisiana Board of Nursing could realize a slight increase in SGR revenues associated with a fee increase of $50 to $100 for in-state nursing schools related to processing in-state nursing school annual reports.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

The proposed rule change could contribute to a minimal cost increase for nursing schools. Approximately twenty-five in-state nursing schools will be affected by a $50 fee increase. The fee will increase from $50 to $100 to cover the cost of processing each nursing school’s annual report.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The license may be returned to the licensee when business operations are resumed for the unexpired term of the license provided that the license has not been revoked and is not under suspension and further provided that no more than 180 days has elapsed from the date the license was surrendered.

c. Licenses surrendered in accordance with Paragraph B.10 of this Section shall not be subject to renewal unless the license has been returned to the licensee.

d. Failure to surrender the license as provided in Paragraph B.10 of this Section shall constitute grounds for revocation, suspension or non-renewal of the license.
11. Force Majeure. Within 15 days following a force majeure event which has damaged the licensed establishment and/or affected the operation of the business or its criteria or amenities, the licensee shall notify the division in writing of the event and resulting damage to the licensed establishment. The determination of whether the damage to the licensed establishment was the result of a force majeure event shall be solely within the discretion of the division.

a. All Licensed Establishments—Inability to Operate Business—Temporary Surrender
   i. Within 30 days following a force majeure event which has affected the ability to operate the business described in the application, the licensee shall temporarily surrender its license.
   ii. The license shall be eligible for renewal during the period of temporary surrender if a complete renewal application with required fees is submitted timely.
   iii. No video draw poker gaming devices may be operated at the licensed establishment during the period of temporary surrender.
   iv. When business operations resume, the licensee shall immediately notify the division in writing and request a compliance inspection.
   v. Within 10 days following the compliance inspection, the license will be returned to the licensee if, following an on-site inspection of the licensed establishment, the division determines that the licensee is in compliance with all applicable physical amenities and permit requirements.
   vi. A license may be revoked or suspended or a renewal application denied for reasons other than the inability to operate the business described in the application during the period of temporary surrender, including, without limitation, the failure to provide the notifications or surrender the license as required by Paragraph B.11 of this Section.

b. Truck Stop Facilities Only—Fuel Facility Operational—Waiver of Surrender Requirement
   i. A licensed truck stop facility may be granted a 60-day waiver from the surrender provisions of Subparagraph B.11.a of this Section following a force majeure event which has not affected the operation of the fuel facility, but has resulted in the inability of the licensee to maintain and operate the on-site restaurant, the stable parking area, the onsite repair service, or any of its required amenities, provided that the licensee notifies the division in writing of the damage to the licensed establishment in accordance with the notification requirement in Paragraph B.11 of this Section and the division determines, following an on-site inspection of the licensed establishment, that the damage was in fact the result of a force majeure event.
   ii. The division may grant one 60-day extension if it determines that the licensee has made substantial progress towards completing the necessary repairs within the original 60-day waiver period and the licensee can demonstrate a reasonable likelihood of completing the necessary repairs within the next 60 days.
   iii. No waiver shall be granted if the force majeure event has affected the ability of the licensee to operate the fuel facility.

iv. Under no circumstances shall a licensee continue video poker operations after the expiration of the 60-day waiver or any extension thereof granted by the division without completing the necessary repairs and resuming normal operations. If the licensee has not completed necessary repairs and resumed normal operations, it shall immediately surrender the license upon the expiration of the 60-day waiver or any extension granted by the division.
   v. When business operations resume, the licensee shall immediately notify the division in writing and request a compliance inspection.
   vi. The license shall be eligible for renewal during the period of waiver if a complete renewal application with required fees is submitted timely.
   vii. During the period of waiver, a license may be revoked or suspended or a renewal application denied, for reasons other than failure to operate that portion(s) of the business operations, criteria, and/or amenities for which the waiver was granted, including, without limitation, the failure to provide the notifications required in Paragraph B.11 of this Section.

15. Alligator Farm Facility Requirements
   a. - a.iv. …
   v. all controlled-temperature alligator sheds (environmental chambers) shall be of a design acceptable to the department. Each shed shall maintain a minimum water and air temperature of 80° Fahrenheit.
   b. - c. …
   d. All alligator farmers possessing alligator hatchlings shall house hatchlings in controlled environmental chambers which maintain a minimum temperature of 80° Fahrenheit year-round containing wet areas of sufficient surface area to permit all alligators to partially submerge in water. All alligators 48” or less in length shall be housed in environmental chambers unless a special permit is issued by the department to move them to outside growth areas. Violation of this Subparagraph is a class three violation as described in Title 56.
   e. Alligator farmers shall house alligators of different lengths into at least three groups, providing separation for all alligators less than two feet in length, two to four feet in length, and over four feet in length. Violation of this Subparagraph is a class three violation as described in Title 56.
   f. - g. …
   h. Any alligator egg or alligator raised on an alligator farm shall be cared for under conditions that do not threaten the survival of such egg and alligator as determined by the biological staff of the Coastal and Nongame Resources Division. In making such determination, Coastal and Nongame Resources Division biologists shall take into consideration sanitary conditions, temperature control, feeding, overcrowding and other conditions which affect the survival of alligator eggs and alligators. If the biological staff of the Coastal and Nongame Resources Division determines that the survival of any alligator egg or alligator is threatened due to the conditions on an alligator farm, the department shall notify the alligator farmer and shall provide the farmer with 60 days to take corrective action. If the farmer fails to take corrective action within 60 days, the department shall have the authority to confiscate any alligator egg or alligator which remains under conditions that threaten the survival of such alligator egg or alligator and to dispose of such alligator egg or alligator as the department deems necessary. Violation of this Subparagraph is a class four violation as described in Title 56.

16. Farm-Raised Alligator Slaughter Methods
   a.i. Legal methods for the slaughter of farm-raised alligators are as follows:
       (a). penetrating captive bolt;
       (b). non-penetrating captive bolt;
       (c). spinal cord severance followed immediately by pithing the brain; and
       (d). other slaughter methods may be acceptable if they are approved in writing by the Department after review and consultation with a trained veterinarian; any slaughter method presented for review must quickly inflict severe damage to the brain, be humane and not pose a high risk to administering personnel.
   ii. Selected slaughter method must be administered properly so as to cause a rapid loss of consciousness and death.
   iii. Violation of this Subparagraph is a class three violation as described in Title 56.

17. Exceptions
   a. The department or an authorized representative of the department may take by any means and possess alligators, alligator eggs, or parts of alligators while in the performance of official duties.
   b. These regulations shall not prohibit a person from killing an alligator in immediate defense of his or her life or the lives of others. Alligators killed under this provision must be reported to the department within 24 hours.

18. Penalty for Violation
   a. In order to facilitate greater control over alligator trafficking, the Louisiana Department of Wildlife and Fisheries finds that public welfare imperatively requires emergency action when the provisions of these regulations are violated.
   b. In addition to all penalties set forth herein, violators may be subject to criminal prosecution under provisions of the Louisiana Revised Statutes, particularly titles 14 and 56 and under federal law.
   c. In addition to all other penalties provided by these rules and by statute, violation of any part of these regulations may result in the suspension and/or revocation of any or all alligator licenses/permits held by the violator and, as further penalty, for serious, repeat, or multiple violations, the department shall have the right to deny a violator any and all licenses/permits relating to alligators for a period not to exceed three years.

The secretary of the Department of Wildlife and Fisheries is authorized to take any and all necessary steps on behalf of the commission to promulgate and effectuate this Notice of Intent and the final Rule, including, but not limited to, the filing of the Fiscal and Economic Impact Statement, the filing of the Notice of Intent and final Rule and the preparation of reports and correspondence to other agencies of government.

Family Impact Statement

In accordance with Act 1183 of 1999 Regular Session of the Louisiana Legislature, the Department of Wildlife and Fisheries, Wildlife and Fisheries Commission hereby issues its Family Impact Statement in connection with the preceding Notice of Intent. FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Alligator Farms

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
There will be no state or local government implementation cost or savings associated with the proposed rule changes. The proposed rule changes specify legal methods for the slaughter of farm-raised alligators, defines the terms “pithing” and “slaughter”, removes regulations requiring specific minimum space per alligator on alligator farms and removes regulations that set specific land and water area requirements for groups of alligators held on alligator farms. Although the proposed rule changes will require a trained veterinarian to approve alternative methods of slaughter, LDWF has preexisting arrangements with veterinarians at the LSU Veterinary School to provide this advice. Therefore, no additional costs will be added to the department to accommodate the proposed rule changes.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
The proposed rule change will have no effect on revenue collections of state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)
There is no anticipated negative impact as a result of the proposed rule changes for directly affected persons and non-governmental groups because the proposed changes do not mandate any stricter regulations for alligator farming, but loosen existing regulations. The current regulatory requirements regarding the minimum space per alligator and specific land and area requirements were adopted at a time when most alligator farm pools or tanks were shallower than those that are common today. The Louisiana Department of Wildlife and Fisheries (LDWF) biologists believe that the removal of the regulatory requirements would allow alligator farmers more flexibility in their stocking decisions without compromising the welfare of animals kept on alligator farms.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
The proposed rule change is not anticipated to have any effect on competition and employment in the public and private sectors.

§111. General and Wildlife Management Area Hunting Rules and Regulations

A. Hunting Seasons and Wildlife Management Area (WMA) Regulations
1. The rules and regulations contained within this digest have been officially approved and adopted by the Wildlife and Fisheries Commission under authority vested by sections 115 and 116 of title 56 of the *Louisiana Revised Statutes* of 1950 and are in full force and effect in conjunction with all applicable statutory laws. The secretary of the Department of Wildlife and Fisheries (LDWF) has the authority to close or alter seasons in emergency situations in order to protect fish and wildlife resources.
2. Pursuant to section 40.1 of title 56 of the *Louisiana Revised Statutes* of 1950, the Wildlife and Fisheries Commission has adopted monetary values which are assigned to all illegally taken, possessed, injured or destroyed fish, wild birds, wild quadrupeds and other wildlife and aquatic life. Anyone taking, possessing, injuring or destroying fish, wild birds, wild quadrupeds and other wildlife and aquatic life shall be required to reimburse the LDWF a sum of money equal to the value of the wildlife illegally taken, possessed, injured or destroyed. This monetary reimbursement shall be in addition to any and all criminal penalties imposed for the illegal act.

B. Resident Game Birds and Animals
1. Shooting hours: one-half hour before sunrise to one-half hour after sunset.
2. Other Season Dates
1. Turkey. Please refer to turkey regulations.
2. Raccoon and Opossum. No closed season. Raccoon and opossum can be taken at night by one or more licensed hunters with one or more dogs and one .22 caliber or smaller rimfire firearm. A licensed hunter may take raccoon or opossum with .22 caliber or smaller rimfire firearm. .36
7. Licensed Hunting Preserve, October 1-April 30, Pen-Raised Birds Only. No limit entire season. Refer to LAC 76:V.305 for specific hunting preserve rules.
8. Deer Management Assistance Program (DMAP). Refer to LAC 76:V.111 for specific DMAP rules. Deer management assistance tags must be in the possession of the hunter in order to harvest an antlerless deer. The tag shall be attached through the hock in such a manner that it cannot be removed before the deer is transported (including those taken on either-sex days and those taken with approved archery equipment or primitive firearms). Failure to do so is a violation of R.S. 56:115. Deer harvested on property enrolled in DMAP do not count in the season or daily bag limit for hunters when legally tagged with DMAP tags. Failing to follow DMAP rules and regulations may result in suspension and cancellation of the program on those lands involved.

9. Farm Raised White-tailed Deer and Exotics on Licensed Supplemented Shooting Preserves
   a. Definitions
      Exotics—for purposes of this Section means any animal of the family Bovidae except the Tribe Bovini [cattle] or Cervidae which is not indigenous to Louisiana and which is confined on a supplemented hunting preserve. Exotics shall include, but are not limited to, fallow deer, red deer, elk, sika deer, axis deer, and black buck antelope.
      Hunting—in its different tenses and for purposes of this Section means any enclosure for which a current farm-raising license has been issued by the Department of Agriculture and Forestry (LDAF) with concurrence of the LDWF and is authorized in writing by the LDWF to permit hunting.
      Same as Outside—for purposes of this Section means hunting on a supplemented hunting preserve must conform to applicable statutes and rules governing hunting and deer hunting, as provided for in title 56 of the Louisiana Revised Statutes and as established annually by the Wildlife and Fisheries Commission.
      Supplemented Hunting Preserve—for purposes of this Section means any animal of the species Odocoileus virginianus which is confined on a supplemented hunting preserve.
   b. Seasons:
      i. farm-raised white-tailed deer: consult the regulations pamphlet;
      ii. exotics: year round.
   c. Methods of take:
      i. white-tailed deer: same as outside;
      ii. exotics: exotics may be taken with traditional bow, compound bow and crossbow or any bow drawn, held or released by mechanical means; shotguns not larger than 10 gauge, loaded with buckshot or rifled slug; handguns and rifles no smaller than .22 caliber centerfire; or muzzleloading rifles or pistols, .44 caliber minimum, or shotguns 10 gauge or smaller, all of which must load exclusively from the muzzle or cap and ball cylinder, using black powder or an approved substitute only, and using ball caliber or smaller muzzleloader rifle or shotgun during daylight hours. Hunting from boats or motor vehicles is prohibited. No bag limit for nighttime or daytime raccoon or opossum hunting during the open trapping season except on certain WMAs as listed. The remainder of the year, the raccoon and opossum bag limit for daytime or nighttime is two per person per day or night. No one who hunts raccoons or opossums as prescribed above shall hunt during the closed trapping season nor sell skins or carcasses of raccoons and opossums taken during the open trapping season unless he is the holder of a valid trapping license which shall be required in addition to his basic hunting license. Pelting or selling carcasses is illegal during closed trapping season.
3. Nutria. On WMAs and private property nutria may be taken recreationally by licensed hunters from September 1 through the last day of February, during legal shooting hours by any legal hunting method with a daily limit of five. Except nutria may be taken on Atchafalaya Delta, Salvador/Timken, Pointe-Aux-Chenes and Pass-a-Loutre WMAs from September 1 to March 31. When taken with a shotgun, non-toxic shot must be used. On WMAs during waterfowl seasons, nutria may be taken only with the use of shotguns with shot no larger than F steel, and during gun deer seasons, anyone taking nutria must display 400 square inches of “hunter orange” and wear a “hunter orange” cap or hat. Recreational nutria hunters must remove each nutria carcass in whole condition from the hunting area, except that nutria may be gutted. Possession of detached nutria parts, including nutria tails, by recreational hunters is illegal. Nutria harvested recreationally may not be pelted nor may such nutria or any nutria parts from recreationally taken nutria be sold, including the tail. Trespassing upon private property for the purpose of taking nutria or other fur-bearing animals is punishable by fines and possible jail time (R.S. 56:265). The Coastwide Nutria Control Program is a separate program and is in no way related to the nutria recreational season. For questions on the Coastwide Nutria Control Program, call the New Iberia office (337) 373-0032.
4. Blackbirds and Crows. The season for crows shall be September 1 through January 1 with no limit; however crows, blackbirds, cowbirds and grackles may be taken year round during legal shooting hours if they are depredatory or about to depredate upon ornamentals or shade trees, agricultural crops, livestock, wildlife, or when concentrated in such numbers as to cause a health hazard. Louisiana has determined that the birds listed above are crop depredators and that crows have been implicated in the spread of the West Nile virus in humans. As described in 50 CFR Part 21, non-toxic shot must be used for the take of crows, blackbirds, cowbirds and grackles under the special depredatation order. In addition an annual report has to be submitted to the U.S. Fish and Wildlife Service for those that participate in the take of these species.
5. Pheasant. Open concurrently with the quail season; no limit.
6. Falconry. Special permit required. Resident and migratory game species may be taken except turkeys. Seasons and bag limits are the same as for statewide and WMA regulations. Refer to LAC 76:V.301 for specific falconry rules.

d. Shooting hours:
   i. white-tailed deer: same as outside;
   ii. exotics: one-half hour before sunrise to one-half hour after sunset.

e. Bag limit:
   i. farm-raised white-tailed deer: same as outside;
   ii. exotics: no limit.

f. Hunting licenses:
   i. white-tailed deer: same as outside;
   ii. exotics: no person shall hunt any exotic without possessing a valid basic and big game hunting license.

g. Tagging. White-tailed deer and exotics: each animal shall be tagged in the left ear or left antler immediately upon being killed and before being moved from the site of the kill with a tag provided by the LDWF. The tag shall remain with the carcass at all times.

10. Bobcat. No person other than the holder of a valid big game license may take or possess bobcat, except licensed trappers who may take or possess bobcat during the open trapping season. A big game licensee shall only take bobcat during the time period from one-half hour before sunrise to one-half hour after sunset with approved archery equipment, shotgun, muzzleloader or centerfire firearm. A big game licensee shall not take more than one bobcat per calendar year. This regulation applies only to property that is privately owned, state WMAs, Kisatchie National Forest, and the Bayou des Ourses, Bodcau, Bonnet Carre, and Indian Bayou tracts owned by the Corps of Engineers, but does not apply to state wildlife refuges, or other federally owned refuges and lands. On state WMAs and Kisatchie National Forest, the take of bobcat is restricted to those open seasons on the WMAs which require the respective legal weapons noted above.

D. Hunting—General Provisions

1. A basic resident or non-resident hunting license is required of all persons to hunt, take, possess or cause to be transported by any other person any wild bird or quadruped. See information below for exceptions.

2. No person born on or after September 1, 1969, shall hunt unless that person has first been issued a certificate of satisfactory completion of a firearm and hunter education course approved by the department, except any active or veteran member of the United States armed services or any POST-certified law enforcement officer. Application for the exemption shall be filed in person at the LDWF main office building in the city of Baton Rouge. A person under 16 years of age may hunt without such certificate if he/she is accompanied by and is under the direct supervision of a person who was born before September 1, 1969, and has a valid hunting license or who is 18 years of age or older and has proof of successful completion of a firearm and hunter education course approved by the department.

3. A big game license is required in addition to the basic hunting license to hunt, take, possess or cause to be transported any deer. A separate wild turkey license is required in addition to the basic hunting license and the big game license to hunt, take, possess or cause to be transported any turkey.

4. Taking game quadrupeds or birds from aircraft or participating in the taking of deer with the aid of aircraft or from automobiles or other moving land vehicles is prohibited.

5. Methods of Taking Resident Game Birds and Quadrupeds

   a. It is illegal to intentionally feed, deposit, place, distribute, expose, scatter, or cause to be fed, deposited, placed, distributed, exposed, or scattered raw sweet potatoes to wild game quadrupeds.

   b. Use of a traditional bow, compound bow and crossbow or any bow drawn, held or released by mechanical means or a shotgun not larger than a 10 gauge fired from the shoulder shall be legal for taking all resident game birds and quadrupeds. Also, the use of a handgun, rifle and falconry (special permit required) shall be legal for taking all game species except turkey. It shall be illegal to hunt or take squirrels or rabbits at any time with a breech-loaded rifle or handgun larger than .22 caliber, any centerfire firearm, or a muzzleloading firearm larger than .36 caliber. It shall be legal to hunt or take squirrels, rabbits, and outlaw quadrupeds with air rifles.

   c. Still hunting is defined as stalking or stationary stand hunting without the use of dog(s). Pursuing, driving or hunting deer with dogs is prohibited when or where a still hunting season or area is designated, and will be strictly enforced. Shotguns larger than 10 gauge or capable of holding more than three shells shall be prohibited. Plugs used in shotguns must be incapable of being removed without disassembly. Refer to game schedules contained within these regulations for specific restrictions on the use of firearms and other devices.

   d. No person shall take or kill any game bird or wild quadruped with a firearm fitted with an infrared sight, laser sight, or except as provided in R.S. 56:116(A)(8) any sighting device which projects a beam of light to the target or otherwise electronically illuminates the target, or device specifically designed to enhance vision at night [R.S. 56:116.1(B)(3)].

6. Nuisance Animals. Landowners or their designees may remove beaver and nutria causing damage to their property without a special permit. Water set traps and firearms may be used to remove beaver; nutria may be removed by any means except that nutria cannot be taken by the use of headlight and gun between the hours of sunset and sunrise. With a special permit issued by the LDWF, beavers may be taken between one-half hour after official sunset to one-half hour before official sunrise for a period of three consecutive calendar evenings from the effective date of the permit. Any nuisance beaver or nutria trapped or shot outside open trapping season cannot be pelted or sold. A trapping license is required to sell or pelt nuisance beavers or nutria taken during open trapping season. Squirrels found depredating commercial crops of pecans may be taken year-round by permit issued by the LDWF. This permit shall be valid for 30 days from the date of issuance. Contact the local region office for details.

7. Threatened and endangered species: Louisiana black bear, Louisiana pearl shell (mussel), sea turtles, gopher tortoise, ringed sawback turtle, brown pelican, bald eagle,
peregrine falcon, whooping crane, Eskimo curlew, piping plover, interior least tern, ivory-billed woodpecker, red-cockaded woodpecker, Bachman’s warbler, West Indian manatee, Florida panther, pallid sturgeon, Gulf sturgeon, Atwater’s greater prairie chicken, whales and red wolf. Taking or harassment of any of these species is a violation of state and federal laws.

8. Outlaw Quadrupeds. Holders of a legal hunting license may take coyotes, feral hogs, and armadillos year round during legal daylight shooting hours. The running of coyotes with dogs is prohibited in all turkey hunting areas during the open turkey season. Coyote hunting is restricted to chase only when using dogs during still hunting segments of the firearm and archery only seasons for deer. Foxes are protected quadrupeds and may be taken only with traps by licensed trappers during the trapping season. Remainder of the year “chase only” allowed by licensed hunters.

9. Nighttime Take of Nuisance Animals and Outlaw Quadrupeds. On private property, the landowner, or his lessee or agent with written permission and the landowner’s contact information in his possession, may take outlaw quadrupeds (coyotes, armadillos and feral hogs), nutria, or beaver during the nighttime hours from one-half hour after official sunset on the last day of February to one-half hour after official sunset the last day of August of that same year. Such taking may be with or without the aid of artificial light, infrared or laser sighting devices, or night vision devices. In addition, pursuant to R.S. 56:116(D)(3) any person who is authorized to possess a firearm suppressor may use a firearm fitted with a sound suppressor when taking outlaw quadrupeds, nutria, or beaver. Any person attempting to take outlaw quadrupeds under the provisions of the paragraph, within 24 hours prior to the attempted taking, shall notify the sheriff of the parish in which the property is located and the LDWF Enforcement Division by calling (800) 442-2511 of their intention to attempt to take outlaw quadrupeds under the provision of this Paragraph.

10. Hunting and/or Discharging Firearms on Public Roads. Hunting, standing, loitering or shooting game quadrupeds or game birds while on a public road or public road right-of-way is prohibited. Hunting or the discharge of firearms on roads or highways located on public levees or within 100 feet from the centerline of such levee roads or highways is prohibited. Spot lighting or shining from public roads is prohibited by state law. Hunting from all public roads and public road rights-of-way is prohibited.

11. Tags. Any part of the deer or wild turkey divided shall have affixed thereto the name, date, address and big game license number of the person killing the deer or wild turkey and the sex of that animal. This information shall be legibly written in pen or pencil, on any piece of paper or cardboard or any material, which is attached or secured to or enclosing the part or parts. On lands enrolled in DMAP, deer management assistance tags must be attached and locked through the hock of antlerless deer, (including those taken with approved archery and primitive firearms, and those antlerless deer taken on either-sex days) in a manner that it cannot be removed, before the deer is moved from the site of the kill.

12. Sex Identification. Positive evidence of sex identification, including the head or sex organs, shall remain on any deer taken or killed within the state of Louisiana, or on all turkeys taken or killed so long as such deer or turkey is kept in camp or field, or is in route to the domicile of its possessor, or until such deer or turkey has been stored at the domicile of its possessor or divided at a cold storage facility and has become identifiable as food rather than as wild game.

E. General Deer Hunting Regulations

1. Prior to hunting deer, all deer hunters, regardless of age or license status, must obtain deer tags and have in possession when hunting deer. Immediately upon harvesting a deer, the hunter must tag the deer with the appropriate carcass tag and document the kill on the deer tag license. Within seven days the hunter must validate the kill. Hunters harvesting deer on DMAP lands can validate deer per instructions by LDWF using the DMAP harvest data sheets. Hunters on WMAS can validate deer during mandatory deer check hunts, when deer check stations are in operation. Hunters may validate deer by calling the validation toll free number or using the validation website.

2. 2016-2017 Season. One antlered and one antlerless deer per day (when legal) except on Kisatchie National Forest, Indian Bayou Area owned by the US Army Corps of Engineers, and some federal refuges (check refuge regulations) where the daily limit shall be one deer per day. Season limit is six, not to exceed three antlered deer or four antlerless deer (all segments included) by all methods of take, except antlerless harvest on property enrolled in DMAP does not count in the season or daily bag limit for hunters. Antlerless deer may be harvested during entire deer season on private lands (all seasons included) except as specified in deer hunting schedule. Consult deer hunting schedule in the regulations pamphlet for either-sex days for these parishes and areas. This does not apply to public lands (WMAs, national forest lands, and federal refuges) which will have specified either-sex days.

3. 2017-2018 Season. One antlered and one antlerless deer per day (when legal) except on Kisatchie National Forest, Indian Bayou area owned by the US Army Corps of Engineers, and some federal refuges (check refuge regulations) where the daily limit shall be one deer per day. Season limit is six, not to exceed three antlered deer or four antlerless deer (all segments included) by all methods of take, except antlerless harvest on property enrolled in DMAP does not count in the season or daily bag limit for hunters. Antlerless deer may be harvested during entire deer season on private lands (all seasons included) except as specified in deer hunting schedule. Consult deer hunting schedule in the regulations pamphlet for either-sex days for these parishes and areas. This does not apply to public lands (WMAs, national forest lands, and federal refuges) which will have specified either-sex days.

4. A legal antlered deer is a deer with at least one visible antler of hardened bony material, broken naturally through the skin, except on Alexander State Forest WMA, Bayou Macon WMA, Big Lake WMA, Bodcau WMA, Boeuf WMA, Buckhorn WMA, Dewey Wills WMA, Jackson-Bienville WMA, Loggy Bayou WMA, Ouachita WMA, Pearl River WMA, Pomme de Terre WMA, Red River WMA, Russell Sage WMA, Sicily Island Hills WMA, Spring Bayou WMA, Three Rivers WMA and Union WMA during the experimental quality deer season (See the specific WMA schedule for more information.). A legal antlered deer
during the experimental quality deer season shall be defined as a deer with at least four points on one side. To be counted as a point, a projection must be at least on inch long and its length must exceed the length of its base. The beam tip is counted as a point but not measured as a point. Killing antlerless deer is prohibited except where specifically allowed.

5. **Either-sex deer** is defined as male or female deer. Taking or possessing spotted fawns is prohibited.

6. It is illegal to hunt or shoot deer with firearms smaller than .22 caliber centerfire or a shotgun loaded with anything other than buckshot or slug. Handguns may be used for hunting.

7. Taking game quadrupeds or birds from aircraft, participating in the taking of deer with the aid of aircraft or from automobiles or other moving land vehicles is prohibited.

8. **Still hunting** is defined as stalking or stationary stand hunting without the use of dog(s). Pursuing, driving or hunting deer with dogs or moving vehicles, including ATVs, when or where a still hunting season or area is designated, is prohibited and will be strictly enforced. The training of deer dogs is prohibited in all still hunting areas during the gun still hunting and archery only season. Deer hunting with dogs is allowed in all other areas having open deer seasons that are not specifically designated as still hunting only. A leashed dog may be used to trail and retrieve wounded or unrecovered deer during legal hunting hours. Any dog used to trail or retrieve wounded or unrecovered deer shall have on a collar with owner’s name, address, and phone number. In addition, a dog may be used to trail and retrieve unrecovered deer after legal hunting hours; however, no person accompanying a dog after legal hunting hours may carry a firearm of any sort.

9. It is illegal to take deer while deer are swimming or while the hunter is in a boat with motor attached in operating position; however the restriction in this Paragraph shall not apply to any person who has lost one or more limbs.

10. Areas not specifically designated as open are closed.

11. **Primitive Firearms Season: Still Hunt Only.** Specific WMAs will also be open, check WMA schedule for specific details. Primitive firearms license is required for resident hunters between the ages of 16 and 59 inclusive and non-residents 16 years of age and older. Either-sex deer may be taken in all deer hunting areas except as otherwise specified. It is unlawful to carry a gun, other than a primitive firearm, or a centerfire rifle shall be fitted with a conductor in darts. The beam tip is unlawful to carry a .22 caliber rimfire pistol loaded with #12 shot (ratshot only).

a. **Legal Firearms for Primitive Firearms Season**

iv. Youths 17 or younger may hunt deer with any legal weapon during the primitive firearms season in each deer hunting area.

12. **Archery Season.** Archery license required for resident bow hunters between the ages of 16 and 59 inclusive and non-residents 16 years of age and older. Either-sex deer may be taken in all areas open for deer hunting except when a bucks only season is in progress for gun hunting, and except in areas 6 and 9 from October 1-15. Archers must conform to the bucks only regulations. Either-sex deer may be taken on WMAs at any time during archery season except when bucks only seasons are in progress on the respective WMA. Also, archery season restricted on Atchafalaya Delta, Salvador, Lake Boeuf, and Pointe-aux-Chenes WMAs (see schedule).

a. **Bow and Arrow Regulations.** Traditional bow, compound bow and crossbow or any bow drawn, held or released by mechanical means shall be a legal means of take for all properly licensed hunters. These provisions shall not apply to persons hunting deer from elevated stands on property that is privately owned or to archery deer hunters hunting on lands where firearm hunting is not allowed by agreement of the landowner or lessee. However, anyone hunting deer on such lands where hunting with firearms is allowed shall be required to display the 400 square inches or a hunter orange cap or hat while walking to and from elevated stands. While a person is hunting from an elevated stand, the 400 square inches or the hat may be concealed.    e. Lands within WMA boundaries will have the same seasons and regulations pertaining to baiting and use of dogs as the WMA within which the lands are enclosed; however, with respect to private lands enclosed within a WMA, the owner or lessee may elect to hunt according to the regular season dates and hunting regulations applicable to the geographic area in which the lands are located, provided that the lands are first enrolled in DMAP. Interested parties should contact the nearest LDWF region office for additional information.

The check in portion must be completed and put in a permit box before each day's activity on the day of the activity (except if hunting from a private camp adjacent to the WMA being hunted or if camping on the WMA, users need only to check in once during any 72 hour period). Users may check-in one day in advance of use. The check-out portion must be carried by each person while on the WMA and must be completed and put in a permit box immediately upon exiting the WMA or within 72 hours after checking in if hunting from a private camp adjacent to the WMA being hunted or if camping on the WMA. No permit is required of fishers and boaters who do not travel on a WMA road and/or launch on the WMA as long as they do not get out of the boat and onto the WMA. Baiting means placing, exposing, depositing or scattering of corn (shelled, shucked or unshucked), wheat or other grain, salt, or other feed so as to constitute a lure, attraction or enticement to, on or over any areas where hunters are attempting to take turkeys. A baited area is any area where corn (shelled, shucked or unshucked), wheat or other grain, salt, or other feed capable of luring, attracting or enticing turkeys is directly or indirectly placed, exposed, deposited, distributed or scattered. Such areas remain baited areas for 15 days following complete removal of all such corn, wheat or other grain, salt, or other feed. Wildlife agents are authorized to close such baited areas and to place signs in the immediate vicinity designating closed zones and dates of closures. No person hunting turkeys more than 200 yards from a baited area will be in violation of the turkey baiting regulation.

B. Tags

1. Prior to hunting turkeys, all turkey hunters, regardless of age or license status, must obtain turkey tags and have them in their possession while turkey hunting. Immediately upon killing a turkey, hunters must attach a carcass tag to the turkey before it is moved from the site of the kill and must document the kill on the turkey harvest report card. The date of kill and parish of kill must be recorded on the carcass tag. The tag must remain attached to the turkey while kept at camp or while it is transported to the domicile of the hunter or to a cold storage facility. Hunters who keep the carcass or meat at a camp must also comply with game possession tag regulations. Within seven days of the kill, the hunter must report the kill. Hunters may report turkeys by calling the validation phone number or using the validation website.

2. Turkey hunters purchasing licenses by phone or internet will be given an authorization number and a LDWF identification number that will serve as their license and tags until the physical license and tags arrive by mail. Turkey hunters who have purchased a license with tags, but have not yet received their physical license and tags, must immediately tag their kill with a possession tag before moving it from the site of the kill. The authorization number and LDWF identification number must be recorded on the possession tag. Hunters must retain documentation of any turkeys killed and upon receiving their physical tags and harvest report card, validate their kill as required in these regulations. The tags for turkeys killed prior to receiving the physical tags must be removed from the turkey harvest report card and discarded.

3. Tags removed from the turkey harvest report card prior to killing a turkey are no longer valid and if lost will not be replaced. Duplicate tags and turkey harvest report cards are available to replace lost report cards and attached tags. Hunters will be charged a fee for duplicate turkey harvest report cards and tags. Hunters that have killed a turkey prior to losing their remaining tag and harvest report card must remove and discard the duplicate tag to account for the original tag that was used and validated. Hunters must record any previously validated turkey on the duplicate turkey harvest report card.

C. Possession of Live Wild Turkeys. No person shall take live wild turkeys or their eggs from the wild. No person shall possess captive live wild turkeys, (Meleagris gallopavo silvestris, M.g. osceola, M.g. intermedia, M.g. merriami, M.g. mexicana) or their eggs, regardless of origin, without a valid game breeder license. G. WMA Turkey Hunting Regulations

1. WMAs with youth turkey hunts are closed to all activities except turkey hunting by authorized youth hunt participants, shooting range use, and fishing on the day(s) of the youth hunt.

2. Self-Clearing Permits. All turkey hunts, including lottery hunts, are self-clearing. Hunters must check in daily by obtaining a permit from a self-clearing station prior to hunting. The self-clearing permit must be in the hunter’s possession while hunting. Upon completion of each days hunt, the hunter must check out by completing and depositing the hunter report portion of the permit in the check-out box at a self-clearing station before exiting the WMA.

3. Lottery Hunts. All or portions of some WMA seasons are designated as lottery hunts and are restricted to hunters selected by pre-application lottery. To apply for these lottery hunts, a hunter must submit a completed official application form to the Baton Rouge office by the deadline printed on the application. A non-refundable fee of $5 must be sent with each application. Applicants for WMA youth hunts must be 17 years of age or younger and at least 8 years old on the day of the hunt. Applicants may submit only one application and may be selected for only one spring WMA turkey lottery hunt annually, except, youths may also apply for the regular WMA turkey lottery. Submitting more than one application per lottery type will result in disqualification. Hunters must abide by self-clearing permit requirements. Hunters chosen for WMA lottery hunts may be accompanied by one person. The person accompanying a lottery hunter shall not possess a firearm/bow or take a turkey, and must remain within a distance that allows normal voice contact with the lottery hunter at all times. Youths chosen for special youth only hunts may be assigned a guide on the day of the hunt provided that guides are available. One person may accompany the youth and guide, but may not hunt.

4. WMA Physically Challenged Hunt (wheelchair confined)—open only to hunters with a physically challenged hunter permit with wheelchair classification. During this hunt, ATVs may be used by hunters on all designated ATV trails in accordance with the physically challenged hunter permit. Hunters must abide by self-clearing permit requirements.

5. Rules Specific to Certain WMAs

a. Sandy Hollow. No turkey hunting within 100 yards of food plots identified by two yellow paint rings around the nearest tree.

b. Sherburne. All turkeys taken must be checked at the WMA headquarters.

§115. Turkey Hunting Areas, Seasons, and Bag Limits

A. Daily limit is one gobbler. Season limit is two gobblers. Turkeys taken on WMAs are part of the season bag limit. Only one turkey may be taken during spring WMA lottery hunts.

B. Turkey season will open on the fourth Saturday in March. The area A turkey season will be 30 consecutive days in length, the area B turkey season will be 23 consecutive days in length, and the area C turkey season will be 16 consecutive days in length. Wildlife management areas, national forests, national wildlife refuges, and U.S. Army Corps of Engineers land may vary from this framework. Deviation from this framework may occur in those years when the fourth Saturday in March falls the day before Easter.

C. Statewide youth turkey and physically challenged season on private lands shall be the weekend prior to the start of the regular turkey season.

D. Only those wildlife management areas listed herein are open to turkey hunting. All other wildlife management areas are closed.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES

RULE TITLE: Resident Game Hunting Season

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The various proposed rule changes have no anticipated impact on state or local governmental units.

The proposed rule changes alter the geographical configuration of the Louisiana deer area system by transferring West Carroll Parish from the area currently designated Area 5 into Area 1. There will be some adjustments made to deer hunting season for West Carroll Parish, but those impacts are anticipated to be minimal. After this, portions of Iberia, Iberville, Saint Martin, and Saint Mary parishes from Area 9 will be transferred into a separate area that will become the new Area 5. The proposed rule changes also set the deer hunting seasons for the newly designated Area 5 for the 2016-2017 season and the 2017-2018 season. Because the seasons for Area 5 will be identical to those in the current Area 9, there will be no change in the deer hunting schedule in the area. Additionally, the proposed rule change alters the regulations for high water closures in portions of Iberia, Iberville, Saint Martin, and Saint Mary parishes. The closure benchmark level for a portion of the current closure area will be lowered from 18 feet to 15 feet. The proposed rule change also closes the Maurepas Swamp WMA deer season when the USGS water level gauge CRMS 5373 is at or above 3.0 feet mean sea level (msl). The proposed rule changes state that camping on WMA is available on a first-serve basis except when otherwise specified and extends the length of leases for houseboats on the Atchafalaya Delta WMA from three to five years. The proposed rule changes modify language pertaining to the ability to use certain watercraft and motor vehicles in various WMAs. The proposed rule changes will also modify the methods, equipment, and dates regarding the hunting of feral hogs, nuisance rodents, and wild turkeys.
The proposed rule changes insert language for migratory bird seasons, regulations, and bag limits into Title 76, Part XIX, transfer language related to a waterfowl refuge and crawfish harvesting regulations from the Ouachita WMA to the Russell Sage WMA, and alters some technical language regarding small game and firearms.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
The proposed rule change is anticipated to have no impact on revenue collections of the state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)
The proposed rule change may have minimal economic impact on persons and non-governmental entities.
The proposed rule changes transferring West Carroll Parish into Area 1 will result in no change in the timing of the deer archery season in West Carroll Parish. It will have no change in the number of deer primitive firearms season in West Carroll Parish but will move the second portion of that season from late-January to mid-January. The proposed rule change will increase the number of all still-hunt deer hunting days in West Carroll Parish from 47 days to 65 days. The proposed rule changes specifying that West Carroll Parish as a still-hunt only area is a continuance of hunting regulations currently in place for West Carroll Parish and will thus have no effect on hunting opportunities.
The proposed rule change transferring portions of Iberia Parish, Iberville Parish, Saint Martin Parish, and Saint Mary Parish from Area 9 into a separate area now to be called Area 5 will have no immediate effect on deer-hunting opportunities in the area.

The proposed rule change lowering the benchmark water level from 18 feet to 15 feet for a portion of the current closure area in Iberia, Iberville, Saint Martin, and Saint Mary parishes will reduce hunting opportunities in the short-term because the area will be closed sooner under the proposed rules change than under the current rules. It will however protect long-term hunting opportunities by protecting the deer stock from potential over-harvesting during high-water episodes. These benefits are also applicable to the closure of the Maurepas Swamp WMA during periods of flooding. The proposed rule change that extends the length of leases for houseboats on the Atchafalaya Delta WMA from three to five years may benefit leaseholders who obtain the leases. It may however reduce future opportunities for individuals to obtain houseboat leases if they become available less frequently as a result of the longer lease periods. In practice, however, this negative effect is expected to be very modest because mooring locations on the WMA are currently freely available.
The proposed rule change inserting language regarding migratory bird seasons, regulations, and bag limit into Title 76, Part XIX reflects changes in the state and federal regulatory mechanism for management of these species. It is not expected to result in a change in hunting opportunities for migratory birds.
The remaining proposed rule changes are expected to have negligible impact on directly affected persons or non-governmental groups.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
There is no estimated effect on competition and employment as a result of the proposed rule changes.

Deepwater Horizon Oil Spill: Final Phase V Early Restoration Plan and Environmental Assessment

ACTION:
Notice of Availability of Final Early Restoration Plan

SUMMARY:
In accordance with the Oil Pollution Act of 1990 (OPA), the Louisiana Oil Spill Prevention and Response Act (OSPRA), the National Environmental Policy Act (NEPA), and the Framework Agreement for Early Restoration Addressing Injuries Resulting from the Deepwater Horizon Oil Spill, notice is hereby given that the federal and state natural resource trustee agencies (trustees) have approved the Phase V Early Restoration Plan and Environmental Assessment (Phase V ERP/EA) describing the first phase of an early restoration project (Florida Coastal Access Project) intended to continue the process of restoring natural resources and services injured or lost as a result of the Deepwater Horizon oil spill, which occurred on or about April 20, 2010, in the Gulf of Mexico. The trustees have selected the first phase of the Florida Coastal Access Project, which is consistent with the early restoration program alternatives selected in the Final Phase III Early Restoration Plan/Programmatic Environmental Impact Statement (Phase III ERP/PEIS). The Phase V ERP/EA also includes notices of change and supporting analyses for two Phase III Early Restoration Projects, “Strategically Provided Boat Access Along Florida’s Gulf Coast—City of Port St. Joe, Frank Pate Boat Ramp Improvements” and “Florida Artificial Reef Creation and Restoration”. The purpose of this notice is to inform the public of the availability of the Final Phase V ERP/EA.

SUPPLEMENTARY INFORMATION:
Introduction
On or about April 20, 2010, the mobile offshore drilling unit Deepwater Horizon, which was being used to drill a well for BP Exploration and Production, Inc. (BP) in the Macondo prospect (Mississippi Canyon 252—MC 252), experienced a significant explosion, fire, and subsequent sinking in the Gulf of Mexico, resulting in an unprecedented volume of oil and other discharges from the rig and from the wellhead on the seabed for a period of over three months. The Deepwater Horizon Oil Spill is the largest oil spill in U.S. history, discharging millions of barrels of oil over a period of 87 days. In addition, well over 1,000,000 gallons of dispersants were applied to the waters of the spill area in an attempt to disperse the spilled oil. An undetermined amount of natural gas was also released into the environment as a result of the spill.

The trustees are conducting the natural resource damage assessment for the Deepwater Horizon oil spill under the Oil Pollution Act 1990 (OPA; 33 U.S.C. 2701 et seq.). Pursuant to OPA, federal and state agencies and Indian tribes may act as trustees on behalf of the public to assess natural resource injuries and losses, and to determine the actions required to compensate the public for those injuries and losses. OPA further instructs the designated trustees to develop and implement a plan for the restoration, rehabilitation, replacement, or acquisition of the equivalent of the injured natural resources under their trusteeship, including the loss of use and services from those resources from the time of injury until the time of restoration to baseline (the resource quality and conditions that would exist if the spill had not occurred) is complete. For the Deepwater Horizon oil spill, designated trustees in four Federal agencies and all five Gulf States—Alabama, Florida, Louisiana, Mississippi, and Texas—have been working together to assess natural resource injuries and prepare a series of restoration plans described below.

The trustees are:
U.S. Department of the Interior (DOI), as represented by the National Park Service, U.S. Fish and Wildlife Service, and Bureau of Land Management;
National Oceanic and Atmospheric Administration (NOAA), on behalf of the U.S. Department of Commerce;
U.S. Department of Agriculture (USDA);
U.S. Environmental Protection Agency (USEPA);
state of Louisiana Coastal Protection and Restoration Authority, Oil Spill Coordinator’s Office, Department of Environmental Quality, Department of Wildlife and Fisheries, and Department of Natural Resources;
state of Mississippi Department of Environmental Quality;
state of Alabama Department of Conservation and Natural Resources and Geological Survey of Alabama;
state of Florida Department of Environmental Protection and Fish and Wildlife Conservation Commission; and...
for the state of Texas: Texas Parks and Wildlife Department, Texas General Land Office, and Texas Commission on Environmental Quality.

**Background**

In the April 20, 2011 framework agreement, BP agreed to provide to the trustees up to $1 billion toward early restoration projects in the Gulf of Mexico to address injuries to natural resources caused by the Deepwater Horizon oil spill. The framework agreement represents a preliminary step toward the restoration of injured natural resources and is intended to expedite the start of restoration in the Gulf in advance of the completion of the injury assessment process. The framework agreement provides a mechanism through which the trustees and BP can work together “to commence implementation of early restoration projects that will provide meaningful benefits to accelerate restoration in the Gulf as quickly as practicable” prior to the resolution of the trustees’ natural resource damages claim. Early restoration is not intended to and does not fully address all injuries caused by the Deepwater Horizon oil spill. Restoration beyond early restoration projects will be required to fully compensate the public for natural resource losses, including recreational use losses, from the Deepwater Horizon oil spill.

A notice of availability of the Draft Phase V Early Restoration Plan and Environmental Assessments (Draft Phase IV ERP/EAs) was published in the *Louisiana and Federal Registers* on November 20 and December 1, 2015, respectively. The trustees provided the public with a 30-day period to review the Draft Phase V ERP/EA, and held one public meeting in Panama City, FL. The trustees considered the public comments received, which informed the trustees’ analyses and selection of the early restoration project in the final Phase V ERP/EA. A summary of the public comments received, and the Trustees’ responses to those comments, are addressed in chapter 4 of the final Phase V ERP/EA.

In four previous phases, the trustees selected, and BP agreed to fund, a total of 64 early restoration projects expected to cost a total of approximately $832 million. The trustees selected these projects after public notice, public meetings, and consideration of public comments, through the Phase I Early Restoration Plan/Environmental Assessment (Phase I ERP/EA), Phase II Early Restoration Plan/Environmental Review (Phase II ERP/ER), the Programmatic and Phase III Early Restoration Plan and Early Restoration Programmatic Environmental Impact Statement (Phase III ERP/PEIS), and the Phase IV Early Restoration Plan/Environmental Assessments (Phase IV ERP/EA).

**Overview of the Draft Phase V ERP/EA**

The Final Phase V ERP/EA is being released in accordance with OPA, the natural resource damage assessment (NRDA) regulations found in the *Code of Federal Regulations* (CFR) at 15 CFR 990, the National Environmental Policy Act (42 U.S.C. 4321 et seq.), and the Framework for Early Restoration Addressing Injuries Resulting from the *Deepwater Horizon* Oil Spill. The trustees approved the first phase of the Florida Coastal Access Project in the Phase V ERP/EA. The total estimated cost for the first phase of the Florida Coastal Access Project is $34,372,184, and the total estimated cost of the entire Florida Coastal Access Project is $45,415,573. The trustees may propose in an additional future phase similar restoration activities that would utilize the remaining $11,043,389, if approved. Details on the first phase of the Florida Coastal Access Project are provided in the Phase V ERP/EA.

The first phase of the Florida Coastal Access Project is intended to continue the process of using early restoration funding to restore natural resources, ecological services, and recreational use services injured or lost as a result of the Deepwater Horizon oil spill. The Trustees considered hundreds of projects leading to the identification of the Florida Coastal Access Project and considered both ecological and recreational use restoration projects to restore injuries caused by the Deepwater Horizon oil spill, addressing both the physical and biological environment, as well as the relationship people have with the environment. The Phase V ERP/EA also includes notices of change and supporting analysis for two Phase III Early Restoration Projects: “Strategically Provided Boat Access Along Florida’s Gulf Coast—City of Port St. Joe, Frank Pate Boat Ramp Improvements” and “Florida Artificial Reef Creation and Restoration.”

**Administrative Record**

The documents comprising the administrative record can be viewed electronically at the following locations: http://www.doi.gov/deepwaterhorizon/adminrecord.aspx; or http://la-dwh.com/AdminRecord.aspx.

**Authority**

*The proposed Florida Coastal Access Project would proceed in phases. The additional future phase may consist of similar restoration activities and shall be identified and selected by the Trustees in the same manner and using the same criteria as described in the Draft Phase V ERP/EA and in accordance with OPA, NEPA, and other applicable laws, and after public review of the proposed action.*

Public Hearing—Substantive Changes to Proposed Rule
Prohibited Activities (LAC 46:LXVII.30701)

The Louisiana Real Estate Appraisers Board published a Notice of Intent in the Louisiana Register on November 20, 2015, to amend Chapters 307 (Prohibited Activities), 309 (Disciplinary Authority; Enforcement and Hearings), and 311 (Compensation of Fee Appraisers). The notice invited interested parties to submit written comments. After a thorough review and careful consideration of the received comments, the board proposes to amend certain portions of the proposed rules: amend §30701.A.9 to provide for language that is conducive to the requirements of the Uniform Standards of Professional Appraisal Practice (USPAP), which are the generally accepted standards for professional real estate appraisal practice in North America. No fiscal or economic impact will result from the amendments proposed in this notice.
