**EXECUTIVE ORDER JBE 19-12**  
Emergency Operations Plan

WHEREAS, the state of Louisiana must be prepared to respond and recover in a coordinated, effective and efficient manner to all the emergencies and disasters to which it is subjected;

WHEREAS, the state of Louisiana must be organized in such a way as to effectively bring available state, federal and private resources together to support the response and recovery efforts of our local communities;

WHEREAS, it is the policy of the state of Louisiana for all homeland security and emergency preparedness functions to follow the principles outlined in the National Incident Management System, or its successor, and La. R.S. 29:722(C); and

WHEREAS, the state of Louisiana will best achieve effective coordinated emergency planning by updating the state’s current emergency operations order through the replacement of Executive Order No. JBE 2017-19, issued on July 31st, 2017 and by the Governor’s Office of Homeland Security and Emergency Preparedness updating its emergency operations plan.

NOW THEREFORE, I, John Bel Edwards, Governor of the state of Louisiana, by virtue of the authority vested by the Constitution and the laws of the state of Louisiana, do hereby order and direct as follows:

**SECTION 1:**  
A. The director of the Governor’s Office of Homeland Security and Emergency Preparedness, state of Louisiana, (hereafter “director”), shall direct the state of Louisiana’s emergency and/or disaster operations; and

B. The director, or the director’s designee, shall also coordinate the activities of all non-state agencies, departments, and/or organizations involved in emergency management within the state of Louisiana.

**SECTION 2:**  
A. This Executive Order shall constitute the state of Louisiana Emergency Operations Plan (“Plan”), which shall be binding on all departments, commissions, boards, agencies, organizations and employees of the state of Louisiana, and on all local governments or political subdivisions of the state authorized or directed to conduct homeland security and emergency management operations.

B. The director shall supplement the provisions of the Plan by prescribing rules, regulations, and procedures. Once adopted, the supplement shall also be binding on all departments, commissions, boards, agencies, organizations and employees of the state of Louisiana, and on all local governments or political subdivisions of the state authorized or directed to conduct homeland security and emergency management operations.

C. Any supplement or subsequent changes to the plan shall continue to follow the principles outlined in the National Incident Management System, or its successor, and also provide for the emergency operations that may be implemented should an emergency and/or disaster strike the state of Louisiana or an area within the state of Louisiana.

**SECTION 3:**  
A. The director shall control the activation and/or implementation of the Plan and the conclusion and/or deactivation of the Plan.

B. The director shall also control the activation and deactivation of the state Emergency Operations Center (hereafter “Center”).

C. The activation of the Center shall constitute the implementation of the Plan.

**SECTION 4:**  
The departments, offices, agencies, and organizations of the state of Louisiana government have primary and support responsibilities for the following Emergency Support Functions (ESF) and Recovery Support Functions (RSF):

**SECTION 5:**  
The head of each department, office, agency, and organization identified in Section 4 of this Order shall designate both an emergency coordinator and an alternate coordinator to act on the department’s behalf during an emergency situation, and furnish the director with their names and all phone numbers. The head shall also designate a Continuity of Operations Plan (COOP) coordinator who will prepare and maintain plans, procedures, arrangements, and agreements to ensure that the organization will continue to carry out its mission in an emergency or disaster.

Emergency Rules

DECLARATION OF EMERGENCY

Department of Agriculture and Forestry
Office of Agriculture and Environmental Sciences

Citrus Greening Quarantine
(LAC 7:XV.127)

In accordance with the emergency provisions of the Administrative Procedure Act, R.S. 49:953(B), and pursuant to the authority of the state entomologist in R.S. 3:1652, notice is hereby given that Department of Agriculture and Forestry is adopting these emergency regulations establishing a quarantine for citrus greening disease (“CG”), also known as Huanglongbing disease of citrus, caused by the bacterial pathogen Candidatus Liberibacter spp. The state entomologist has determined that CG has been found in this state and may be prevented, controlled, or eradicated by quarantine.

CG poses an imminent peril to the health and welfare of the Louisiana commercial citrus industry due to its ability to infest rutaceous plants. This industry has a farm value of $2.4 - $5 million in southeastern Louisiana in the form of citrus nursery stock, and $5.1 million in the form of commercial citrus fruit in the state. CG renders the fruit unmarketable and ultimately causes death of infested plants. Failure to prevent, control, or eradicate this pest threatens to destroy Louisiana’s commercial citrus industry and the growing and harvesting of citrus by citizens of Louisiana for their own private use.

Louisiana’s commercial citrus industry adds $7.5 - $10 million dollars to the state’s agriculture economy each year. Sales of citrus trees and plants by nursery stock dealers to private individuals also are important to the state’s economy. The loss of the state’s commercial citrus industry and privately owned citrus trees and fruit would be devastating to the state’s economy and to its private citizens. The quarantine established by this emergency regulation is necessary to prevent the spread of CG in Louisiana outside of the current areas where this disease has already been found.

For these reasons, the outbreak CG in Louisiana presents an imminent peril to the health, safety and welfare of Louisiana’s citizens and the state’s commercial and private citrus industry. As a result of this imminent peril, the Department of Agriculture and Forestry hereby exercises its full and plenary power pursuant to R.S. 3:1652 to deal with crop and fruit pests and contagious and infectious crop and fruit diseases by imposing the quarantines set out in these emergency regulations.

This Rule shall have the force and effect of law upon signature, and will remain in effect 120 days, unless renewed by the Commissioner of Agriculture and Forestry or until permanent rules are promulgated in accordance with law.

DECLARATION OF EMERGENCY

Department of Agriculture and Forestry
Office of Agriculture and Environmental Sciences

Emerald Ash Borer Quarantine (LAC 7:XV.167)

In accordance with the emergency provisions of the Administrative Procedure Act, R.S. 49:953(B), and the authority of the state entomologist pursuant to R.S. 3:1652, and in order to avoid a lapse in coverage until a permanent rule is in effect, notice is hereby given that Department of Agriculture and Forestry is adopting these emergency regulations establishing a quarantine in Caddo Parish for the following pest: Emerald Ash Borer (“EAB”), Agrilus planipennis Fairmaire. The state entomologist has determined that EAB has been found in Caddo Parish and may be prevented, controlled, or eradicated by quarantine.

EAB poses an imminent peril to the health and welfare of Louisiana forests, commercial and private forestry/wood product industries, and nursery growers due to its ability to infest ash trees. In 2013, the wholesale value of woody ornamental sales for nursery growers in the state was $62.6 million, a portion of which is comprised of sales of ash trees (Louisiana State University AgCenter 2013 Louisiana Summary, Agriculture and Natural Resources). Louisiana’s forests and forestry/wood products industries generated an output industry production value of $10.86 billion in 2012, a
portion of which is comprised of ash trees and ash tree products (Louisiana State University AgCenter publication 3367-G, 2015). Sales of ash firewood by retail and wholesale suppliers to private individuals also are important to the state’s economy.

Natural spread of EAB is limited to relatively short distances. However, without restriction, EAB can spread through human-assisted means over long distances via infested ash nursery stock, ash logs/timber and cut firewood. Once an ash tree is infested, it experiences twig dieback and tree decline. Tree death occurs within a few years. Failure to prevent, control, or eradicate this pest threatens to damage Louisiana’s commercial ash tree nursery industry, and over time this pest poses a threat to destroy the majority of ash in our state, both commercial and residential. The loss of the state’s commercial nursery-grown ash trees, forestry/wood ash products and even residual ash trees would be devastating to the state’s economy and to its private citizens. The quarantine established by this emergency regulation is necessary to prevent the spread of EAB to all areas in Louisiana where ash may exist, outside of the current areas where this pest has been found.

For these reasons, the presence of EAB in Louisiana presents an imminent peril to the health, safety and welfare of Louisiana’s citizens and forests, the state’s commercial and private forestry/wood product industries, and nursery growers. As a result of this imminent peril, the Department of Agriculture and Forestry, Office of Forestry and Office of Agricultural and Environmental Sciences, hereby exercises its full and plenary power pursuant to R.S. 3:1652 to deal with crop and fruit pests and contagious and infectious crop and fruit diseases by imposing the quarantine set out in these emergency regulations.

This Rule shall have the force and effect of law upon signature and will remain in effect 120 days, unless renewed by the commissioner of agriculture and forestry or until permanent rules are promulgated in accordance with law.

DEPARTMENT OF CHILDREN AND FAMILY SERVICES
Division of Child Welfare
Foster Care
(LAC 67:V.4101)

The Department of Children and Family Services (DCFS), Child Welfare, has exercised the emergency provision of the Administrative Procedure Act, R.S. 49:953(B) to amend LAC 67:V, Subpart 5 Foster Care, Chapter 41 Guardianship Subsidy Program, Section 4101 Subsidizing Guardianship Arrangements for Children in Foster Care. This declaration is necessary to extend the original Emergency Rule since it is effective for a maximum of 120 days and will expire before the Final Rule takes effect. This Emergency Rule extension is effective on August 28, 2019 and shall remain in effect until the final rule becomes effective.

Pursuant to SEC. 473. [42 U.S.C. 673], amendment of section 4101 of this code is necessary to ensure children in foster care in Louisiana are afforded the full benefits possible in achieving permanency through guardianship. Additionally, with regard to federal Public Law 115-123 enacted February 9, 2018, the benefits available through the guardianship subsidy are being expanded.

The department considers emergency action necessary to implement this opportunity for establishing more stable, permanent care options for children in foster care, and stabilizing situations where guardians of children who have exited foster care and achieved the legal age of majority can continue to receive support as long as the guardian continues to provide care for the child and the guardian remains responsible for financial support of the child, if the child meets the same eligibility criteria as children eligible for the department’s Extended Foster Care program.

Title 67
SOCIAL SERVICES
Part V. Child Welfare
Subpart 5. Foster Care
Chapter 41. Guardianship Subsidy Program
§4101. Subsidizing Guardianship Arrangements for Children in Foster Care

A. Overview of Program Purpose
1. The Subsidized Guardianship Program enables the Department of Children and Family Services (DCFS) to make payments to certified relative and fictive kin caregivers as well as certified caregivers with a significant familial bond with the child on behalf of a child who otherwise might not be able to achieve permanency outside of department custody because of special needs or other circumstances. Subsidy payments shall be limited to child(ren) for whom guardianship is indicated due to other more permanent options such as reunification with the parents, immediate unsubsidized custody to a relative or other caregiver, or adoption being determined unfeasible for the child. The guardianship subsidy applies only to a child(ren) for whom the DCFS holds legal custody, only to potential caregivers with whom the child has a significant
familial bond; with whom it would be in the child’s best interest to remain until the age of majority, and when the kinship placement provider or other caregiver with a significant familial bond becomes a certified foster caregiver according to the certification standards of the state, and, the child(ren) remains in the certified kinship placement or placement with the other caregiver with a significant familial bond for at least six consecutive months during the current foster care episode prior to entering the guardianship subsidy arrangement. The guardianship subsidy also applies to successor guardian(s) who meet the following criteria:

a. the successor guardian is named in the guardianship subsidy agreement with DCFS;

b. the successor guardian and all adult household members have satisfactorily completed national fingerprint based criminal and child abuse/neglect background clearances; and

c. guardianship is transferred by a court to the successor guardian in accordance with Louisiana Children’s Code articles 718 through 724.1.

2. The prospective guardianship family must meet basic foster care certification eligibility requirements or the successor guardianship criteria in all respects except for the ability to assume complete financial responsibility for the child’s care.

3. An extended guardianship subsidy may be provided to the guardians or successor guardians of a child who initially received a guardianship subsidy from DCFS after achieving the age of 16, but prior to achieving the age of 18, when the guardian continues to provide care for the child and the guardian remains responsible for financial support of the child, if the child meets the same eligibility criteria as children eligible for the department’s extended foster care program. An extended special board subsidy for a child ages 18 to 21 must be reviewed quarterly and may be renewed annually as long as the child continues to meet the same eligibility criteria as children eligible for the department’s extended foster care program. The continued need for the special board rate shall be reviewed at the time of the quarterly reviews. The review shall consist of a determination of whether the same level of specialized care by the guardian, for which the special board rate was being provided at the time of the initial subsidy agreement, continues to be necessary to meet the child’s needs. Any reduction in the level of care required by the guardian or successor guardian should result in a decrease in the amount of special board rate compensation to the guardian.

3. Special Services

a. The special services subsidy is time limited and in some cases may be a one-time payment. It is the special assistance given to handle an anticipated expense when no other family or community resource is available. If needed, it can be offered in addition to the maintenance and special board rate subsidy. The special services subsidy must be established as a part of the initial guardianship subsidy agreement, and may not be provided or renegotiated based on any circumstances which develop or issues identified after that point. Special services subsidies include the following types of needs:

i. special medical costs deemed medically necessary for the daily functioning of the child for any condition existing prior to the date of the initial judgment establishing guardianship with the kinship caregiver or other caregiver with a significant familial bond and not covered by Medicaid or other insurance:

ii. ongoing therapeutic treatment costs to complete current therapy and future treatment costs on a time limited basis up to 18 years of age or for the duration of an extended subsidy for any eligible child, as department resources allow, related to the abuse/neglect received by the child and impacting the child’s capacity to function effectively as part of the child’s educational, family or social environment. This does not include the cost of residential therapeutic foster care. Changes in the maintenance subsidy rate routinely only occur once a year and the adjustment is typically made at the time of the subsidy renewal, or due to a change in the child’s age. Adjustments to the maintenance subsidy rate may also occur due to availability of funds, legislative changes or adjustments to the regular foster care board rate.

2. Special Board Rate. Foster parents entering into a guardianship agreement for a foster child for whom a special board rate was received during the foster care episode may request up to a maximum of $240 which is 80 percent of the special board rate amount of $300. This is only provided if the care and needs of the child in the guardianship arrangement warrant this same special board rate. The special board rate subsidy may be renewed on the child’s eighteenth birthday and extended up to age 21 if the guardian continues to provide care for the child and the guardian remains responsible for financial support of the child, if the child meets the same eligibility criteria as children eligible for the department’s extended foster care program.
care or psychiatric hospitalization, nor does it include therapeutic intervention for the sole purpose of providing behavior management assistance to the guardian;

iii. legal and court costs to the potential guardian family up to $1000 for children who are not title IV-E eligible and up to $2000 for children who are title IV-E eligible for establishing the guardianship arrangement. This service is only available for costs distinct and separate from the routine costs of the child in need of care proceedings to provide for costs to the potential guardian in establishing the guardianship arrangement. This legal and/or court fee will be provided as a non-reoccurring, one-time payment for each guardianship episode.

b. Medicaid Eligibility. The child remains eligible for Medicaid coverage up to 18 years of age when entering a guardianship subsidy arrangement from foster care. This coverage will be eligible utilizing title IV-E federal benefits if the child was title IV-E eligible at the time of the subsidy arrangement. For children not eligible for title IV-E, this coverage will be provided through title XIX federal benefits or state general funds. For a Louisiana child who is placed out of state in a potential guardianship placement or who moves to another state after the establishment of a guardianship subsidy, if the child is eligible for title IV-E guardianship subsidy payments, the child is also categorically eligible for Medicaid in the state in which the child resides whether that state participates in the title IV-E Guardianship Subsidy Assistance Program or not.

c. Chaffee Foster Care Independent Living Skills Training and Education Training Voucher Eligibility. The child is eligible for consideration for participation in the Chaffee Foster Care Independent Living Skills Training and for Education Training Vouchers if the child initially enters a guardianship arrangement from foster care (not a successor guardianship) after reaching 16 years of age, as long as the child meets any other program eligibility requirements.

C. Exploration of Guardianship Resources

1. Before a child is determined by the Department of Children and Family Services (DCFS) as eligible for a guardianship subsidy, it must be determined the child cannot be reunited with the parents, and resources for adoptive placement must be explored by the child’s worker. If the kinship family or other caretakers with a significant familial bond with the child and with whom the child is placed refuses to adopt the child or is unable to be certified as an adoptive family, the department has to show efforts to achieve the more permanent case goal of adoption for the child and demonstrate the benefits of maintaining the child in the placement in a guardianship arrangement as opposed to ongoing efforts in pursuing adoption or any other long term permanency arrangement. It is also necessary for the child’s worker to discuss plans for a guardianship arrangement with the child and document the outcome of that discussion with the child, including agreement with that plan by any child 14 years of age up to 18 years of age. Lack of agreement by any child 14 years of age up to 18 years of age should be an ongoing topic of counseling regarding the benefits of the arrangement between the worker and the child, until a permanency option is achieved for the child or until the child attains 18 years of age.

2. Whenever an eligible child in the custody of DCFS is legally placed based on the interstate compact on the placement of children guidelines with a certified kinship caregiver or other certified caretaker with a significant familial bond with the child in another state, the family shall be eligible for a guardianship subsidy under the same conditions as Louisiana residents.

D. Eligibility Criteria

1. The DCFS, Guardianship Subsidy Program, will determine the appropriateness of subsidy benefits, the type of subsidy, and, the level of the subsidy. An agreement form between the DCFS and the prospective guardianship parent(s), with clearly delineated terms, including designation of a successor guardian, if desired, must be signed prior to the granting of the final decree for guardianship. This agreement will be reviewed on an annual basis thereafter by the DCFS to insure ongoing eligibility. Any extended guardianship subsidy for a child who has attained 18 years of age must be reviewed quarterly to ascertain ongoing eligibility.

2. Subsidy payments shall be limited to a child(ren) for whom guardianship is indicated due to other more permanent options such as reunification with the parents, or adoption being determined unfeasible for or not in the best interests of the child. The exception would be any child who has been receiving a subsidy payment and enters a successor guardianship. A more permanent option for placement is not required as these children do not re-enter state custody.

3. The guardianship subsidy applies only to a child(ren) for whom the DCFS holds legal custody, only to potential caretakers with whom the child has an established familial or emotional relationship which it is deemed to be in the child’s best interest to continue, and when the kinship placement provider or other caregiver with a significant familial bond with the child becomes a certified foster caregiver according to the certification standards of the State, and, the child(ren) remains in the certified kinship/caretaker placement for at least six consecutive months during the current foster care episode prior to entering the guardianship subsidy arrangement. The exception would be children entering a successor guardianship. There is no requirement for the child to be in DCFS custody, to be with a caregiver with an established relationship, for certification of the caregiver, nor for a child to be placed with the successor guardian for any length of time prior to entering the guardianship subsidy arrangement.

4. A family is considered eligible for participation in the Guardianship Subsidy Program if they are related to the child or family of the child through blood or marriage or if there exists a fictive kin relationship, which is defined as a relationship with those individuals connected to an individual child or the family of that child through bonds of affection, concern, obligation, and/or responsibility prior to the child’s original entry into the custody of the state, and the individual(s) are considered by the child or family to hold the same level of relationship with the child or family as those individuals related by blood or marriage. The exception would be an individual considered for the successor guardianship named by the guardian in the guardianship subsidy agreement with DCFS. Additionally, a family is eligible for participation in the Guardianship Subsidy Program if they have a “significant familial bond” with the child. This term is used to describe individuals with whom the child has a very close affinity who may or may
not have been known to the child or his/her family prior to foster care entry. It is also intended to convey the importance of the relationship to the well-being of the child in maintaining a connection into the future. The child demonstrates this bond through a strong attachment to the caregiver. A family with whom the child shares a significant familial bond could potentially include foster parents who are unable or unwilling to establish an adoptive relationship with the child in spite of DCFS efforts to overcome barriers to adoption, yet who are willing to commit to long term permanency through guardianship for the child. This is demonstrated by non-related family who have a significant and positive relationship with the child and who have a strong commitment to caring permanently for the child.

E. Effects of Deaths of Guardians on Guardianship Subsidy

1. When a child has been placed in an approved guardianship placement with a guardianship subsidy agreement in effect and the guardian dies prior to the child reaching the age of majority, the child’s eligibility for a guardianship subsidy shall not be affected if a successor guardian was named in the original guardianship subsidy agreement. The child may remain in the care of a duly designated tutor/guardian as established by the guardian family prior to their death, without further involvement of the department. If the “duly designated” tutor/guardian requires financial assistance to maintain the care of the child and the individual was named in the guardianship subsidy agreement as a successor guardian, it is not necessary for the child to return to state custody and those individuals to become certified foster parents. Successor guardians named in the original guardianship subsidy agreement who take over financial responsibility for a child for whom the original guardians have been receiving an extended guardianship subsidy and the original guardians have died may receive the extended guardianship subsidy as well as long as the child continues to meet eligibility requirements up to the child achieving age 21.

2. If no successor guardian was named in the guardianship subsidy agreement, any individual otherwise legally designated as a tutor/guardian for the child and requiring financial assistance to sustain the care of the child would have to return the child to state custody and those individuals would have to become certified foster parents. Adoption of the child by the family should be explored as well, since adoption is a more permanent relationship for the child and family. If the family and home are determined to be safe for the care of the child through assessment of the home environment, fingerprint based criminal records clearance, and child abuse/neglect clearances, the child may remain in the care of the family while they are certified.

3. Where a guardianship subsidy agreement is in effect and the guardians both die prior to the child reaching the age of majority, the subsidy agreement will end. The child may remain in the care of a duly designated tutor/guardian as established by the family prior to their death, without further involvement of the department.

4.a. If the designated tutor/guardian requires financial assistance to maintain the care of the child, it will be necessary for the child to return to state custody and those individuals to become certified as foster parents and provide care to the child six consecutive months after certification and prior to entering into a guardianship subsidy agreement with the department. During the process of becoming certified as foster parents the family may continue to provide care to the child, as long as they are determined to be safe caregivers through a minimum of:

   i. department assessment of the home environment;
   ii. national fingerprint based criminal records clearances on all adults in the home; and
   iii. child abuse/neglect clearances on all adults in the home.

b. Adoption of the child by the family will be explored by the department as well. There can be no financial support of the child by the child welfare agency while being cared for by the family until such family has been certified, other than incidental expenditures routinely reimbursed to other non-certified caregivers of children in foster care. Each guardianship arrangement is considered a new episode. Therefore, the department may provide legal and court costs to support the establishment of this new legal guardianship arrangement between the potential guardian and the child up to $1000 for children who are not title IV-E eligible and up to $2000 for children who are title IV-E eligible. No legal or court costs are provided for any guardianship arrangement established on or after the child’s eighteenth birthday.

DECLARATION OF EMERGENCY

Department of Public Safety and Corrections
Manufactured Housing Commission

Manufactured Housing Repairs (LAC 55:V.553 and 555)

The Department of Public Safety and Corrections, Office of State Fire Marshal, Manufactured Housing Commission, hereafter referred to as the “Commission”, has exercised the emergency provision, in accordance with R.S. 49:953(B) of the Administrative Procedure Act, to amend, supplement and expand portions of and readopt LAC 55:V. Chapter 5 as authorized by R.S. 51:911.26(E) and (F)(11). On March 25, 2019, the Commission adopted an Emergency Rule which became effective for the purpose of creating standards applicable to repairs made to used manufactured homes which are located within the State of Louisiana. In particular, the Emergency Rule, as promulgated in the April 20, 2019 Louisiana Register, Volume 45, No. 04, is applicable to manufactured homes which were constructed during and after January 2006 and built to standards and codes promulgated by the United States Department of Housing and Urban Development (HUD), under the National
Manufactured Home Construction and Safety Standards Act of 1974, 42 U.S.C. 5401 et seq., as amended. The Emergency Rule adopted LAC 55:V:Chapter 5, Subchapter C., Manufactured Housing (Repairs), which adopted standards to be used in repairing the used manufactured homes. However, the standards failed to adequately address the repairs made to the aforesaid manufactured homes. Therefore, using said standards also failed to restore the damaged portion of the structure that existed prior to the damage.

Specifically, the previous Emergency Rule stated that the 2015 Wood Frame Construction Manual (WFCM), the plumbing and mechanical portions of the 2015 edition of the International Residential Code (IRC) and the 2014 National Electrical Code (NEC), as applicable, would be the standards used for the repairs made to used manufactured homes built during and after 2006. However, the current edition of the Manufactured Home Construction and Safety Standards, specifically CFR Title 24, Part 3280.4, which is dated April 22, 2019, references only portions of the 2005 NEC. Major provisions are specifically excluded from this, such as arc-fault circuit protection. New manufactured homes, which are built to the CFR, cannot be repaired to all of the standards mandated in the 2014 NEC without replacing most of the electrical system. In addition, several options of standards for wood frame construction are listed for use with new construction, none of which reference the WFCM.

This current Emergency Rule addresses repairs made to homes built after July 15, 1976 that are no longer in compliance with the standards to which they were built. In particular, it addresses the procedures that need to be utilized before local jurisdictions will reinstate services, utilities, and any and all other amenities that were discontinued due to the damage incurred to the manufactured home which prompted the repairs.

The adoption of this Rule on an emergency basis is necessary due to the fact that many home owners lack the resources available to hire individuals, such as architects and engineers, to advise the homeowner on how to restore and repair the damaged manufactured homes. As a result, as seen in the flood of August 2016, many homes are abandoned and become an imminent peril to the public health, safety and welfare of society. In addition, these abandoned homes become a blight to surrounding property, diminishing property values. Therefore, this becomes a problem for local and parish jurisdictions to address, with many of these jurisdictions not having the financial resources to remove the abandoned homes. The adoption of this Rule is essential so that owners of manufactured homes have the knowledge required to restore and repair their homes.

This Emergency Rule is being re-promulgated and re-adopted by signature of the agency head, Chief H. “Butch” Browning, Jr., July 25, 2019, for publication in the August edition of the Louisiana Register (Vol. 45, No. 08). It shall be in effect for the maximum period allowed under the Administrative Procedure Act, 120 days, unless rescinded, renewed or until adoption of the final Rule, whichever occurs first.

DECLARATION OF EMERGENCY

Department of Public Safety and Corrections
Uniform Construction Code Council

Uniform Construction Code—Storm Shelters
(LAC 17:1.101)

The Department of Public Safety and Corrections, Office of the State Fire Marshal, Louisiana State Uniform Construction Code Council (LSUCCC) has exercised the emergency provision in accordance with R.S. 49:953(B), of the Administrative Procedure Act, to amend, supplement and expand portions of and readopt LAC 17:1.Chapter 1 in the state Uniform Construction Code as authorized by R.S. 40:1730.26 and R.S. 40:1730.28. Furthermore, the LSUCCC has found an immediate need to adopt amendments of the current building provisions in the International Building Code regarding health and safety for the public.

The LSUCCC is promulgating this Rule adoption and amendments to provide greater health and safety for the public and those providing installation of Storm Shelters. This Rule was first adopted and published in the January 2018 edition of the Louisiana Register (Vol. 44, No. 01). The Rule became effective on February 1, 2018. This Emergency Rule is being promulgated to continue those provisions. It was favorably voted on by the Uniform Construction Code Council on March 12, 2019. By signature of the agency head, Chief H. “Butch” Browning, Jr., it was adopted and became effective March 26, 2019. It was last published in the April edition of the Louisiana Register (Vol. 45, No. 04) and made effective for the maximum period allowed under the Act (120 days). The LSUCCC is re-promulgating and re-adopting this Emergency Rule by signature of the agency head, effective July 26, 2019, for publication in the August edition of the Louisiana Register (Vol. 45, No. 08). It shall be in effect for the maximum period allowed under the Act (120 days) or until adoption of the final Rule, whichever occurs first.

The adoption of the 2015 International Building Code, Section 423 provides for storm shelter requirements in specific parishes in the northern region of the state. These requirements include new or additions to facilities for schools, and essential services such as fire, police, EMS, and 911 call centers. Many design professionals, school boards, and essential services agencies were unaware of this requirement. They secured funding with proposed budgets without this requirement being addressed in the plans and specifications. Bonds were secured for funding based on the older edition of the code without the increased cost for storm
safety and welfare of not only school age children but for the public as well.

**DECLARATION OF EMERGENCY**

**Department of Revenue**  
**Office of Alcohol and Tobacco Control**

**CBD Product Public Safety Regulations**  
(LAC 55:VII. Chapter 6)

The Louisiana Department of Revenue, Office of Alcohol and Tobacco Control, pursuant to the emergency rulemaking authority granted by R.S. 49:953(B) of the Administrative Procedure Act (R.S. 49:950, et seq.) and the specific rule making authority granted by R.S. 3:1483, hereby adopts the following Emergency Rule for the protection of public health. The effective date of this Rule is upon signature, August 1, 2019.

The revisions include: (1) changing the required date for an existing business which desires to have industrial hemp-derived CBD products on their premises to apply for a CBD retail permit from August 1, 2019 to September 1, 2019; (2) changes to ensure retail applicants and permit holders understand that it is the manufacturer’s duty to register and obtain label approval for industrial hemp-derived CBD products; (3) providing for the expiration date of March 31, 2020 for initial temporary CBD permits; (4) removing the fee for CBD wholesale permits and providing for the expiration date of July 31, 2020 for initial temporary CBD permits; (5) removal of the staggered expiration and renewal dates for CBD retail permits and providing for all to expire on March 31 of each year; (6) removal of the staggered expiration and renewal dates for CBD wholesaler permits and providing for all to expire on July 31 of each year; and (7) clarifying that the civil penalties provided for in section 613 are at the discretion of the Commissioner and in lieu of the criminal penalties provided for by R.S. 3:1485; (8) allows for applicants to apply for CBD permit if they were convicted of a certain felonies with completion of final sentence two years before the date of application; (9) reduces the amount of civil penalties; (10) allows for CBD Owner Training to be valid for two years; (11) removing the limitation on special event permits.

The Louisiana Department of Revenue, Office of Alcohol and Tobacco Control, finds it necessary to make immediate changes to the Louisiana Administrative Code given the need for regulation of industrial hemp-derived CBD products for consumption and topical use as defined under the provisions of Act No. 164 of the 2019 Louisiana Legislature. The following regulations will give the ATC the ability to properly license and regulate the retail sale of industrial hemp-derived CBD products for consumption and topical use, which will affect the health of Louisiana citizens and give the commissioner of the Office of Alcohol and
Tobacco Control the ability to make critical decisions that protect human health. This Rule creates §601 through §619 to address retail CBD licensure, permitting, and related matters since this is not addressed otherwise by existing law or regulation.

This Rule shall have the force and effect of law upon signature and will remain in effect 120 days, unless renewed by the commissioner of alcohol and tobacco control or until permanent rules are promulgated in accordance with law.

No person who so informs the commissioner shall be discriminated against by an applicant or licensee because of supplying such information.
K. All licensees and any other persons who have been found suitable in accordance with the provisions of this Section shall maintain suitability throughout the term of the license.

§607. Misstatement or Suppression of Fact

The commissioner or her agent may inspect any place of business where industrial hemp-derived CBD products are offered for wholesale and/or retail sale to the public and she or her agent may examine, at all reasonable hours, the books, records, and other documents of all CBD retail and wholesale permit holders.

B. No person shall refuse to allow, on demand, the commissioner or her agent to make a full inspection of a place of business where industrial hemp-derived CBD products are offered for wholesale and/or sale to the public, nor shall any person refuse to allow, on demand, the commissioner or her agent to examine and audit the books and records of any business where industrial hemp-derived CBD products are offered for wholesale and/or sale to the public, nor shall any person in any way hinder or prevent such an inspection or audit.

C. §613. Administrative Hearings and Penalties
A. Any person who violates any of the provisions of this chapter or the provisions of R.S. 3:1481 et seq.; or who alters, forges, or counterfeits, or uses without authority any permit, license, or other document provided for in this chapter, who operates without a permit, or who fails to collect or to timely pay the assessments, fees, and penalties due or assessed pursuant to this chapter or R.S. 3:1481 et seq., shall be subject, in addition to any unpaid assessments, late fees, or collection costs, to a civil penalty of not more than three hundred dollars for each act of violation and for each day of violation. Each day on which a violation occurs shall constitute a separate offense.

B. At the discretion of the commissioner and in lieu of the criminal penalties provided for by R.S. 3:1484, any licensee who violates any of the provisions of this chapter may be subject to having his permit suspended or revoked, in addition to any other penalties authorized herein or by law.

C. At the discretion of the commissioner and in lieu of the criminal penalties provided for by R.S. 3:1485 and in
lieu of suspension, revocation, or probation, whoever violates the provisions of this chapter shall be fined as follows.

1. On a first offense, the offender shall be fined not more than $300.

2. On a second offense that occurs within three years of the first offense, the offender shall be fined not more than $1,000 and/or have its permit suspended.

3. On a third offense that occurs within three years of the first offense, the offender shall be fined not more than $5,000 and/or have its permit suspended or revoked.

4. On a fourth offense that occurs within three years of the first offense, the offender shall have its permit revoked.

D. Any fine imposed upon any permittee or the revocation or suspension of a permit is in addition to and is not in lieu of or a limitation upon any other penalty imposed by law and not contained in this Chapter.

E. The procedure for the suspension or revocation of permits shall be substantially as follows.

1. The commissioner may have periodic examinations made of the business of all persons holding permits under this Chapter. If a violation of any provision of this Chapter or of the law is observed, the commissioner may give the permittee a written warning. If the permittee has been previously warned or if the violation is of a sufficiently serious nature, the commissioner may instruct any agent or employee of the commissioner to prepare and file, upon information and belief based upon the facts in hand, a petition for suspension or revocation of the permit, setting forth the facts and circumstances of the violation, and shall thereupon summon the permittee to appear and show cause why the permit should not be suspended or revoked.

2. The secretary of the Department of Revenue, municipal authorities, sheriffs, and other law enforcing officers may have periodic investigations made of the business of all permittees within their respective jurisdictions. If any violation of any provision of this Chapter or of any law is observed, such authorities may give the permittee a written warning. If the permittee has been previously warned or if the violation is of a sufficiently serious nature, they shall file an affidavit with the commissioner, setting forth the facts and circumstances of the violation. Thereupon, the commissioner shall summon the permittee to appear and show cause why his permit should not be suspended or revoked.

3. Any person may file with the commissioner or with the municipal officers or parish authorities a sworn petition requesting that a permit be suspended or revoked. If the petition is filed with the local authorities, they shall immediately transmit it to the commissioner. When such a petition is received by the commissioner, she shall summon the permittee to appear and show cause why her permit should not be suspended or revoked.

4. No such petition shall be considered by the commissioner unless sworn to by the petitioner in an affidavit which also affirms that the petitioner, together with witnesses, if any, will appear at the hearing to establish the allegations of the petition, and unless the petition sets forth facts constituting a cause or causes enumerated in or authorized by this Chapter for the suspension or revocation of a permit.

5. If the agency finds that public health, safety, or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. These proceedings shall be promptly instituted and determined.

F. No permit shall be withheld, suspended, or revoked except for causes specified in this Chapter. If a person holds more than one permit and any one of them is suspended or revoked, the commissioner may suspend or revoke all of his permits.

G. Conviction by a court of violation of the provisions of this Chapter is not a condition precedent to the refusal, suspension, or revocation of a permit under this Chapter for a violation of any of the provisions of this Chapter or the law. When there has been a previous criminal prosecution for the same or similar act upon which the refusal, suspension, or revocation of a permit is being considered, evidence of a conviction or an acquittal in a court of competent jurisdiction shall be admissible in a proceeding before the commissioner. The commissioner shall withhold, suspend, or revoke permits for violations of this Chapter, regardless of any prosecution in the court or of the result of any such prosecution.

H. When a permit is revoked for any legal cause, the commissioner may, at the same time, order that no state or local permit shall be issued covering the same premises until two years after the date of revocation.

I. Whenever the commissioner is to hold a hearing pursuant to the provisions of this Chapter, she shall issue a written summons or notice thereof to the applicant or permittee, directing her to show cause why her permit should not be suspended or revoked. The notice or summons shall state the time, place, and hour of the hearing, which shall be not less than ten nor more than thirty calendar days from the date of the notice. The notice or summons shall enumerate the cause or causes alleged for suspending or revoking the permit. All notices or summonses shall be either delivered to the applicant or permittee in person or sent by certified mail to the applicant or permittee and directed to him at the mailing address as given in his last application for the permit. When so addressed and mailed, notices or summonses shall be conclusively presumed to have been received by the applicant or permittee.

J. Hearings by the commissioner shall, in her discretion, be held either at the agency headquarters in Baton Rouge, the agencies New Orleans’ office, in the parish in which the licensed premises in question is located, or at another location designated by the commissioner.

K. To the extent practicable, the commissioner may authorize the use of teleconference, video link, or other visual remote communications technology for the conducting of any hearing pursuant to the following requirements.

1. Prior to authorizing the use of teleconference, video link, or other visual remote communications technology for the conducting of any hearing, the commissioner shall provide the permittee with written notice of his intent to do so. The notice shall be sent by certified mail to the permittee at the address of his place of business as given in his application for the permit and shall be sent not less than ten nor more than thirty calendar days from the scheduled
hearing date. When so addressed and mailed, the notice shall be conclusively presumed to have been received by the permittee.

2. Any party objecting to the commissioner’s authorization of the use of teleconference, video link, or other visual remote communications technology to conduct all or any portion of any authorized hearing shall provide the commissioner with written notification of the objection at least five days prior to the scheduled hearing date. Upon receipt of any objection, the commissioner shall not allow the use of teleconference, video link, or other visual remote communications technology to conduct any portion of the hearing for which a proper objection was raised. Failure of a permittee to object in writing within at least five calendar days prior to the scheduled hearing date shall conclusively constitute a waiver of any objections.

3. Any use of teleconference, video link, or other visual remote communications technology for the conducting of any hearing shall be done in real-time.

L. Hearings may be held by the commissioner or by any person designated and authorized by the commissioner. If the hearing is to be held by a person designated by the commissioner, that person shall take an oath for the faithful performance of his duties. The oath may be administered by anyone qualified by law to administer oaths in this state. The commissioner, or the person designated to hold a hearing, may administer oaths, issue subpoenas for the attendance of witnesses and the production of books, papers, accounts, and documents, and examine witnesses and receive testimony at the hearing.

M. If a person fails to comply with a subpoena issued by the commissioner or by any duly authorized person holding the hearing or if a witness refuses to testify in any matter regarding which he may be lawfully interrogated, the person conducting the hearing shall adjudge him guilty of contempt and may fine him not more than one hundred dollars or imprison him for not more than thirty days, or both. The sheriff of the parish in which the hearing is held shall execute the judgment of contempt.

N. If a permittee or applicant who has been notified of a hearing does not appear, the hearing may proceed without her and the commissioner may consider and dispose of the case, but in all cases the commissioner, upon application or ex proprio motu, may grant continuances from time to time. If the continuance be granted to a fixed future date by written consent or in the presence of the permittee, applicant, or his counsel, no further notice of the hearing date need be given. In all other cases the same notice of hearing as in original hearings shall be given.

O. In determining cases involving the suspension or revocation of permits, if the commissioner finds that the violation is of a minor nature, or that there are extenuating circumstances, or that there are reasonable grounds to expect that the permittee will not again violate any of the provisions of this Chapter, the commissioner may suspend the permit for such time as she thinks proper. If the permittee has previously been fined or had a permit suspended or revoked, or if the violation is flagrant or serious, the commissioner may revoke the permit or permits and shall immediately notify the state and local authorities of this action. When the commissioner either suspends or revokes a permit, all permits to deal in industrial hemp-derived CBD products as herein defined and all similar local permits are ipso facto suspended or revoked without action on the part of state or local governing authorities. The commissioner shall retain jurisdiction to re-open cases at any time upon petition or ex proprio motu, and for good cause shown may modify, revise, or reverse her former findings and decisions, and all such re-opened cases shall be heard and determined under the same rules of procedure as original cases.

P. In hearings of the commissioner which finally result in withholding the issuance of a permit or in suspending or revoking a permit, the commissioner shall assess the costs of the hearing to the applicant or permittee. The costs are recoverable by the commissioner in any appellate proceeding instituted by the applicant or permittee or in any other judicial proceeding.

Q. Decisions of the commissioner in withholding, suspending, or revoking permits and of local authorities in withholding permits are final and binding on all parties unless appealed in the manner provided in section R below and finally reversed by the courts.

R. Any party aggrieved by a decision of the commissioner to withhold, suspend, or revoke a permit or of the local authorities to withhold a permit may, within ten days of the notification of the decision, take a devolutive appeal to the district court having jurisdiction of the applicant’s or permittee’s place of business, proposed or actual as the case may be. Such appeals shall be filed in the district courts in the same manner as original suits are instituted therein. The appeals shall be tried de novo. Either party may amend and supplement her pleadings and additional witnesses may be called and heard. When there has been a previous criminal prosecution for the same or similar act upon which the refusal, suspension, or revocation of a permit is being considered, evidence of a conviction or acquittal in a court of competent jurisdiction is admissible in the trial of the appeal. Within ten calendar days of the signing of the judgment by the district court in any such appeal case, the commissioner or the applicant for a permit or permittee, as the case may be, may devolutilvly appeal the judgment to the appellate court of proper jurisdiction. These appeals shall be perfected in the manner provided for in civil cases and shall be devolutive only. If the district court determines that the decision of the commissioner or of the local authorities in withholding, suspending, or revoking the permit was in error, the decision of the commissioner or local authorities shall not be voided if the commissioner or local authorities take an appeal to the court of appeals in the time provided for suspensive appeals.

S. All proceedings in the district and appellate courts arising under this Part are civil in nature and shall be heard summarily by the court, without a jury, shall take precedence over other civil cases, and shall be tried in chambers or in open court, in or out of term.

T. The courts of this state shall have jurisdiction to issue restraining orders and writs of injunction restraining the commissioner as provided in the constitution, but no writ or order shall issue before a decision has been made by the commissioner either withholding the application for a permit, or suspending or revoking a permit under the provisions of this Chapter.

§615. CBD Owner Training

A. A CBD retail permittee must complete the free ATC online CBD education training course within 30 days after receiving their CBD retail permit. All individuals completing CBD education training shall receive a certificate of completion evidencing their training which shall be valid for two years. CBD retail permittee employees who may be called upon to sell or serve industrial hemp-derived CBD products to consumers at retail may voluntarily complete the ATC online CBD education training. Individuals who maintain current valid non-expired certificate of CBD education training and the permittee they are employed by may receive a warning in lieu of penalties for a first offense violation of a CBD/hemp product sale to a minor.

B. For such events, this office may issue a special temporary CBD retail permit to existing CBD retail permit holders authorizing the sale of industrial hemp-derived CBD products that have been registered and had their labels approved by the Louisiana Department of Health at the special event for a maximum duration of three consecutive days only, but wholesalers may deliver products to the event up to two days prior to the effective date of the permit.

DECLARATION OF EMERGENCY

Wildlife and Fisheries Commission

Eagle Lake Crappie Length and Creel Regulations
(LAC 76:VII.198)

There is a 30 fish, 11 inch minimum total length limit on black and white crappie at Eagle Lake in Madison Parish, Louisiana. The current regulation expires on October 1, 2019. The Inland Fisheries Division of the Department of Wildlife and Fisheries (DWF) received results and recommendations from the Eagle Lake crappie population assessment and angler opinion survey conducted by the Mississippi Department of Wildlife, Fisheries, and Parks (MDWFP) on June 3, 2019. Upon evaluation, DWF recommends removing the expiration date and making the current regulation permanent.

The Wildlife and Fisheries Commission finds that imminent peril to the public welfare requires adoption of a Rule upon shorter notice than that provided in R.S. 49:953(A), since the current regulation will expire before a Notice of Intent could be finalized, resulting in disparate regulations on a single waterbody with no physical means of identifying the state boundary. Failure to take emergency action would subject Louisiana residents to potential criminal action due to more liberalized limits on the Louisiana portion of Eagle Lake from October 1, 2019 until a final Rule could be adopted. This Emergency Rule shall take effect October 1, 2019 and shall remain in effect for the maximum period allowed under the Administrative Procedure Act (120 days), or until adoption of a final Rule to permanently establish compatible size and creel limits for crappie on Eagle Lake, whichever occurs first.

In accordance with the emergency provisions of R.S. 49:953(B) of the Administrative Procedure Act, and under the authority of R.S. 56:6(25)(a), R.S. 56:325(C) and R.S.
56:326.3, the Wildlife and Fisheries Commission hereby declares:

Title 76  
WILDLIFE AND FISHERIES  
Part VII. Fish and Other Aquatic life  
Chapter 1. Freshwater Sport and Commercial Fishing  
§198. Crappie Regulations - Eagle Lake  

A. The recreational daily limit and total length limit for black crappie (Pomoxis nigromaculatus) and white crappie (Pomoxis annularis) on Eagle Lake located east of the Mississippi River in Madison Parish, Louisiana shall be as follows:

1. The recreational daily creel limit shall be thirty (30) fish, in the aggregate.
2. The minimum total length limit shall be eleven (11) inches.

B. This rule will remain effective provided identical minimum total length limit and daily creel regulations set by the Mississippi Wildlife, Fisheries and Parks Commission are effective on the Mississippi portion of Eagle Lake; otherwise the statewide crappie regulations will be effective on the Louisiana portion of Eagle Lake.

DECLARATION OF EMERGENCY  
Department of Wildlife and Fisheries  
Wildlife and Fisheries Commission  
Fall Inshore Shrimp Season Opening Dates

The Wildlife and Fisheries Commission received information regarding biological sampling for white shrimp in state inshore waters. The Department of Wildlife and Fisheries (LDWF) provided the Commission with data that projected the date when white shrimp will reach marketable size. After considering biological information and public input, the Commission took action to set the fall shrimp season within state inshore waters. Notice of any opening, delaying or closing of a season by the Wildlife and Fisheries Commission will be made by public notice at least 72 hours prior to such action.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), (11), and (15), 17:7(6), 17:10, 17:22(6), 17:391.1-391.10, and 17:411.

§910. Suspension and Revocation of Certificates due to Professional License/Certificate Censure

A. A Louisiana teaching certificate may be suspended and or revoked if an educator is found to have had a professional license/certificate related to the area of certification denied, suspended, revoked, or voluntarily surrendered.

B. The department will verify prior to determining that an educator has had a professional license/certificate censured. Upon confirmation of the information, the department will notify the educator in writing that the certificate has been suspended pending official board action per revocation proceedings.

1. Such records review will be limited to the issue of whether or not the professional license/certificate has been censured. The educator must provide the board with any documentation that will refute the findings of the department investigation.

C. The committee of the board will make a recommendation to the full board, based on documentation received from the department and the educator, whether the teaching certificate should be revoked. The decision of the board will be transmitted to the local school board and to the affected educator.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6.

§911. Issuance or Renewal of Certificates—Standards for Effectiveness

A. A Louisiana educator certificate shall be issued or renewed in accordance with LAC 28:CXLVII (Bulletin 130), R.S. 17:3886, and R.S. 17:3902 upon demonstration that the standard for effectiveness, as determined by the board, has been met for three years during the initial or renewal validity period of the certificate.

B. A Louisiana educator certificate shall not be issued or renewed if the educator demonstrates that the standard for effectiveness, as determined by the board, has not been met for three years during the validity period of the certificate.
unless evidence of effectiveness is received from the LEA, through an appeal, that justifies the issuance of a certificate. 

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), (11), and (15), 17:7(6), 17:10, 17:22(6), 17:391.1-391.10, and 17:411.

§913. Reinstatement of Suspended or Revoked Certificates

[Formerly §911]

A. Reinstatement will never be considered for an educator who has been convicted of a prohibited criminal offense as defined in §904.A.3 of this Chapter. 

B. Reinstatement of a certificate will not be considered until at least five years have elapsed from the date of entry of final conviction, submission of fraudulent documentation, the date of investigation results regarding the participation in cheating, or professional license/certificate censure as noted in §905.B of this Part, which resulted in certification suspension and/or revocation. 

C. An applicant may apply to the board for reinstatement of a Louisiana teaching certificate under the following conditions:

1. There have been no further convictions, submission of fraudulent documentation, investigations regarding participation in cheating, or professional license/certificate censure as noted in §905.B of this Part.

2. In criminal cases, there has been successful completion of all conditions/requirements of any parole and/or probation. The applicant must provide relevant documentation and a current state and FBI criminal history background check from the Louisiana State Police that is clean and clear and evidence that there has been successful completion and relevant documentation of all conditions/requirements of any parole and probation. 

3. The local governing authority submits an appeal, justifying the issuance of a certificate, on behalf of an educator who has failed to meet the standards for effectiveness in accordance with LAC 28:CXLVII, Bulletin 130—Regulations for the Evaluation and Assessment of School Personnel.

D. Applicant Responsibilities

1. Contact the office of the Board of Elementary and Secondary Education and request a records review for reinstatement of the certificate.

2. Provide each applicable item identified in Subsection C of this Section, evidence that all requirements for certification have been successfully completed and further documentation evidencing rehabilitation. The applicant is recommended to provide letters of support from past/present employers, school board employees and officials, faculty, and administrative staff from the college education department, law enforcement officials, or from other community leaders.

E. Board of Elementary and Secondary Education Responsibilities

1. The board will consider the request for reinstatement and documentation provided. The board is not required to conduct a reinstatement records review and may summarily deny a request for issuance/reinstatement.

2. If the board or its designees decide to conduct a reinstatement records review, board staff will notify the applicant of a date, time, and place when a committee of the board will consider the applicant’s request. Only the written documentation provided prior to the records review will be considered.

3. The board reserves the right to accept or reject any document as evidence of rehabilitation and the right to determine if adequate rehabilitation has occurred and will itself determine if and when an applicant is eligible for reinstatement of a teaching certificate.

4. In accordance with R.S. 42:17(A)(1), the board may meet in executive session for discussion of the character, professional competence, or physical or mental health of a person.

5. The board may deny any request for issuance by any applicant who:
   a. failed to disclose prior criminal convictions or expungements;
   b. falsified academic records;
   c. has been found to have participated in cheating in the administration of standardized tests;
   d. received further criminal convictions or participated in cheating; or
   e. failed to meet the standards for effectiveness outlined in LAC 28:CXLVII, Bulletin 130.

6. The committee of the board will make a recommendation to the full board regarding whether the teaching certificate issued to the applicant should be issued, reinstated, suspended for an additional period of time, or remain revoked. Board staff will notify the applicant of the board action.

7. The action of the board is a final decision and can only be appealed to a court of proper jurisdiction in accordance with law.

F. Certification may be reinstated provisionally for a period of 90 days and pending ratification by BESE via a records review process and contingent upon the following:

1. the felony conviction occurred more than 10 years prior;

2. there are no additional convictions or repeat offenses; and

3. conviction does not involve violence, sex, children, or any other crime outlined in R.S. 15:587.1.

G. An educator meeting criteria for provisional reinstatement will be issued a certificate, appropriate to the credentials of the educator, and valid for a period of 90 days from the date of reinstatement. The provisional reinstatement is subject to the ratification of the board at the next convening meeting of BESE. If a forthcoming records review is not ratified by the board, certification will be suspended and revoked.

H. Convictions for crimes of violence or crimes outlined in R.S. 15:587.1 must be considered on appeal directly to BESE and are not eligible for provisional reinstatement and board ratification.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), (11), and (15), 17:7(6), 17:10, 17:22(6), 17:391.1-391.10, 17:411, and 42:17.

Board of Elementary and Secondary Education

Bulletin 996—Standards for Approval of Teacher and/or Educational Leader Preparation Program

Teacher Preparation Performance Profile Implementation Timeline (LAC 28:XLV.403 and 409)

Under the authority granted in R.S. 17:6 and in accordance with R.S. 49:950 et seq., the Administrative Procedure Act, the Board of Elementary and Secondary Education has amended Bulletin 996—Standards for Approval of Teacher and/or Educational Leader Preparation Program. The amendments are related to the teacher preparation performance profile implementation timeline. They provide that the performance profiles for each approved preparation provider will be published beginning winter 2020-2021, instead of winter 2019-2020. This Rule is hereby adopted on the day of promulgation.

Title 28
EDUCATION

Part XLV. Bulletin 996—Standards for Approval of Teacher and/or Educational Leader
Preparation Programs

Chapter 4. Teacher Preparation Program
Accountability and Renewal of Teacher Preparation Program Approval

§403. Teacher Preparation Quality Rating System
Participation and Performance Profile
Implementation Timeline

A. In accordance with LAC 28:XLV.101, beginning December 2017, the process for ongoing approval of teacher preparation programs will be replaced with a uniform process that applies equally to university and non-university providers.

B. Prior to fall 2018, the LDE will review this Chapter and recommend revisions to BESE as necessary and as based on findings from the design phase, and in consultation with the BOR and K-12 and higher education experts.

C. The 2017-2018 academic year will be a research phase for the teacher preparation quality rating system. Performance measures and processes will be piloted and studied. Evaluation tools, including a framework for on-site review, will be developed and reviewed by experts to ensure suitability for use in the teacher preparation quality ratings system. If produced, individual provider performance profiles will not be published.

D. Beginning with the 2018-2019 academic year, a provider that does not participate in the quality rating system or any component thereof will have approval terminated.

E. The 2018-2019 and the 2019-2020 academic years will be a learning phase for all BESE-approved teacher preparation providers. There will be no consequences for teacher preparation providers as a result of performance profiles or quality rating during the learning phase. Performance profiles for the 2018-2019 and 2019-2020 learning phase will be publicly available in 2020-2021 and will clearly indicate that the performance profile is informational and assigned during a learning phase.

F. The 2020-2021 academic year will be the first year of the initial two-year renewal cycle.

G. For providers that achieve initial approval after September 1, 2018, the renewal cycle will begin on September 1 of the year directly following BESE approval.

H. Beginning winter 2020-2021, the LDE will annually produce and make publicly available on its website a performance profile for each approved preparation provider. LDE will biennially produce and make publicly available on its website a quality rating for each approved preparation provider. The quality rating will not be used to make judgments about renewal of preparation program approval until winter 2022-2023.

I. Beginning with ratings assigned in winter 2022-2023, Louisiana teacher preparation quality rating system results will serve as the basis for preparation program renewal. The renewal cycle will be two years. The renewal cycle will be four years for teacher preparation providers that receive a level 3 or higher, contingent upon maintaining a level 3 or higher as reported on the next performance profile.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(10), 17:7(6), and 17:7.2.

§409. Performance Profiles

A. The LDE will develop and make publicly available a performance profile for each approved preparation provider beginning winter 2020-2021, and every winter thereafter. The performance profile will include a quality rating as provided for in LAC 28:XLV.405, including the scores and measures contributing to that quality rating, and informational metrics as provided for in LAC 28:XLV.411.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(10), 17:7(6), and 17:7.2.

RULE

Department of Environmental Quality
Office of the Secretary
Legal Affairs and Criminal Investigations Division

Incorporating Test Results
(LAC 33:III.523 and 537)(AQ382)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary has amended the Air regulations, LAC 33:III523.A and LAC 33:III.537.A (AQ382).
This Rule amends Louisiana General Condition I to 1.) specify that if testing reveals emissions are greater than those allowed by a permit, an application to modify the permit must be submitted no later than 90 days after the permittee receives the final test results; 2.) clarify that discovery of excess emissions does not necessarily compel the permittee to suspend operations of the subject emissions unit(s), provided the excess emissions do not cause an emergency condition and the permittee reports the excess emissions in accordance with applicable regulations; and 3.) reaffirm that noncompliance with any term or condition of a permit constitutes a violation and is grounds for enforcement action.

This Rule also aligns the deadline to submit an application to modify a permit where required by LAC 33:III.523.A with that proposed for Louisiana General Condition I (i.e., 90 days after the permittee receives the final test results.)

Louisiana General Condition I of LAC 33:III.537.A requires a permittee to submit an application to modify its permit if “emissions are determined to be greater than those allowed by the permit (e.g., during the shakedown period for new or modified equipment) or if proposed control measures and/or equipment are not installed or do not perform according to design efficiency.” However, General Condition I is silent with respect to when any such application must be submitted. This Rule will specify that the application to modify the permit must be submitted no later than 90 days after the permittee receives the final test results.

In addition, this Rule clarifies that discovery of excess emissions does not necessarily compel the permittee to suspend operations of the subject emissions unit(s), provided the excess emissions do not cause an emergency condition and the permittee reports the excess emissions in accordance with applicable regulations. However, neither the submittal of an application to modify the permit nor the reporting of excess emissions precludes the department from taking appropriate enforcement action, as noncompliance with any term or condition of a permit constitutes a violation of LAC 33:III.Chapter 5, the Louisiana Environmental Quality Act, and, if the term or condition is federally enforceable, the Clean Air Act. See, for example, LAC 33:III.501.C.4, LAC 33:III.507.B.2, and Louisiana General Condition II of LAC 33:III.537.A.

A similar provision, LAC 33:III.523.A, also addresses the incorporation of test results into a permit where such results indicate that the terms and conditions of the permit are inappropriate or inaccurate, but only where the testing is “required or approved by the permitting authority.” In order to maintain consistency with General Condition I, LAC 33:III.523.A will be amended to require the requisite permit amendment or modification to be submitted within 90 days of obtaining the relevant test results. The basis and rationale for this Rule are to amend Louisiana General Condition I as described above and to align the deadline to submit an application to modify a permit where required by LAC 33:III.523.A with that proposed for Louisiana General Condition I (i.e., 90 days after the permittee receives the final test results.) This Rule meets an exception listed in R.S. 30:2011(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required. This Rule is hereby adopted on the day of promulgation.

<td>I. Permits are issued on the basis of the emissions reported in the application for approval of emissions and in no way guarantee that the design scheme presented will be capable of limiting the emissions to the type and quantities stated. Failure to install, properly operate, and/or maintain all proposed control measures and/or equipment as specified in the application and supplemental information shall be considered a violation of the permit and LAC 33:III.501. If the emissions are determined to be greater than those allowed by the permit (e.g., during the shakedown period for new or modified equipment, during a performance test, or during testing conducted for any other purpose) or if proposed control measures and/or equipment are not installed or do not perform according to design efficiency, an application to modify the permit must be submitted no later than 90 days after the permittee receives the final test results. Discovery of excess emissions does not necessarily compel the permittee to suspend operations of the subject emissions unit(s), provided the excess emissions do not cause an emergency condition, as defined in LAC 33:III.3905.A and the permittee reports the excess emissions in accordance with LAC 33:II.Chapter 39. Part 70 General Condition B of LAC 33:III.535, Louisiana General Condition XI of LAC 33:III.537, LAC 33:III.919, and LAC 33:III.5107, as applicable. Noncompliance with any term or condition of the permit shall constitute a violation of LAC 33:III.501 and shall be grounds for enforcement action. All terms and conditions of the permit shall remain in effect unless and until revised by the permitting authority.</td>

RULE  
Office of the Governor  
Board of Pardons  

Clemency and Parole (LAC 22:V.205 and XI.504, 701, 705, 707, 1101, 1103, and 1105)  

In accordance with the provisions of the Administrative Procedure Act (R.S. 49:950), the Board of Pardons and Parole has amended its Rules of LAC 22:V.205. To address changes to RS 15:572.4 this Rule change establishes a system to handle clemency applications to open at the end of a gubernatorial term. LAC 22: XI: 504, 701, 705, 707, 1101, 1103, 1105 and 1109. This Rule expands the ability to rescind parole decisions and grant rehearing and expands board discretion dealing with the consideration of offenders with disciplinary issues who would generally not be considered a good risk for early release. The employment plan is no longer a mandatory part of the parole plan or interstate compact application, although they will still be considered by the board if submitted. New felony convictions moving forward will result in an automatic revocation. The use of violation reports has been discontinued and it has been replaced by the activity report. This Rule is hereby adopted on the day of promulgation.

Part XI. Committee on Parole  

Chapter 5.  Meetings and Hearings of the Committee on Parole  

§504.  General Procedures  
   A.  Minutes of Public Meetings and Hearings  
   1.  At public meetings and hearings, detailed minutes indicating time of commencement, persons present, adoption of previous minutes, motions and seconds, and time of adjournment shall be recorded and maintained by the board staff member so designated by the chairman.  
   2.  The board's minutes of public meetings and hearings shall include the following information as applicable:  
      a.  name and Department of Corrections (DOC) number of the offender;  
      b.  name of counsel representing the offender (an offender docketed for a public hearing may be represented by counsel);  
      c.  the vote of each member; and  
      d.  the decision of the board  
   B.  Votes  
   1.  The vote of each panel member shall be recorded by name and date on the vote sheet.  
   2.  Only those members present shall vote; voting by proxy is prohibited.  
   3.  No vote shall be taken while the panel is in executive session.
4. The panel shall not rescind the original vote without conducting a new hearing, except as provided in §505.L, §513.A.1-3, and §711.

5. The original vote sheet shall remain in the inmate's DOC file and a copy shall be attached to the minutes and maintained in a separate locked file in the committee office.

C. Accuracy of Vote. The chairperson of the panel shall ensure that support staff reviews case records subsequent to voting to assure the accuracy of all documents.

D. Continuance/Recess. A majority vote is required to continue or recess a meeting or hearing. Generally, the matter will be rescheduled for the next month, but may be rescheduled for an earlier date if deemed appropriate by the panel (see §514, Voting/Votes Required).

E. Executive Session. A panel may go into executive session to discuss each offender's case prior to a decision pursuant to the provisions of R.S. 42:6, 42:6.1 and 15:574.12. No vote shall be taken while the panel is in executive session.

F. Observance of Proceedings. The committee may extend invitations to individuals to observe committee proceedings.

G. Testimony. The committee may direct questions to and/or request statements from anyone appearing before the committee.

H. Children Under 12. It is generally inappropriate for children under the age of 12 years, except when the child is a victim and chooses to appear, to be present during any public meeting or hearing of the committee.

I. Space and Security. The number of people supporting or opposing the granting of parole, including victims and/or family members of victims will be limited only by space and security considerations.

J. Meeting/Hearing Schedule. The chairman shall be responsible for schedules of business meetings and public hearings.

1. Such schedules may be changed, only upon prior notice, provided that such changes are made in a timely manner in order to notify all concerned.

2. Such meetings may be rescheduled without notice due to inclement weather, or any other emergency or unforeseen situation.

K. Rescinding Board Decisions

1. Upon notification by the secretary of the Department of Public Safety and Corrections that an offender has violated the terms of work release granted under §311 or has engaged in misconduct prior to the inmate's release, the committee may rescind its decision to grant parole. In such cases, the offender shall promptly receive another parole hearing.

2. If it is determined prior to an offender’s parole release that proper notification requirements were not met, the board may rescind its decision to grant parole.

3. If the board rescinds its decision to grant parole, the offender shall promptly receive another parole hearing.

HISTORICAL NOTE: Promulgated by the Office of the Governor, Board of Pardons, Committee on Parole, LR 41:44 (January 2015), amended LR 45:1063 (August 2019).

Chapter 7. Parole Decisions

§701. Policy Statement

A. It shall be the policy of the committee to give every offender meaningful consideration for parole. The committee will exercise its discretionary releasing authority based upon consideration of the unique factors and variables of the individual case. The committee shall determine release suitability of eligible offenders through decisions that promote fairness, objectivity, and public safety and are responsive to the concerns of victims, members of the community, and other persons within the criminal justice system.

B. The committee shall consider all pertinent information (pre-parole investigation and institutional record) at least six months prior to the offender's parole eligibility date. The information shall be a part of the offender's consolidated summary record. At a minimum, a pre-parole investigation shall be made available to the panel for its review. No case may be considered for parole release without a pre-parole investigation.

C. The panel shall apply the following guidelines as a basis, but not as the exclusive criteria, upon which parole panels base parole release decisions.

1. Nature and Circumstances of the Crime

a. The committee will evaluate and consider the circumstances of the crime based upon the official version of the offense, as well as the victim's and offender's versions of the offense, to determine, if possible, whether the particular conditions that contributed to the commission of the crime are likely to reoccur.

b. The committee shall also consider the seriousness of the offense, the offender's role in the offense and the degree of his involvement, whether the offender was the instigator of the crime, and whether the crime was premeditated.

c. Particular consideration will be given to those cases which involved the use of a weapon and/or caused injury to the victim; where the offender committed one or more violent acts indicating a conscious disregard for the lives, safety, or property of others; or the instant offense has elements of brutality, violence, or conscious selection of victim's vulnerability such that the offender poses a continuing threat to public safety.

2. Prior Criminal Record

a. The committee will evaluate and consider any available prior adult and/or juvenile records and the number and seriousness of prior convictions including the length of time between any prior convictions and the commitment of the instant offense to determine the seriousness of the offender's prior criminal history.

b. A pattern of repeated criminal episodes or a pattern of similar offenses may indicate a predisposition to commit criminal acts upon release and the likelihood that the offender will not succeed on parole.

c. The committee may also consider whether the instant offense was committed while the offender was on probation or parole, and the offender's response to prior community supervision, if any.
3. Character, Social Background, and Emotional and Physical Condition
   a. The committee will evaluate and consider information pertaining to the offender's attitude while incarcerated, including the offender's participation in available programs and his overall compliance with institutional regulations.
   b. A history of chronic drug and alcohol abuse may evidence the likelihood that the offender will not succeed on parole.

4. Institutional Adjustment
   a. The committee will evaluate and consider information concerning the offender's attitude while incarcerated, including the offender's participation in available programs and his overall compliance with institutional regulations.
   b. Obedience to institutional rules may evidence that the offender will comply with parole conditions, while a disciplinary record consisting of major and/or minor infractions may be viewed negatively.
   c. Offenders with one or more high court disciplinary report(s) in the 12 months prior to screening for parole eligibility, would generally not be considered a good risk for early release and will, therefore, not be given parole consideration until such time as the offender has been disciplinary report free for 12 consecutive months. Offenders may be removed from a parole docket if they receive a high court disciplinary report during the investigation period.
      i. The offender may request reconsideration of this decision in writing. Such request must include any mitigating factors that the offender wishes be considered during the review process.
      ii. The offender will be notified if they are not considered for placement on or removed from a docket.
      iii. The offender is responsible for notifying the board in writing when they are disciplinary report free for 12 consecutive months to be reconsidered for scheduling.
   d. Offenders assigned to working cellblock or disciplinary detention/extended lockdown or otherwise assigned to cellblock areas for disciplinary reasons would generally not be considered a good risk for early release and will, therefore, be ineligible for parole consideration until such time as the offender has not been in lockdown status for a period of six months.

5. Police, Judicial and Community Attitudes toward the Offender
   a. The committee will evaluate and consider information concerning the offender from the community and public officials who are acquainted with the case.
   b. This factor is given greater weight because the probability that an offender will succeed on parole is greatly diminished if he will return to a community which has expressed hostility toward him and is lacking support for him.
   c. Effective August 1, 2018, victims of any offender who appears before the Committee on Parole for a parole hearing may provide the parole panel a re-entry statement to request proximity or contact restrictions, if that offender is granted parole. Victims must submit the re-entry statement to the Committee on Parole at least 60 days prior to the offender’s scheduled parole hearing. The committee will consider the re-entry statement only for the purpose of determining the offender’s parole conditions and not for the purpose of determining whether to order the release of the offender on parole. The re-entry statement is not binding on the Committee on Parole, but shall be considered in concert with other information when determining conditions of parole.
   d. Evidence of official and/or community support may increase the likelihood of parole.

6. Parole Plan
   a. The committee will evaluate and consider the strength of the offender's social ties, including whether he has a supportive family, resources available to him in the community, and employment opportunities.
   b. The committee will place emphasis on the appropriateness of the parole plan; therefore, it is important for the offender to have secure employment plans and a stable living arrangement available upon parole.
   c. Lack of an acceptable parole plan may decrease the likelihood of parole.

7. Program Participation. The committee will evaluate and consider an offender's participation in vocational training, adult education, or reading programs as well any treatment or rehabilitation program that has been certified by the department. Such participation is considered beneficial.

8. Risk Assessment
   a. All Offenders. The committee will consider the risk assessment score provided by the Department of Public Safety and Corrections. The score is determined by a validated risk assessment instrument that has been validated for the Louisiana offender population. The assessment identifies potential risk and identifies programmatic needs of offenders utilizing two sets of components, static and dynamic factors.

§705. Application for Parole Rehearing or Request for Reconsideration of Decision

A. - C.3. …

D. Reconsideration. An offender may request that the committee reconsider its decision to deny parole as outlined herein. However, this process does not establish a formal appeal process as parole is an administrative discretionary decision that is not subject to appeal.

1. A parole panel may reconsider a decision of any parole panel at the request of the board chairman.
2. An offender whose parole is denied or rescinded, or whose parole supervision is revoked may request reconsideration by the committee.

In accordance with the Louisiana Administrative Procedure Act, R.S. 49:950 et seq., and pursuant to the authority vested in the Louisiana State Board of Medical Examiners (board) by the Louisiana Medical Practice Act, R.S. 37:1270, the board has amended its rules governing telemedicine to delete the words “in this state” from 7505C. for consistency with the law and so that, as applied, the Rule would not inadvertently prevent physicians from prescribing medication or other health care services to their patients who may be vacationing or temporarily outside of Louisiana, to the extent that such actives or practices are lawful and permitted by the medical licensing authorities in other jurisdictions. The amendment is set forth below. The Rule is hereby adopted on the day of promulgation.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Scholarship/Grant Programs

Go Youth Challenge Legislation

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

There may be an indeterminable expenditure increase for the Office of Student Financial Assistance (OSFA) GO-Youth ChalleNGe Program from the statutorily dedicated Higher Education Initiatives Fund due to increased utilization of GO-Youth ChalleNGe grants.

The proposed rule changes codify Act 402 of 2019 by extending initial eligibility deadlines, adding degree/course choices, and including Louisiana public 4-year postsecondary institutions in the program. It is anticipated that additional program choices and time to enroll will incentivize additional students to participate in this program. GO-Youth ChalleNGe Program awards are dependent upon the availability of funding and are subject to appropriation. The FY 19 appropriation of $200,000 from the statutorily dedicated Higher Education Initiatives Fund was funded via a direct transfer from SGF, and remaining funds after FY 19 will be carried forward to FY 20. It is anticipated that the carryover funding will be sufficient to cover FY 20 program expenditures. To the extent expenditures from the GO-Youth Challenge program exceed funding available from the Higher Education Initiatives Fund, additional funding through the appropriation process will be required in future fiscal years.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule changes will have no effect on state or local governmental revenues.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

The proposed rule changes will benefit students eligible for a Go Youth ChalleNGe Program award by increasing the number of eligible courses and schools they may select and increasing their initial enrollment deadlines giving them
additional time to prepare for a postsecondary education program.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT
(Summary)
The proposed rule changes will have no effect on competition and employment.

Pumpage Fees (LAC 56:V.1103)

Notice is hereby given that the Board of Commissioners of the Capital Area Ground Water Conservation District, which consists of the Parishes of Ascension, East and West Baton Rouge, East and West Feliciana, and Pointe Coupee, plan to increase the pumping charges for non-exempt ground water users (from $10 per million gallons of water pumped to $20 per million gallons of water pumped). The board has determined that this increase is necessary to fund remediation of projected saltwater intrusion into groundwater in the Capital Area. The Capital Area Groundwater Conservation District plans to install several exploratory wells 2,000 feet below the surface (2,000-foot sand) to determine the location of saltwater and the best location for a saltwater scavenger well. This action is in accordance with Louisiana Revised Statutes 38:3076(14) and 38:3079.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Pumpage Fees
I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
There will be increased expenditures of the Capital Area Groundwater Conservation District as a result of the proposed rule change which increases the District’s pumpage fee from $10 to $20 per million gallons of groundwater pumped. The increased revenue will fund remediation of saltwater intrusion into groundwater in the Capital Area. FY 20 expenditures for drilling the initial exploratory well are estimated at $328,000. Additional wells may be required in order for the District to identify the location of the saltwater plume where a saltwater scavenger well system can be installed. Future costs are indeterminable at this time and will be affected by the number of wells that must be drilled, costs of installation, annual operating and maintenance costs, the level of salt that must be disposed, and the method of disposal, which may also include land acquisition costs.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
The Capital Area Groundwater Conservation District estimates an increase of $295,588 for the period January 1, through June 30, 2020, and an estimated increase of $591,177 annually thereafter.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)
The proposed rule change results in an additional charge of $10 per million gallons of groundwater pumped for the 58 users, including municipalities and industries in Ascension, East Baton Rouge, East Feliciana, Pointe Coupee, West Baton Rouge and West Feliciana.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
There is no estimated effect on competition and employment as a result of this rule change.

NOTICE OF INTENT
Office of the Governor
Department of Veterans Affairs

Commission; Educational Aid; Veterans Homes; Assistance Fund (LAC 4:VII.Chapter 9)

Under the authority of R.S. 29:252-261, 288-290, 295, 381-391, R.S. 36:781-787, and R.S. 46:121-123, and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950, et seq., the secretary gives notice that rulemaking procedures have been initiated to amend Department of Veterans Affairs regulations, LAC 4:VII.901-990.

These updates, the repeal of Section 941, and adoption of Section 990 are being proposed to bring the Louisiana Administrative Code rules related to the Department of Veterans Affairs in line with updates enacted to statutes since 2012, the last time that the Department of Veterans Affairs promulgated new rules. These proposed updates will include allowing the secretary to have the ability to waive certain fees related to state veterans homes and cemeteries only in very unusual financial hardship circumstances demonstrated by veterans or their dependents. The repeal of one Section is being proposed because the Department of Veterans Affairs no longer uses domiciliary resident fees under the updated U.S. Department of Veterans Affairs veteran benefits structure.

These proposed updates concern the Veterans Affairs Commission (LAC 4:VII.902 and 907), State Educational Aid Program (LAC 4:VII.917, 919, 921 and 923), Veterans Homes (LAC 4:VII.937, 939, 942 (proposing repealing), 945, 947, 949, 951, 951, 955), and Military Family Assistance Fund (LAC 4:VII.961, 965, 967, 969, 973, 977, and 987). LDVA is proposing one new rule, (LAC 4:VII.990) to provide for fees charged under R.S. 29:295, related to state veterans cemeteries.

The veteran must be recommended by the home administrator and approved for admission.

B. …

C. The veteran must undergo a medical examination prior to admission and, as a result, it must be confirmed that he/she does not have a communicable disease, does not require medical or hospital care for which the home is not equipped to provide, and does not have violent traits which may prove dangerous to the physical well-being of the other residents or employees.

D. …

E. The veteran, or party responsible for his/her financial matters, must agree to pay the full resident care and maintenance fee. The administrator, with authorization from the secretary, may waive or defer any charge that exceeds the veteran's income.

F. An applicant for admission to the veteran home must not have criminal charges pending against him/her.

AUTHORITY NOTE: Promulgated in accordance with R.S. 29:254.

§939. Care and Maintenance Fees

A. Care and maintenance fees will be based on total family income. This includes income from all sources (including but not limited to Social Security, United States Department of Veterans Affairs pension/compensation, private pension, account balances and interest from bank accounts or savings accounts, and/or interest bearing accounts/investments).

B. In no case will the fee charged to the resident be more than the actual cost of care, as determined by the secretary.

§941. Domiciliary Resident Fees

Repealed.

§945. Mandatory Election for Benefits
A. Residents must apply for all monetary benefits to which they may be entitled from both the state and federal government. Any increase, as a result thereof, must be applied to care and maintenance fees until maximum cost of care is reached.

§947. Fee Payable in Advance after Admission

Residents will not be charged care and maintenance fees for periods of hospital confinement in excess of 10 days unless they desire that a bed be held until they return. For periods of leave from the home, care and maintenance fees are payable as arranged with the home administrator or his designee. Residents who are unable to pay charges in advance will be allowed to prorate the advance month fee over a 12-month period, until the month of entry fee is current.

§949. Fees Adjusted
A. Care and maintenance fees will be adjusted when it has been established that there is a change in the veteran's total family income. The home reserves the right to obtain updated income information from the resident or his/her responsible party (signed authority at admission by patient, and/or responsible party, or any other source). The home also reserves the right to establish retroactive charges effective to the date a change of income occurs.

§951. Additional Fees
A. In addition to the regular care and maintenance fees collected, if less than the maximum monthly amount, and the patient has an accumulation of funds, either through additional recurring income or through one or more deposits into bank or savings accounts, in excess of $500, if single, and $7,500, if married, the patient resident will be assessed an amount that would bring his care and maintenance fees up to the maximum allowable per month until their funds are reduced to the above stated balance.

§953. Home Administrator Authority When Incorrect Income Given
A. The home administrator, when provided incorrect total family income information, will avail himself of all state laws to recoup all monies that should be made available to the home for care and maintenance fees, retroactive to the time that these monies became available for the resident’s use while he/she was residing at a Louisiana state veterans’ home.

§955. Unusual Financial Circumstances
A. All residents at a veterans home who feel they have unusual financial circumstances/hardships can request relief and consideration of a waiver or deferment of care and maintenance fees. Residents may apply for this consideration through the home administrator. All requests must include documentation demonstrating the financial circumstance or hardship claimed. The home administrator will forward the request, with an appropriate recommendation, to the secretary for approval or disapproval.

B. All waivers or deferments that are in force will be re-evaluated annually on anniversary month. The home administrator will make a report of re-evaluation, with recommendations on each case, to the secretary for further consideration.

Family Impact Statement

1. The Effect on Stability of the Family. The proposed updates to these rules are being proposed to bring LDVA’s LAC rules in line with updated statutes enacted since 2012, when LDVA last promulgated new rules. Within these updates and one proposed new rule, LDVA is seeking to expressly allow waivers of fees, only as approved by the LDVA Secretary in very unusual financial hardships for veterans seeking certain specific services at the state veteran homes and cemeteries. In these particular cases, this may help stabilize families in financial crisis at a critical time in their lives. In addition, updates to the Military Family Assistance Fund rules to bring the rules in line with updated statutes also assist in providing financial security for veterans’ families at difficult times when need-based timely financial assistance may be given to those families.

2. The Effect on Early Childhood Development and Preschool through Postsecondary Education Development. None.

3. The Effect on Employment and Workforce Development. None.

4. The Effect on Taxes and Tax Credits. None.

5. The Effect on Child and Dependent Care, Housing, Health Care, Nutrition, Transportation, and Utilities Assistance. None.

6. The Effect on the Ability of the Family or a Local Government to Perform the Function as Contained in the Proposed Rule. None.

Small Business Analysis

The proposed Rule should have no adverse impact on small businesses as defined in the Regulatory Flexibility Act.

Provider Impact Statement

1. The Effect on the Staffing Level Requirements or Qualifications Required to Provide the Same Level of Service. None. These rules updates are simply being proposed to bring LDVA’s LAC rules in line with statutory updates enacted since 2012, the last time that LDVA promulgated new rules.

2. The Total and Direct Effect on the Cost to the Provider to Provide the Same Level of Service. None.

3. The Overall Effect on the Ability of the Provider to Provide the Same Level of Service. None.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Commission; Educational Aid; Veterans Homes; Assistance Fund

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There are no anticipated implementation costs or savings to the Department of Veterans Affairs (LDVA) or local governmental units. The proposed rule change brings the Louisiana Administrative Code rules in line with updates enacted to the statutes since 2012; the last time that LDVA promulgated new rules. The department has been following statutes and Federal Regulations and these changes codify that practice.

The proposed changes to the State Educational benefits for the children or surviving spouse or a service member of a veteran under certain circumstances; child applications must also meet the dependence requirements of the United States Department of Veterans Affairs. Changes to the Requirements for Veterans’ Homes repeal domiciliary resident fees and revise the waiver option requested for all residents who feel they have unusual financial circumstances or hardships. New language authorizes the Secretary to provide fee waivers for Veterans’ Cemeteries for family members with unusual financial circumstances or hardships. The changes include clarifications to the Military Family Assistance Program Fund (MFA) eligibility, application, and award process to reflect the current statute allowing all veterans to receive assistance from the MFA.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule change is not anticipated to have any impact on the revenues of LDVA as the changes regarding fee waivers and MFA is current practice.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

 Changes reflect economic benefits for certain veterans or their families as a result of the revisions to certain fees and the ability to claim hardship waivers as well as to the Military Family Assistance Program. However, these benefits are already reflected in current practice.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There is no estimated effect on competition and employment as a result of the rule change.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Fees

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
There are no estimated implementation costs or savings to the Department of Natural Resources or local governmental units as a result of the proposed rule changes. Revisions include: changes in the definition to the BOE (annual barrels oil equivalent) from 18.0 to a calculation based on the most recent 3 year average of the cost of oil and gas; adds Surface Mining definitions; replaces the capable oil and gas tiers with a definition; adds a Surface Mining Reclamation Fee of $6 an acre pursuant to Act 105 of 2019; and changes the severability and effective date of the General Operations Statewide Order No. 29-R which establishes the schedule for the collection of application, production, and regulatory fees by the Office of Conservation. Increased fee revenue will provide a means of financing substitution for ongoing activities currently funded with surface mining fees and other dedicated funds which serve as a match to federal funds and supports the activities of the Office and three personnel. The agency will retain the maximum revenue caps authorized by R.S. 30:21 et seq.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
The proposed rule change will add a $6 per acre fee on each acre of land included within the approved mine permit area. Revenues generated are based upon the total permitted acreage in lignite mines, which is currently 37,678 acres. At $6 per acre this will generate $226,068 in fee collections for FY 20. This revenue is expected to decrease by 5% each year as the fee is based on total acreage. As mines close and acreage is reclaimed there is less total acreage to assess. The increase will serve to offset declining revenue from the surface mining fee.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)
Surface Mining operators will experience an increase in fees assessed. Initial increases are projected at $226,000 for the first year with declining costs in the future as a result of anticipated reduction in total acreage assessed.
IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT
(Summary)

The proposed rule change is not anticipated to have an
impact on competition and employment in the public and
private sector.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES

RULE TITLE: Fireworks

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS

The proposed rule changes will not result in implementation costs or savings to state or local governmental units. The proposed Rule is in relation to public fireworks displays, Class C pyrotechnic operator training and certification requirements, adoption of the National Fire Protection (NFPA) standard code for fireworks display and requirements for inspection of portable fire extinguishers maintained on certain premises storing fireworks. Modification is necessary to allow for Class C operators to have standardized and consistent training and certification and to ensure the utmost safety to the public when attending a fireworks display or retail location.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS

The proposed rule changes will have a nominal effect on revenue collection of state or local governmental units in that it may result in an increase in the collection of state revenue (not local) of less than $1,000 per year. The cost for a Class C Pyrotechnic Operator License is $50 per year. So far this year only 4 licenses have been issued. The Louisiana State Fire Marshal estimates that no more than 20 to 30 licenses per year will be issued.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS

The proposed rule changes will allow an individual to acquire a Class C Pyrotechnic Operator License to conduct 1.4G public fireworks displays on behalf of public entities. The cost of the Class C Pyrotechnic Operator license is $50 per year. Individuals may realize economic benefits in the form of compensation for operating public fireworks displays, but the impact is undeterminable.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT

The proposed rule changes will have a nominal effect on competition and employment initially, but should the popularity of Class C public fireworks displays expand, a correlating increase in competition and employment may occur. The proposed rule changes allow persons to obtain a Class C
Pyrotechnic Operator License to conduct only Class C (1.4G) fireworks displays sanctioned by public entities after applicants successfully pass a training course that accentuates the handling of 1.4G fireworks only. The proposed rule changes do not permit the use of the more complex, commercial-grade 1.3G fireworks by Class C pyrotechnic operators.

Suspensions shall not exceed 30 days, except as provided for in R.S. 49:961(C). Violations of these rules or the Towing and Storage Act during the suspension or a violation of the terms of the suspension shall result in an automatic separate suspension of the storage license. The suspension of a storage license may also be imposed when a towing or storage facility fails to meet the requirements for the issuance of a storage license.

6. Effective December 1, 2019, the revocations of a storage license may be imposed when a storage facility has been issued three or more suspensions.

B. Administrative Hearings

1. A tow truck owner or tow truck operator or a storage facility owner or operator may submit a written request for an administrative hearing within 45 calendar days of the issuance of the initial notice of violation, suspension or revocation.

2. Hearing requests shall be adjudicated in accordance with the Administrative Procedure Act.

3. Failure to submit a written request to the department for an administrative hearing within 45 days from the date of the initial notice of violation, suspension, or revocation; or requesting a hearing, being notified by mail and failing to appear at the scheduled hearing date and location shall constitute a default and the violations, suspension or revocation shall become finally affirmed.

4. In such cases, on or after the forty-sixth day the department shall inform the responsible party by first class mail of the conviction and that he has 30 days from the date of this notice to pay the penalty or the Office of Motor Vehicles shall suspend his driver’s license and/or vehicle registration. Suspending the vehicle registration shall mean any registration transaction, including renewal, may be denied.

5. For the purpose of this Part, removal from the Louisiana State Police tow truck rotation list shall not constitute a department action subject to review under Subsection B of this Section. Placement on the Louisiana State Police rotation list is a privilege, not a right. Any tow truck owner may submit a written appeal to the region major requesting a review of an investigation and/or suspension. Review hearings will be held within 10 business days, after a request is made.

C. Forfeiture of Claims

1. Any person who fails to comply with any provision required by these rules and regulations shall be subject to the forfeiture of all claims for monetary charges relating to towing, recovery and storage of the respective vehicle(s), including, but not limited to, the imposition of administrative penalties.

D. Recovery of Administrative Penalties

1. The department in an attempt to recover administrative penalties, may, at its discretion:
   a. order the removal of the offending vehicle’s license plate or request the Office of Motor Vehicles (OMV) deny the renewal of the offending vehicle’s registration, or both:
      i. a tow truck license plate removed or denied renewal pursuant to this Part may only be reinstated upon receipt of payment of fines and fees owed the department;
   b. recommend the suspension or deny the renewal of a responsible party's driver license, or both:
      i. a driver license suspended pursuant to this Part may only be reinstated upon receipt of payment of fines and fees owed the department;
   c. order the vehicles of responsible parties not registered in Louisiana be seized until outstanding fines and fees are paid.

2. These actions are not punitive and used only as a mechanism to garner payment of monies lawfully owed the department.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Towing, Recovery, and Storage

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The proposed rule change will not result in any costs or savings to state or local government units. The proposed rule change codifies Act 103 of the 2019 Regular Legislative Session by repromulgating the fine schedule for towing violations, and amending the conditions for suspensions or revocations of a storage license.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule change will restore SGR collections for the Office of State Police. OSP historically received approximately $80,000 in annual fines issued to towing and storage facilities. On November 7, 2018, the First Circuit Court of Appeal ruled in Mid-City Automotive, L.L.C. vs. State of LA, Department of Public Safety and Corrections, Office of State Police that these fines were unconstitutional because the fines did not have a maximum in statute. The proposed limit of $500 is not anticipated to impact total fines collected because over the last five years OSP has not issued a fine above $500. This impact statement reports a revenue increase because OSP was temporarily unable to levy and collect fines for violation of the La. Towing and Storage Act until a maximum fine was placed in statute in Act 103 of 2019. However, total revenues are not anticipated to exceed those projected prior to cessation of fines as a result of the Court of Appeal ruling in November 2018.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

The proposed rule change will have a minimal effect on costs or economic benefits incurred by directly affected persons or non-governmental groups. The fine schedule will remain the same. The proposed conditions for suspension and revocation of a storage license will have an indeterminate effect on towing and storage facilities depending on those entities’ compliance or noncompliance with relevant administrative rules and regulations. The department does not anticipate a significant change in suspensions or revocations as a result of the proposed rule changes.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The proposed rule change will not affect competition and employment.

NOTICE OF INTENT

Department of Revenue
Policy Services Division

Prescription of Refunds Claimed Pursuant to the Federal Combat-Injured Veterans Tax Fairness Act of 2016 (LAC 61:1.4914)

Under the authority of R.S. 67:123(G) and in accordance with the provisions of R.S. 47:1511 and in accordance with the provisions of R.S. 47:1623(G) and the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Revenue, Policy Services Division, proposes to adopt LAC 61:1.4914.

The primary purpose of this proposed regulation is to implement R.S. 47:1623(G), which was enacted by Act 367 of the 2019 Regular Session of the Louisiana Legislature.
Title 61
REVENUE AND TAXATION
Part I. Taxes Collected and Administered by the Secretary of Revenue
Chapter 49. Tax Collection

A. General. R.S. 47: 1623(G) provides for an extension of the prescriptive period applicable to certain individual income tax refunds. Taxpayers who received a federal income tax refund pursuant to the Combat-Injured Veterans Tax Fairness Act of 2016 are entitled to an extension of prescription on the corresponding Louisiana income tax refund. The extension of prescription only applies to refunds allowed pursuant to the Combat-Injured Veterans Tax Fairness Act of 2016.

B. Combat-Injured Veterans Tax Fairness Act of 2016. On December 16, 2016, the President signed the Combat-Injured Veterans Tax Fairness Act of 2016 into law as Public Law 114-292. Public Law 114-292 provides an extension of the federal statute of limitations for refunds of income tax erroneously paid on lump-sum disability severance payments made by the U.S. Department of Defense. For tax years 1991 through 2016, the Department of Defense erroneously withheld income tax from lump-sum disability severance payments that are exempt from federal income tax pursuant to Section 104(a)(4) of the Internal Revenue Code.

1. Erroneous Withholding. Federal income tax was erroneously withheld from the following Department of Defense payments:
   a. lump-sum disability severance payments for combat-related injuries; and
   b. lump-sum disability severance payments that would qualify as disability compensation from the Department of Veterans Affairs.

2. Required Notice. Public Law 114-292 requires the Department of Defense to provide notice to affected taxpayers whose exempt payments were subjected to erroneous withholding.

3. Federal Extension. Public Law 114-292 provides an extension of the three-year period for claiming a tax refund pursuant to Section 6511(a) of the Internal Revenue Code. The extension is one year after the date the required notice is provided to the taxpayer.

4. Amended Return or Standard Refund Amount
   a. Pursuant to IR-2018-148, the Internal Revenue Service allows affected taxpayers, including the surviving relative of a deceased taxpayer, the option of either:
      i. filing an amended federal income tax return for the tax period in which the lump-sum disability severance payments were received to remove the exempt income from gross income; or
      ii. claiming a standard refund amount.
   b. The standard refund amounts are as follows:
      i. $1,750 for tax years 1991 through 2005;
      ii. $2,400 for tax years 2006 through 2010;
      iii. $3,200 for tax years 2011 through 2016.

C. Louisiana conformity with federal adjusted gross income. Pursuant to R.S. 47:293(1), Louisiana adjusted gross income means the adjusted gross income that is reportable on the federal income tax return. Thus, lump-sum disability severance payments that are exempt from federal income tax pursuant to Section 104(a)(4) of the Internal Revenue Code are likewise exempt from Louisiana income tax. Because Louisiana conforms to federal adjusted gross income, exempt lump-sum disability severance payments that were included in a taxpayer’s federal adjusted gross income were by default also included in Louisiana adjusted gross income.

D. Prescription of Refunds. Act 367 of the 2019 Regular Session of the Louisiana Legislature enacted R.S. 47: 1623(G), which provides for an extension of the prescriptive period applicable to certain refunds of Louisiana individual income tax. If a taxpayer receives a federal individual income tax refund pursuant to the Combat-Injured Veterans Tax Fairness Act of 2016, prescription is extended for the corresponding Louisiana income tax refund.

1. Length of Extension. The prescriptive period does not expire until after two years from the date of the taxpayer’s receipt of the U.S. Department of Defense notice issued pursuant to the Combat-Injured Veterans Tax Fairness Act of 2016. The U.S. Department of Defense notice is deemed to be received on the last day of the month that is printed on the notice. For example, if the date of the U.S. Department of Defense notice is July 20, 2018, then the taxpayer has until July 31, 2020 to request a refund. Taxpayers that did not receive a U.S. Department of Defense notice but received a federal refund pursuant to the Combat-Injured Veterans Tax Fairness Act of 2016 have until July 31, 2020 to request a Louisiana refund.

2. Amended Return or Standard Refund Amount
   a. Pursuant to R.S. 47: 1623(G), eligible taxpayers have the option of either:
      i. filing an amended Louisiana individual income tax return (Form IT-540) for the tax period in which the lump-sum disability severance payments were received to remove the exempt income from adjusted gross income, or
      ii. claiming a standard refund amount by submitting a completed Form R-6185, Individual Income Tax Refund Claim Pursuant to the Federal Combat-Injured Veterans Tax Fairness Act of 2016. However, taxpayers are required to make the same election as was made for federal purposes except as provided in paragraph E. For example, if a taxpayer elected to claim the standard refund amount for federal purposes, the taxpayer is required to claim the standard refund amount for Louisiana purposes.
   b. The Louisiana standard refund amounts are as follows:
      i. $326 for tax years 1991 through 2002;
      ii. $592 for tax years 2003 through 2008;
      iii. $543 for tax years 2009 through 2010;
      iv. $637 for tax years 2011 through 2016.

3. Interest. The general provision on interest on refunds provided by R.S. 1624(A)(1) shall apply to refunds issues pursuant to R.S. 47: 1623(G). Pursuant to R.S. 1624(A)(1), interest is allowed on refunds from ninety days after the later of the due date of the return, the filing date of the return or claim for refund on which the overpayment is claimed, or the date the tax was paid.

E. Documentation Required. Taxpayers must attach a copy of the federal form 1040X and a copy of the Department of Defense notice (Letters 6060-A and 6060-D) or other documentation required by the IRS for taxpayers.
that did not receive a Department of Defense notice. For the 1991 through 2003 tax periods, taxpayers filing an amended Louisiana individual income tax return (Form IT-540) must attach a copy of the original Louisiana individual income tax return (Form IT-540). Taxpayers who are unable to provide a copy of their original Louisiana return are required to claim the standard refund amount for Louisiana purposes.

F. Survivors of Deceased Veterans. Survivors of veterans who received notice from the Department of Defense that their relative qualified for a tax refund due to the Combat-Injured Veterans Tax Fairness Act of 2016 may submit a claim for refund. Survivors have the option of either filing an amended individual income tax return (Form IT-540) or claiming a standard refund amount. Survivors must also file Form R-6642, Statement of Claimant to Prescription of Refunds Claimed pursuant to the federal Injured Veterans Fairness Act of 2016. Many veteran unknowingly reported such payments as income and the statute of limitations to amend such returns, typically three years from the due date of the return, has prescribed. To resolve this issue of prescription, the Act provides that qualifying veterans who reported such payments as income may request a refund by amending their state return or claim a standard refund amount.

Implementation costs to the Department of Revenue (LDR) are for computer system modification to issue the standard refund amount, and taxpayer’s inquiries. These costs are relatively small and will be absorbed in LDR’s current appropriation.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The estimated exposure to state revenue collections is a decrease of approximately $1.2 million. There would be no effect on revenue collections of local governmental units.

III. ESTIMATED COSTS AND/or ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

The taxpayer will incur the cost of completing a claim form and providing copies of documentation, but the costs are estimated to be minimal.

The taxpayer will receive the economic benefit of the refund received, which can range from $326 to $637.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The taxpayer will incur the cost of completing a claim form and providing copies of documentation, but the costs are estimated to be minimal.

The taxpayer will receive the economic benefit of the refund received, which can range from $326 to $637.

Many veterans unknowingly reported such payments as income and the statute of limitations to amend such returns, typically three years from the due date of the return, has prescribed. FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Validation and Notice of Local Taxing Authority Sales and Use Tax Exemptions and Exclusions

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)
The purpose of this rule is to require local taxing authorities to validate optional sales and use tax exemptions and exclusions adopted by such authorities and to provide written notice of future changes to such exemptions and exclusions to the Uniform Electronic Local Return and Remittance Advisory Committee. Louisiana Revised Statute 47:337.2 was enacted to benefit both taxpayers and local tax collectors by promoting uniformity to the extent possible in the assessment, collection, administration, and enforcement of the sales and use taxes imposed by taxing authorities and, by compiling them, making them readily available in one place in the revised statutes. The section of law affected by this rule is applicable to local sales tax law and should not affect state sales and use tax practices. The Department of Revenue does not anticipate any implementation costs or savings as a result of this proposed rule. Local taxing authorities will incur some, likely minor, costs associated with compiling, updating, and transmitting the lists of optional sales and use tax exemptions and exclusions to the Advisory Committee.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)
There is no anticipated direct material effect on state or local revenues as a result of this measure.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)
There are no estimated costs to the taxpayers responsible for paying the local sales and use tax imposed by the local taxing authorities. Taxpayers affected by the proposed rule may benefit by an indeterminable amount because of receiving accurate information pertaining to all applicable sales and use tax exemptions and exclusions applied on the local level.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)
No effect on competition or employment is anticipated by this proposal.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES

RULE TITLE: Removal of Abandoned Crab Traps

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

There are no anticipated implementation costs or savings to the Department of Wildlife and Fisheries or local governmental units as a result of the proposed rule change. The proposed rule change would prohibit the use of crab traps in portions of ten parishes at different periods in February and March 2020. The proposed rule would establish four area closures in February banning the local use of crab traps in portions of Jefferson, Orleans, and Saint Tammany parishes (February 3 through February 16, 2020), portions of Jefferson, Lafourche, and Plaquemines parishes (February 3 through February 16, 2020), portions of Cameron Parish (February 10 through February 19, 2020), and portions of Iberia and Vermilion parishes (February 10 through February 23, 2020). It would establish two closures in March prohibiting the local use of crab traps in portions of Orleans, Saint Bernard, Saint Tammany, and Terrebonne parishes between March 2 and March 15, 2020.

The proposed rule changes would also mandate the removal of crab traps from the designated areas by trap owners prior to the closures and authorizes the Louisiana Department of Wildlife and Fisheries (LDWF) or their designees, during the closure, to remove any crab traps within the closed area and transport them to designated disposal sites. LDWF will not incur additional costs in order to remove crab traps prior to these closures.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule changes is not anticipated to have any impact on the revenues of the state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

Crab fishermen who utilize the areas proposed for closure will experience lost fishing time during the designated period and encounter additional costs to temporarily remove their traps. These crab fishermen must either move their traps to open fishing areas or remove their traps from the water for the duration of the closure. Traps that are not removed from waters in the closed areas within the allotted time will be destroyed, potentially creating an additional cost to replace the traps for noncompliant fishermen.

Local seafood dealers, processors and consumers may experience a slight decrease in the availability of fresh crabs during the closures, resulting in a slightly higher price for fresh crabs in the short term. However, the crab resource will not be lost or harmed in any way and will be available for harvest when the closed area is reopened.

The removal of abandoned crab traps should provide improved fishing and reduced fishing costs for recreational saltwater fishermen, commercial fishermen and individuals who operate vessels within the designated areas by reducing encounters with abandoned traps that often result in lost fishing time and damage to the vessel’s lower unit or fishing gear. The removal of abandoned crab traps will reduce the mortality of and injuries to crabs and by-catch that become ensnared and die in these traps, benefiting crab harvesters.

The overall impact of the proposed area closure is anticipated to be minimal because the closure would occur during the time of the year with lowest harvests and adjacent waters will remain open for crab fishermen to continue to fish.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There will be a negligible effect on competition and employment as a result of the rule change, waters adjacent to the closure area will remain open for crab harvest and fishermen who fish during this time period are expected to relocate their traps to these areas.

Orphaned Oilfield Sites

Office of Conservation records indicate that the Oilfield Sites listed in the table below have met the requirements as set forth by Section 91 of Act 404, R.S. 30:80 et seq., and as such are being declared Orphaned Oilfield Sites.
The Trustees have conducted a Natural Resource Damage Assessment (NRDA) for the June 12, 2005 crude oil discharge into Breton Sound, Plaquemines Parish, Louisiana incident. Hess Corporation (HESS) was identified as the Responsible Party for the incident.

**Summary:** Pursuant to 15 C.F.R. §890.23, 990.55 and Louisiana Administrative Code 43:XXIX, Chapter 1, notice is hereby given that a document entitled, “Final Damage Assessment and Restoration Plan/Environmental Assessment for the Breton Island 2005 Oil Spill and Restoration Project” is final and available to the public as of August 20, 2019. The Final DARP/EA identifies the natural resources and services that were determined to be injured by the incident, describes the assessment procedures used to quantify injury, outlines the scaling techniques and restoration alternative selection process, and presents the Trustees’ selected plan to restore natural resources or services equivalent to those lost as a basis for compensating the public for the injuries to natural resources resulting from the incident. The Final DARP/EA evaluates restoration alternatives that the Trustees considered and identifies the Trustees’ selected restoration alternative, which is to create Brown Pelican habitat on North Breton Island, Louisiana.

The Draft DARP/EA was available to the public for a 30-day review and comment period, which extended from May 20, 2019 through June 19, 2019. Public review of the Draft DARP/EA is consistent with all federal and state laws and regulations that apply, including Section 1006 of OPA, 33 U.S.C. §2706; the OPA regulations, 15 C.F.R. Part 990; Section 2480 of OSPRA, R.S. 30:2480; and the OSPRA regulations, Louisiana Administrative Code Title 43, Part XXIX, et. seq. The Trustees did not receive comments during the public comment period and have prepared the Final DARP/EA for implementation.

Interested members of the public are invited to view the Final DARP/EA via the internet at http://www.losco.state.la.us (look under Newsflash/current news for Breton Island 2005 Final Damage Assessment and Restoration Plan/Environmental Assessment Available) or by requesting a copy of the document from Gina Muhs Saizan at the following address:

**For Further Information:** Contact Gina Muhs Saizan at (225) 925-6606 or by email at gina.saizan@la.gov.

**Supplementary Information:** On November 20, 2006, the Trustees published a Notice of Intent in the Louisiana Register (Vol. 32, No. 11, pp. 2192-2193) to notify the public that they intended to conduct restoration planning for the incident and develop restoration alternatives that would restore, replace, rehabilitate, or acquire the equivalent of act as natural resource trustees for the recovery of damages for injuries to trust resources and services resulting from oil spill incidents in Louisiana. OPA implementing regulations may be found at 15 C.F.R. Part 990 and OSPRA regulations at Louisiana Administrative Code Title 43, Part XXIX.

natural resources injured and/or natural resource services lost as a result of the incident. In November 2018, Hess agreed to settle their NRDA liability for a cash amount, and the trustees published a Notice of Availability of a proposed Consent Decree for Natural Resource Damages in the Louisiana Register on November 20, 2018 (Vol. 44, No. 11, pp. 2094-2095). The trustees did not receive comments during the 30-day public comment period, and on March 15, 2019, the United States District Court for the Eastern District of Louisiana signed and entered the Consent Decree.
