Legal counsel to the Board was present as follows:

LOUISIANA STATE BOARD OF MEDICAL EXAMINERS

MINUTES OF MEETING
APRIL 21, 22, 2008

Judge Frederick S. Ellis
Philip O. Bergeron

1. **Minutes of March 2008.** The Board reviewed the minutes of its meeting of March 17, 2008. Motion was made by Dr. LeBlanc, duly seconded, and unanimously carried, to approve the minutes of the meetings together with the executive sessions conducted during such meeting with all necessary corrections.
2. **Confirmation of Interim Board Actions.** The Board reviewed the Interim Board Actions in the matter of Donald Peter Auzine, M.D., Ronald Dane Sylvest, M.D., and James Scott Brown, M.D., in which the Board voted to invoke the Sick Physician Statute in the matter of Donald Peter Auzine, M.D., and suspend the licenses of Ronald Dane Sylvest, M.D., and James Scott Brown, M.D. Following review and discussion, upon motion made, duly seconded and passed by unanimous voice vote, the Board affirmed the interim Board actions.
3. **Status Report on Action Items of Prior Board Meetings; Report on Assignments to Counsel.** The Board noted that all action items as assigned to staff and counsel from previous meetings had been completed. No further action was required or taken on this matter.
4. **Rules and Regulations.**
 - a. **Final Rules/Amendments: Noticed for Adoption** – None published since the last meeting of the Board.
 - b. **Rules/Amendments – Noticed for Intent - Midwifery:** The Midwifery Advisory Committee suggested a number of amendments to the Board=s midwifery rules on licensing, 46XLV.2301-2373 and practice, 46X:V.5301-5363. Members of the Committee met with the Board in 2005 to discuss their suggestions and proposed amendments. Following consideration, a Subcommittee was appointed by the Board=s President to study the suggestions and present recommendations to the Midwifery Advisory Committee and thereafter to the Board. In February 2006, the Committee provided draft recommendations to the Midwifery Advisory Committee for review and discussion. A reply to the Subcommittee=s recommendations, dated June 26, 2006, was received, and the Subcommittee met during the July 2006 meeting and accepted some of the recommendations and rejected others. A revised draft was sent to the Advisory Committee on August 8, 2006 with the request that any final modifications be received in time to place a final draft on the September 2006 agenda for the Board=s consideration. The Midwifery Advisory Committee and several individual midwives expressed concern over several areas of the proposed revisions and requested a meeting. A meeting was held between the Subcommittee and the Advisory Committee in November 2006 to discuss their concerns. A revised draft was forwarded to the Midwifery Advisory Committee in January 2007 and a reply was received accepting the changes in February 2007, but providing further recommendations on one section of the rules. A further draft to address this issue was sent to the Committee in March. Its reply was received June 4, 2007 and was disseminated to the Subcommittee for review and finalization. The Subcommittee accepted the suggested revisions contained in Kathy Acree=s letter dated

LOUISIANA STATE BOARD OF MEDICAL EXAMINERS

MINUTES OF MEETING
APRIL 21, 22, 2008

May 29, 2007. At its meeting of June 18, 2007, the Board approved the suggested changes and approved publication of a Notice of Intent to amend revisions to ' 5355 in the Louisiana Register. Following review and discussion, the Board decided to provide Notice of Intent to adopt the rule amendments which were published in the October 2007 edition of the Louisiana Register. Written comments were received with respect to the proposed amendments and following a timely request, notice of a Public Hearing was published in the November edition of the Louisiana Register. A Public Hearing was thereafter convened and held at the offices of the Board on Thursday, November 29, 2007. A summary of the comments were presented for consideration. Following review and lengthy discussion, upon motion made, duly seconded and passed by majority voice vote, the Board voted to take no further action with respect to the current rule-making efforts time. **Adjudication** - The Board directed counsel to revise its rules on adjudication (to provide for a hearing within 60 days, rather than 45, in the event of summary suspension of licensure). A draft of the proposed amendments was presented to the Board during its October meeting. Following review and discussion, the Board elected to provide Notice of Intent to adopt the proposed amendments. The rules were noticed and appeared in the December 20, 2007 edition of the Louisiana Register. Written comments were accepted until 4:00 p.m., January 14, 2008. Further activity on the rule-making effort will be in accord with the provisions of the Louisiana Administrative Procedure Act. **Physicians and Surgeons; Registered Dispensing Physicians; Licensure and Practice:** The Board determined that certain modifications to its existing rules governing registered dispensing physicians were needed generally and in particular to comply with Louisiana=s Prescription Monitoring Program legislation and the implementing rules adopted by the Pharmacy Board. Following review and discussion of the proposed changes at its October 2007 meeting, the Board elected to provide Notice of Intent to adopt the proposed amendments. They appeared in the December 20, 2007 edition of the Louisiana Register. Written comments were accepted until 4:00 p.m., January 14, 2008. Further activity on the rule-making effort will be in accord with the provisions of the Louisiana Administrative Procedure Act. **Athletic Trainers** - The Board directed the preparation of certain changes to its athletic trainers= rules to reflect elimination of the state examination and to generally update other provisions in keeping with current practices. A draft was presented to and approved by the Board=s Athletic Trainers= Advisory Committee and presented to the Board at its October 2007 meeting. Following consideration and discussion, the Board voted to provide Notice of Intent to adopt the rule amendments in the Louisiana Register. They appeared in the January 20, 2008 edition of the Louisiana Register. Thereafter, several written comments were received. Further activity on the rule-making effort will be in accord with the provisions of the Louisiana Administrative Procedure Act. **Acupuncture** - Act 452 (2007) created a category of licensee called acu detox specialists,@ whose practice is limited to the application of needles to a specific point or combination of points on the ear. Applicants must be certified by the National Acupuncture Detoxification Association and practice under the general supervision of a physician or an acupuncturist=s assistant. The law also eliminated the requirement that acupuncturist=s assistants be employed by a physician and directed the Board to promulgate rules through its Integrative and Complementary Medicine Committee (AICM@) that it deemed necessary to regulate the certification and practice of acu detox in this state. With the input of the Integrative and Complementary Medicine Advisory Committee and other interested parties, a draft was prepared and distributed at the Board=s December 2007 meeting for initial consideration and

discussion. Following review, the Board and the ICM Advisory Committee suggested that several modifications be incorporated into a final draft. The final draft was approved by the Board at its March 2008 meeting and transmitted to the *Louisiana Register* for publication. They were scheduled to appear in the April 20, 2008 edition of the *Louisiana Register*.

c. **Rules/Amendments Under Development - Respiratory Therapy.** The Advisory Committee for Respiratory Therapy prepared a number of amendments to Chapter 25 (46XLV.2501-2569) of the respiratory therapy rules (Licensure). Dr. Ferdinand, the Board=s liaison to the Committee and counsel reviewed the proposed amendments and worked with the Committee to develop a more comprehensive draft for the Board=s consideration. In December 2005 a further draft, containing additional modifications not previously addressed, was received by the Board, along with suggested revisions to the Respiratory Therapy Practice Act. Following review and discussion, the Board determined to defer the rule-making effort pending outcome of legislative consideration of the Respiratory Therapy Advisory Committee=s proposed amendments to the Act. In the interim, Dr. Ferdinand, counsel and staff met with representatives of the Advisory Committee to discuss and assist with revisions to the Respiratory Practice Act. A copy of the Committee=s suggestions for revisions was considered by the Board at its meeting of February 12, 2007. The suggestions were subsequently filed as HB 251, approved by the Legislature and signed by the Governor (Act 142). The Respiratory Therapy Advisory Committee reviewed the current respiratory therapy rules to ascertain what modifications may be needed in light of the changes to the Act and provided its recommendations for review by Dr. Ferdinand and counsel. As soon as a final draft has been prepared, it will be presented to the Board for review and discussion.

Perfusionist The Advisory Committee for Perfusionists prepared an initial draft of rules for this newly regulated category of allied health care professionals. Following Board review in January 2006, Dr. Ferdinand, Board member liaison and Board counsel met with the Advisory Committee Chair in an effort to develop a more comprehensive, focused set of rules for the Board=s consideration. A revised draft was received and is being studied. As soon as it has been refined, it will be presented to the Board for consideration.

Physicians and Surgeons - Mid-Level Providers: The Board appointed a Committee to work on the development of rules for supervision, collaboration and consultation with mid-level providers. As soon as such draft is finalized, it will be presented to the Board for consideration.

Clinical Laboratory Personnel - Following a review of its balance sheet, financial information and budgetary needs at its meeting of March 2007, the Clinical Laboratory Personnel Advisory Committee voted at its June 30, 2007 meeting to recommend that the Board accept the recommendation for a license/annual renewal fee increase of fifteen dollars (\$15.00) for all CLP licensees. At that time the Committee also voted to recommend that the Board undertake the following additional rule-making efforts: (i) to adopt staff=s recommendations to include a number of causes that may give rise to the denial, suspension, or revocation of licensure; (ii) to delete Chapter 111 of its rules so that the Board may continue to handle disciplinary proceedings relative to CLP applicants/licensees as it does for all other allied health care providers; and (iii) to eliminate certification examinations CLS-G/CLS-T offered by two organizations which, in the view of the Committee, do not provide the minimum acceptable education, clinical, employment or experience requirements requisite to licensure. The Board requested that Dr. Gage-White seek clarification on item (iii) for the military personnel, approved the Committee=s recommendations and decided to provide Notice of

Intent to adopt the rules in the Louisiana Register. The modification suggested by Dr. Gage-White is being considered by the Committee. **Physicians and Surgeons - Supervision of Unlicensed Providers** - The Board directed staff/counsel to work on the development of rules for supervision of unlicensed providers of cosmetic and other medical services. As soon as a draft is finalized, it will be presented to the Board for consideration. **Podiatry** - Act 204 (2007) expands the scope of the practice of podiatry to include treatment of the ankle, muscles, or tendons of the lower leg governing the functions of the foot and ankle by a podiatrist who has completed advanced training determined to be sufficient by the Board at a program accredited by nationally recognized associations acceptable to the Board. Implementation of the increase scope of practice must be preceded by rules promulgated by the Board that are predicated on the education or level of training, or both, of an applicant. In addition, the certificate (license) issued by the Board to a podiatrist must reflect an applicant's practice authority based on his or her level of training. With the input of the Podiatry Advisory Committee and the Louisiana Orthopedic Association, a draft of such rules was presented for consideration and discussion. Final refinements were being made to the draft, which it was anticipated final draft would be presented to the Board for consideration and discussion at its next meeting. **Physicians and Surgeons - Demonstration of Clinical Competency** - The Board directed staff/counsel to work on the development of rules for demonstration of physician clinical competency for licensure/renewal. A draft has been circulated to staff for review and comments. As soon as a draft is finalized, it will be presented to the Board for consideration. **Polysomnography** - In September 2007, the Board received a proposed draft of new rules for polysomnographers from its Advisory Committee on Polysomnography. Receipt of the draft has been acknowledged and referred to the liaison Board member and counsel for review. As soon as a final draft has been prepared, it will be presented to the Board for review and discussion. **Physician Assistants** – A draft of proposed amendments concerning the scope of practice issues relating to physician assistants was referred to the PA Advisory Committee for input. As soon as such draft is finalized it will be presented to the Board for consideration.

d. **Emergency Rules – Physicians and Surgeons – Telemedicine** – Due to the lack of sufficient number of psychiatrists and facilities available to provide mental health services to the citizens of this state, combined with advancement in technology in recent years, the Board will consider the issuance of permits that would allow board certified psychiatrists to conduct examinations by telemedicine (in lieu of in person) for the purpose of treating mental health and addiction disorders in facilities approved by the Department of Health and Hospitals (DHH) for this purpose. The Board reviewed a draft of the proposed emergency rules and upon motion made, duly seconded and passed by unanimous voice vote, approved the rules pending written request outlining necessity from the Department of Health and Hospitals.

5. Rulings and Advisory Opinions; eCleveland Clinic; Remote Second Opinion Consultation Program. The Board reviewed correspondence received from Jonathan L. Schaffer, M.D., M.B.A., Managing Director, eCleveland Clinic seeking guidance on implementation of MyConsult remote medical second opinion consultation program in Louisiana. Following review and discussion it was the consensus of the Board to inform Dr. Schaffer of the Board's long standing position that any diagnosis, prescription, recommendation or administration of treatment for or with respect to an individual who is a resident of or located in Louisiana, constitutes the practice of medicine in this state, which is unlawful in the absence of a medical license issued by the Board.

MINUTES OF MEETING

However, an exception to this position are consultations which allows a Louisiana physician the ability to obtain a true consultation (i.e., a second opinion) from an out-of-state physician provided that the Louisiana physician is personally capable of making and responsible to the patient for the primary diagnosis. As long as the Louisiana licensed physician is responsible to the patient for the second opinion provided by an out-of-state, non-Louisiana licensed physician, it is considered a consultation by the Board and would not violate the provisions of the Louisiana Medical Practice Act.

6. General Administrative Matters; Financial Reports.

Financial Statement - The Board reviewed a statement on the revenue and expenses for the period ending January 31, 2008 and approved all expenditures as noted therein. The Board also reviewed the status of investments as of January 31, 2008. The Board also reviewed a balance sheet and income statement for Clinical Laboratory Personnel for the period ending January 31, 2008, and approved all expenditures as noted therein. The Board also reviewed the status of investments for Clinical Laboratory Personnel as of January 31, 2008.

7. General Administrative Matters; President's Report. The Board received the report of the President on her activities since the last meeting of the Board. Dr. Amusa discussed correspondence she received from Michael Isabelle, M.D., requesting a waiver of the \$75.00 fee associated with the establishment of a supervising physician/locum tenens association with physician assistants. Following review and discussion, it was the consensus of the Board to deny Dr. Isabelle's request for a waiver of the \$75.00 fee for supervising/locum tenens physicians associated with physician assistants.

[8.] Professional Liability Report. On the motion of Dr. LeBlanc, the Board convened in executive session, to consider the report of Dr. Eisenhower on professional liability cases reviewed since the last meeting of the Board as matters relating to allegations of misconduct and the character and professional conduct of licensees, La. Rev. Stat. ' 42:6.1 A(4). No further action was required or taken on these matters.
