4. Advisory Committees.

Clinical Laboratory Personnel Advisory Committee.

5. GENERAL ADMINISTRATIVE MATTERS

President's Report.

Executive Director's Report.

Financial Matters.

Election of Officers

Guidance; Physicians' PGY Permits; Extracurricular Practice.

6. RULES AND REGULATIONS

a. Rules/Amendments: Physician Assistants: Act 453 (SB 115, Sen. Mills) modified the law governing physician assistants (PAs) in a number of ways and requires a rulemaking effort to conform the Board's rules to the changes. In the interim, the law as amended by Act 453 controls any disparity with the rules. The Board solicited the input of its PA Advisory Committee and the Louisiana Academy of Physician Assistants respecting the amendments made necessary by virtue of Act 453. In August 2016, the Board received a draft of the proposed amendments. Following a conference between staff and representatives of the PAAC/LAPA, it was the consensus of all to recommend further changes. At its January 2017 meeting, draft amendments were presented. Following discussion, the Board approved the suggested amendments, and authorized, with additional change to 1521B5 respecting development of an educational activity, and voted to provide *Notice of Intent* to adopt the amendments. The *Notice of Intent* appeared in the March 2017 edition of the *Louisiana Register*. A request for a public hearing was not made nor were any written comments received. Following due consideration and discussion at its May 2017 meeting, the Board voted to adopt the rule amendments in the same form as previously noticed by and upon publication in the *Register*. The amendments were published in the June 2017 edition of the *Louisiana Register*, concluding this rule-making effort.

b. Rules/Amendments Noticed for Intent to Adopt - Acupuncture: Act 550 (HB 557 Re. Jay Morris) of the 2016 Session of the Louisiana Legislature made several changes to the laws governing the practice of acupuncture in this state. The Board began a rulemaking effort to conform the Board's existing rules to the changes. In the

AGENDA

interim, the law as amended by Act 550 controls any disparity with the rules. The Board received the input of the Acupuncture Association of Louisiana and presented draft amendments at the December 2016 meeting. Following further consideration at its January 2017 meeting, the Board approved the amendments and voted to provide *Notice of Intent* to adopt the amendments in the *Louisiana Register*. The *Notice of Intent* appeared in the April 2017 edition of the *Louisiana Register*. The comment period closed May 22, 2017. No written comments were received during the comment period. In the absence of comments, the Board directed promulgation of the amendments. Accordingly, the Board voted to adopt the rule amendments in the same form as previously noticed by and upon publication in the *Louisiana Register*. It is anticipated that such amendments will be published in the July 2017 edition of the *Register*.

Athletic Trainers: The Board's Athletic Trainer Advisory Committee worked on amendments to the athletic trainer rules to conform them to the 2014 amendments to the Athletic Trainer Practice Act. The Committee's draft was received, revised and resubmitted to the Advisory Committee for any final input. An initial draft of the amendments was considered by the Board at its July 2016 meeting. Following further discussion and consideration at its August 2016 meeting, the Board approved the amendments and voted to provide *Notice of Intent* to adopt the amendments in the *Louisiana Register*. The *Notice of Intent* appeared in the March 2017 edition of the *Louisiana Register*. A request for public hearing was not received; however one commenter submitted suggestions for substantive changes for Board consideration. During the May 2017 meeting, the Board considered the comment submitted. Following due consideration and discussion, the Board decided to provide written reasons rejecting the suggestions for substantive changes, and voted to adopt the rule amendments in the same form as previously noticed by and upon publication in the *Register*. It is anticipated that such amendments will be published in the July 2017 edition of the *Register*.

Physicians; Training: During its December 2015 meeting, the Board received a further report from staff outlining the review and analysis of data which correlates a decrease in disciplinary action with an increase in post-graduate year medical education. It also discussed the PGY requirements of other state medical boards and considered the current requirements in Louisiana for both US and International Medical Graduates. Finally, it considered staff's recommendation that an increase in PGY training should result in a decrease in the amount of discipline. Following lengthy discussion and consideration, the Board asked that a draft rule be prepared for its review that would prospectively require physician applicants to complete an ACGME residency as a prerequisite to medical licensure. An initial draft was presented for review and consideration for review and consideration at its April 2016 meeting. Following further discussion and consideration at its June 2016 meeting, the Board approved the draft and voted to provide *Notice of Intent* to adopt the amendments in the *Louisiana Register*. Following further discussion and consideration at its September 2016 meeting, the Board approved the amendments and voted to provide *Notice of Intent* at its February 2017 approved additional amendments. It is anticipated that the amendments will appear in the July 2017 edition of the *Louisiana Register*.

c. **Rules/Amendments under Development:** The following rules are under consideration by the Board.

Physicians Compounding Medication: At its December 2014 and January 2015 meetings, the Board reviewed Emergency Rules adopted by the Louisiana State Board of Pharmacy to reflect certain changes in federal law concerning compounded medication. Following review and discussion, the Board elected to undertake a rulemaking effort as to physicians who compound medication in order to insure consistency with federal and state law and regulations. A draft will be

AGENDA

presented for initial review and consideration in due course. **Physician Advertising; Board Certification:** At its March 2015 meeting, the Board determined to undertake a rulemaking effort to establish a process for its approval of certifying boards, alternative to the ABMS and AOA, for purposes of physician advertising of *Board Certification*. The Board directed that a draft be prepared and presented for review and approval. In conformity with the Board's direction, a draft was presented for initial review and discussion at its April 2015 meeting. Following further discussion at its May 2015 meeting, the Board voted to provide *Notice of Intent* to adopt the amendments. An additional wording change was discussed at the September 2015 meeting and pre-notice input was received from interest parties at that time. Following review and discussion, the Board elected to defer action on this matter for at least another month to allow further consideration and input by other stakeholders. The additional information requested from interested stakeholders by the Board on certification, training and accreditation has not been received. In line with the Board's direction at its March 2016 meeting, a letter was sent to interested stakeholders requesting that they submit any additional information they may want to be considered in time for the May 2016 agenda. During its May 2016 meeting, the Board received the input of interested parties present who wished to speak on the agenda item. It also gave initial consideration to the voluminous materials submitted by various organizations and individuals. Following discussion the Board elected to defer action on the rule-making effort pending further review of the information submitted and the receipt of additional information. To that end, it also elected to designate a special committee comprised of individuals recommended by the Deans of the state's medical schools and a former Board member to provide information on the processes involved in the accreditation of physician post-graduate training. During its January 2017 meeting, the Board received the Report of the Ad Hoc Committee. Following discussion, the Board requested certain changes to the draft previously appearing on its agenda, along with additional information for its consideration. Per the Board's directions, attached are two (2) drafts amending the draft that was previously in the 2015 agenda: Draft one ((Exh. 2A) limits board approval to certifying organizations that require passage of a psychometric exam and complete ACGME training in the specialty/subspecialty; Draft two (2B) limits board approval to certifying organizations that require passage of a psychometric exam *plus* completion of ACGME/AOA training of comprehensive scope that is substantially equivalent to training required for ABMS/AOA certification in the specialty or subspecialty or for training other than ACGME, training of comprehensive scope that is substantially equivalent to that of an ACGME accredited program in the specialty or subspecialty. During its March 2017 meeting, the Board considered and discussed the two drafts of the proposed rule and received input from interested parties present. Following further discussion and consideration at its April 2017 meeting, the Board approved Draft 2A and voted to provide *Notice of Intent* to adopt the amendments in the *Louisiana Register*. **Physicians; Collaboration with APRNs:** The President of the Board directed staff to reach out to the Louisiana State Board of Nursing to address a number of issues previously identified as problematic for collaboration between physicians and advanced practice registered nurses. Representatives of the respective agencies met in December 2016 to discuss the effort, which focused on solutions within the structure of the current law. Following consideration and discussion at its May 2017 meeting, the Board voted to provide *Notice of Intent* to adopt the amendments in the *Louisiana Register*.

7. RULES AND REGULATIONS

Physicians and Surgeons; Rules on Reciprocity: A review of sections of the rules on reciprocity; follow-up.

LOUISIANA STATE BOARD OF MEDICAL EXAMINERS
July 17, 2017
AGENDA

- 8. 2017 Legislatio**
Review of Act 76 of the 2017 Regular Session of the Legislature.
