A. Acupuncture Detoxification Specialist. The board may issue an emergency temporary permit to

an acupuncture detoxification specialist, valid for a period of not more than 60 days, to provide voluntary, gratuitous acu detox services in this state during a public health emergency and for such periods thereafter as the Louisiana Department of Health and Hospitals ("DHH") shall deem the need for emergency services to continue to exist, at sites specified by DHH or approved by the board.

B. To be eligible for issuance of such a permit an individual shall:

1. hold a current, unrestricted license in good standing in another state to practice as an ADS;
2. prior to providing such services, present or cause to be presented to the board:
  - a. indisputable personal identification;
  - b. a copy of his or her license to practice as an ADS in another state or such other information as may be deemed satisfactory to the board on which to verify out-of-state licensure;
  - c. a completed application containing such information as may be required by the board; and
  - d. notification of intent to practice in a format approved by the board, signed by a physician or an AcA licensed or certified to practice in this state, who will fulfill the functions of a supervising physician or supervising AcA for an ADS as described in this Section. An individual is responsible for updating the board within 15 days should any of the information required and submitted on the applicant's notice of intent change after a temporary permit has been issued under this Section.

C. To be eligible for approval as a supervising physician or supervising AcA under this Section a physician or AcA shall:

1. possess a current, unrestricted license or certificate to practice as a physician or AcA in Louisiana; and
2. submit a completed application containing such information as may be required by the board.

D. Although a physician or AcA must notify the board each time he or she intends to undertake the supervision of an ADS under this Section, registration with the board is only required once. Notification of supervision of new or additional ADSs by a registered supervising physician or a registered supervising AcA shall be deemed given to the board upon the ADS's filing with the board of a notice of intent to practice in accordance with Subsection B of this Section.

E. The board shall maintain a list of physicians and AcAs who are registered to supervise ADSs under this Section. Each registered supervising physician and supervising AcA is responsible for updating the board should any of the information required and submitted on the physician's or AcA's application change following registration.

F. An ADS holding a permit under this Section shall practice in this state only on a voluntary, gratuitous basis, shall perform only those acupuncture services authorized by this Section, and shall practice only at sites specified by DHH or approved by the board.

G. Services performed by an ADS issued a permit under this Section shall be limited to acu detox and approved by the supervising physician or supervising AcA. Such services may be performed under the general supervision of the supervising physician or supervising AcA. All services shall be documented in written form by the ADS and available for review by the supervising physician or supervising AcA.

H. A temporary permit may be issued upon such terms, conditions, limitations or restrictions as to time, place, nature, and scope of practice as are, in the judgment of the board, deemed necessary or appropriate to its responsibilities under law. The board may, in addition, waive or modify any of the requirements of Chapters 21 and 51 of these rules, applicable to certification as an ADS, that it may deem necessary or appropriate to effectuate the purposes of this Section.

I. An ADS shall visibly display a permit issued under this Section, or such other identifying information as the board may specify, in plain view on his or her person at all times while exercising the privileges of such permit.

J. A temporary permit creates no right or entitlement to certification as an ADS or renewal of the permit after its expiration. A temporary permit shall expire and become null and void on the earlier of:

1. 60 days from the date on which it was issued;
2. a date specified on the permit less than 60 days from the date of issuance;
3. the date the ADS's term of voluntary, gratuitous service is terminated; or
4. the date on which the ADS's relationship with the supervising physician or supervising AcA identified in the notice of intent terminates.

K. The board may, in its discretion, extend or renew for one or two additional 60-day periods a permit that has expired provided that all conditions prerequisite to original issuance are satisfied.

L. Following termination of a declaration of emergency the board may issue, extend or renew a 60-day permit under this Section during such period as DHH shall deem the need for emergency services to continue to exist.

M. Acupuncturist's Assistants. The board may issue an emergency temporary permit to an acupuncturist's assistant to provide voluntary, gratuitous acupuncture services in this state during a public health emergency, and for such periods thereafter as DHH shall deem the need for emergency services to continue to exist, in accordance with §412 of this Part.
